A Richard Wright Bibliography Kenneth Kinnamon,Joseph Benson,Michel Fabre,Craig Werner,1988-01-13 Any future biographical work on Richard Wright will find this bibliography a necessity; academic or public libraries supporting a program of black culture will find it invaluable; and it belongs in any library supporting American literature studies. Richard Wright has truly been well served. Choice The most comprehensive bibliography ever compiled for an American writer, this book contains 13,117 annotated items pertaining to Richard Wright. It includes almost all published mentions of the author or his work in every language in which those mentions appear. Sources listed include books, articles, reviews, notes, news items, publishers’ catalogs, promotional materials, book jackets, dissertations and theses, encyclopedias, biographical dictionaries, handbooks and study guides, library reports, best seller charts, the Index Translationum, playbills and advertisements, editorials, radio transcripts, and published letters and interviews. The bibliography is arranged chronologically by year. Each entry includes bibliographical information, an annotation by the authors, and information about all reprintings, partial or full. The index is unusually complete and contains the titles of Wright’s works, real and fictional characters in the works, entries relating to significant places and events in the author’s life, important literary terminology, and much additional information.

Solo Viola Antoine Volodine,2021-05-11 A harrowing early novel by one of France’s most unusual contemporary writers At once humorous and horrifying, Solo Viola is one of Antoine Volodine’s first forays into post-exoticism. He takes the reader into a fictional world where a variety of characters collide: three prisoners just released from jail, a band of circus performers, a string quartet, a writer, and a bird. All are trying to survive in an absurd and hostile environment of authoritarian spectacle, at the mercy of a tyrannical buffoon, and seeking the strange counterbalance of hope in a viola player, whose stunning music just might save them all, if only for a moment.

Escenarios del cuerpo Francisco Ferrándiz Martín,2004-01-01 Escenarios del cuerpo propone al lector un viaje al interior de la Venezuela contemporánea a través de una serie de escenarios corpóreos que están emergiendo en las últimas décadas en el culto de posesión espiritista de Maraca Lionza. Esta conocida forma de religiosidad popular, según la tesis que se sostiene en el libro, no debe entenderse como una tradición arcaica sino como un producto de la modernidad petrolera en continuo proceso de transformación. El libro se compone de seis partes: Tiempos, Espacios, Cuerpos, Miradas, Aflicciones y Heridas. Con el fin de explorar la permeabilidad entre el espiritismo y otros campos de la realidad social, cada uno de estos escenarios plantea la discusión de límites donde Maraca Lionza se ha hecho presente en Venezuela, poniendo el énfasis en el desarrollo y consolidación histórica de una forma de estar en el mundo autónoma, de enorme intensidad sensorial y no menos capacidad crítica. El objetivo último de este ensayo es responder a la siguiente pregunta: ¿cuáles es el potencial del desciframiento de los cuerpos y las prácticas corporales en el análisis de las sociedades contemporáneas?

Oliver Loving Stefan Merrill Block,2018-01-16 A dazzling novel about love, loss, and the mysteries of the mind. — David Ebershoff, bestselling author of The Danish Girl and The 19th Wife A breathtaking tale of tragedy and redemption... A triumph — People A family in crisis, a town torn apart, and the boy who holds the secret has been cocooned in a coma for ten years. One warm, West Texas November night, a shy boy named Oliver Loving joins his classmates at Bliss County Day School’s annual dance, hoping for a glimpse of the object of his unrequited affections, an enigmatic junior named Rebekkah Sterling. But as the music plays, a troubled young man sneaks in through the school’s back door. The dire choices this man makes that evening —and the unspoken story he carries— will tear the town of Bliss, Texas apart. Nearly ten years later, Oliver Loving still lies wordless and paralyzed at Crockett State Assisted Care Facility, the fate of his mind unclear. Orbiting the stillpoint of Oliver’s hospital bed is a family transformed: Oliver’s mother, Eve, who keeps desperate vigil; Oliver’s brother, Charlie, who has fled for New York City only to discover he cannot escape the gravity of his shattered family; Oliver’s father, Jed, who tries to erase his memories with bourbon. And then there is Rebekkah Sterling, Oliver’s teenage love, who left Texas long ago and still refuses to speak about her own part in that tragic night. When a new medical test promises a key to unlock Oliver’s trapped mind, the town’s unanswered questions resurface with new urgency, as Oliver’s doctors and his family fight for a way for Oliver to finally communicate— and so also to tell the truth of what really happened that fateful night. A moving meditation on the transformative power of grief and love, a slyly affectionate look at the idiosyncrasies of family, and an emotionally-charged page-turner, Stefan Merill Block’s Oliver Loving is an extraordinarily original novel that ventures into the unknowable and returns with the most fundamental truths.

The Promise Jessica Sorensen,2015-09-15 My name is Gemma Lucas and my life’s a mess. Alex is gone, my dad’s trapped in his own mind, and my mom’s working for the dark side. Not to mention Nicholas refuses to quit haunting me. The world has also entered apocalyptic mode. Everyday more vampires, witches, and fey run the streets. Innocent people are dying. The Mark of Malefiscus is showing up everywhere. And I’m the only one who can stop it. The only problem is I have to die in order to do so. And I have to let Alex die. Something I’m not sure I can do.

Rooftop Revolution Danny Kennedy,2012-09-03 Here is the truth that the powerful Dirty Energy public relations machine doesn’t want you to know: the ascent of solar energy is upon us. Solar-generated electricity has risen exponentially in the last few years and employment in the solar industry has doubled since 2009. Meanwhile, electricity from coal has declined to pre-World War II levels as the fossil fuel industry continues to shed jobs. Danny Kennedy systematically refutes the lies spread by solar’s opponents—that it is expensive, inefficient, and unreliable; that it is kept alive only by subsidies; that it can’t be scaled; and many other untruths. He shows that we need a rooftop revolution to break the entrenched power of the coal, oil, nuclear, and gas industries Solar energy can create more jobs, return our nation to prosperity, and ensure the sustainability and safety of our planet. Now is the time to move away from the dangerous energy sources of the past and unleash the amazing potential of the sun.
