Friday Black Nana Kwame Adjei-Brenyah, 2018 A piercingly raw debut story collection from a young writer with an explosive voice; a treacherously surreal, and, at times, heartbreakingly satirical look at what it's like to be young and black in America.

The Best American Short Stories 2019 Anthony Doerr, Heidi Pitlor, 2019-10 #1 New York Times best-selling, Pulitzer Prize-winning author Anthony Doerr brings his stunning sense of physical detail and gorgeous metaphors (San Francisco Chronicle) to selecting *The Best American Short Stories 2019*. #1 New York Times best-selling, Pulitzer Prize-winning author Anthony Doerr brings his stunning sense of physical detail and gorgeous metaphors (San Francisco Chronicle) to selecting *The Best American Short Stories 2019*. Doerr and the series editor, Heidi Pitlor, winnow down twenty stories out of thousands that represent the best examples of the form published the previous year.

The Black Fives Claude Johnson, 2022-05-24 *The Black Fives* is a groundbreaking, timely history of the largely unknown early days of Black basketball, bringing to life the trailblazing players, teams, and impresarios who pioneered the sport. "For a game that has meant so much to the world, Claude Johnson somehow presents a definitive account for a part of basketball's history that for so long was kept away from us. Claude is a superhero storyteller, and this book is a bona fide superpower." —Justin Tinsley, author of *It Was All a Dream: Biggie and the World That Made Him* From the introduction of the game of basketball to Black communities on a wide scale in 1904 to the racial integration of the NBA in 1950, dozens of African American teams were founded and flourished. This period, known as the Black Fives Era (teams at the time were often called "fives"), was a time of pioneering players and managers. They battled discrimination and marginalization and created

culturally rich, socially meaningful events. But despite headline-making rivalries between big-city clubs, barnstorming tours across the country, innovative business models, and undeniably talented players, this period is almost entirely unknown to basketball fans. Claude Johnson has made it his mission to change that. An advocate fiercely committed to our history, for more than two decades Johnson has conducted interviews, mined archives, collected artifacts, and helped to preserve this historically important African American experience that otherwise would have been lost. This essential book is the result of his work, a landmark narrative history that braids together the stories of these forgotten pioneers and rewrites our understanding of the story of basketball.

Story of an Era Told Without Ill-will M K K Nayar, 2014-02-24 The author, M K K Nayar's impressionable childhood, schooling and university years began in early 1920s - the most turbulent period of India's independence struggle. After graduating in 1940 and spending two years in Travancore Civil Service, M K K Nayar joined the Ordnance Department of British India in Hyderabad. During this phase of his career, he risked his life more than once to bring nefarious going-ons in the princely state of Hyderabad to the attention of national leaders like Sardar Vallabhai Patel and defuse conspiracies that were jeopardizing India's national interests. In 1948, M K K Nayar joined the IAS and was involved prominently in India's national development - notably in building the Bhilai Steel Plant and fertilizer plants that also seeded several other industries in the Cochin Industrial Belt, and by propagating modern agriculture throughout South India. His friendship and intimacy with national leaders like Pandit Jawaharlal Nehru, illustrious civil servants like V P Menon, industrialists like J R D Tata and innumerable opinion-leaders all over India gave him a ringside view of and insider information on some the most important and interesting episodes

of Indian history until mid 1970s. !Destiny took him to Kerala in 1959 to head India's pioneer fertilizer company, The Fertilisers And Chemicals Travancore Ltd (FACT) which he developed into a multifaceted organization that grew over twenty-fold during the decade of his tenure in it. This period that ended in 1971 also found him raising Kathakali, one of the most stylized forms of mime dance-drama from a destitute existence on the fringes of Kerala's social milieu to the forefront of international recognition. Success in everything he did even outside of his vocation, from resolving political imbroglios to promoting art and literature, took him to the forefront of life in Kerala and the national capital. Jealousies it aroused resulted in court cases being instituted against him on frivolous charges and they took 12 years for him to be fully exonerated. In that time, India lost the services of one of its ablest go-getters during what should have been his peak years. !Between June 1986 until his premature passing away in September 1987, he penned a series of articles about his life and times. It was serialized under the title of Aarodum Paribhavamillathe, Oru Kalaghattathinte Katha in the popular Malayalam weekly, Kala Kaumudi. It was later published as a book which became a big hit with Malayali readers and is printed and published even now. !M K K Nayar emphasizes that this was not an autobiography but an attempt to share without bitterness or ill-will some of his experiences and the joy, pain and terrible sadness they brought him. The renowned historian, author and academician, M G S Narayan says that M K K Nayar's 'memoirs did not get the due recognition it deserved' and acknowledges it as a 'historical chronicle of pre and post independent India'. !The book has been translated into English by Gopakumar M Nair, who was an executive of FACT during a part of M K K Nayar's tenure there. Though Gopakumar is a popular amateur writer from his college days in IIT Madras, this translation named The Story of an Era, Told Without Ill-will is his first book.

Writing History in the Global Era Lynn Hunt,2014-09-15 Leading historian Lynn Hunt rethinks why history matters in today's global world and how it should be written. Globalization is emerging as a major economic, cultural, and political force. In *Writing History in the Global Era*, historian Lynn Hunt examines whether globalization can reinvigorate the telling of history. She looks toward scholars from the East and West collaborating in new ways as they share their ideas. She proposes a sweeping reevaluation of individuals' active role and their place in society as the keys to understanding the way people and ideas interact. Hunt also reveals how surprising new perspectives on society and the self offer promising new ways of thinking about the meaning and purpose of history in our time.

The Program Era Mark McGurl,2009-08-30 In *The Program Era*, Mark McGurl offers a fundamental reinterpretation of postwar American fiction, asserting that it can be properly understood only in relation to the rise of mass higher education and the creative writing program. Capote's Women Laurence Leamer,2023-08-29 DON'T MISS FX's FEUD: CAPOTE VS. THE SWANS—THE ORIGINAL SERIES BASED ON THE BESTSELLING BOOK—NOW AVAILABLE TO STREAM ON HULU! New York Times bestselling author Laurence Leamer reveals the complex web of relationships and scandalous true stories behind Truman Capote's never-published final novel, *Answered Prayers*—the dark secrets, tragic glamour, and Capote's ultimate betrayal of the group of female friends he called his swans. There are certain women, Truman Capote wrote, who, though perhaps not born rich, are born to be rich. Barbara Babe Paley, Gloria Guinness, Marella Agnelli,

Slim Hayward, Pamela Churchill, C. Z. Guest, Lee Radziwill (Jackie Kennedy's sister)—they were the toast of midcentury New York. Capote befriended them, received their deepest confidences, and ingratiated himself into their lives. Then, in one fell swoop, he betrayed them in the most surprising and shocking way possible. Bestselling biographer Laurence Leamer delves into the years following the acclaimed publication of *Breakfast at Tiffany's* in 1958 and *In Cold Blood* in 1966, when Capote struggled with a crippling case of writer's block. While enjoying all the fruits of his success, he was struck with an idea for what he was sure would be his most celebrated novel...one based on the remarkable, racy lives of his very, very rich friends. For years, Capote attempted to write what he believed would have been his magnum opus, *Answered Prayers*. But when he eventually published a few chapters in *Esquire*, the thinly fictionalized lives (and scandals) of his swans were laid bare for all to see, and he was banished from their high-society world forever. Laurence Leamer recreates the lives of these fascinating women, their friendships with Capote and one another, and the doomed quest to write what could have been one of the greatest novels of the twentieth century.

He spent over fifty years writing his critically acclaimed eleven-volume series, *The Story of Civilization* (the later volumes written in conjunction with his wife, Ariel). What Were We Thinking Carlos Lozada, 2020-10-06 The Washington Post's Pulitzer Prize-winning book critic uses the books of the Trump era to argue that our response to this presidency reflects the same failures of imagination that made it possible. As a book critic for The Washington Post, Carlos Lozada has read some 150 volumes claiming to diagnose why Trump was elected and what his presidency reveals about our nation. Many of these, he's found, are more defensive than incisive, more righteous than right. In *What Were We Thinking*, Lozada uses these books to tell the story of how we understand ourselves in the Trump era, using as his main characters the political ideas and debates at play in America today. He dissects works on the white working class like *Hillbilly Elegy*; manifestos from the anti-Trump resistance like *On Tyranny* and *No Is Not Enough*; books on race, gender, and identity like *How to Be an Antiracist* and *Good and Mad*; polemics on the future of the conservative movement like *The Corrosion of Conservatism*; and of course plenty of books about Trump himself. Lozada's argument is provocative: that many of these books—whether written by liberals or conservatives, activists or academics, Trump's true believers or his harshest critics—are vulnerable to the same blind spots, resentments, and failures that gave us his presidency. But Lozada also highlights the books that succeed in illuminating how America is changing in the 21st century. *What Were We Thinking* is an intellectual history of the Trump era in real time, helping us transcend the battles of the moment and see ourselves for who we really are.
