Captain Robert Ashton, Earl of Darington, knows finding a bride in London will not be easy—not since he has been notoriously dubbed as the Pirate Earl. What he didn't expect was to get abducted—and to have his escape go horribly awry when an innocent lady gets caught in the crossfire. Amateur physician Emma St. James is on her way to meet her betrothed when she is rescued by an injured gentleman. Despite her shock after discovering he is the Pirate Earl, Emma feels drawn to the man who saved her life. Duty forces them apart, but when they meet again on the high seas, Darington will risk all—his fortune, his name, and even his life to keep her safe. One of those children is 10-year-old Billy Griffith, who harbors a secret of an unlimited power of the mind. Unfortunately for Billy, his special abilities can't remain hidden forever, and a stormy darkness gathers around Coal Gap, a maelstrom zeroing in on the boy. Within this storm

is a stranger with powers of his own to raise the dead and have them do his bidding. This stranger wants Billy's powers for himself, and he does not come alone.

**Cayo Esqueleto** Anthony Horowitz,2004-10 Durante unas vacaciones en el sur de Francia con su amiga Sabina, Alex descubre un siniestro complot que puede acabar con la muerte de millones de personas en todo el mundo. The Storm Runner J.C. Cervantes,2018-09-18 A

contemporary adventure based on Maya mythology from Rick Riordan Presents and New York Times bestselling author J. C. Cervantes! Zane has always enjoyed exploring the dormant volcano near his home in New Mexico, even though hiking it is challenging. He'd much rather hang out there with his dog, Rosie, than go to middle school, where kids call him Sir Limps a Lot, McGimpster, or Uno--for his one good leg. What Zane doesn't know is that the volcano is a gateway to another world and he is at the center of a powerful prophecy. A new girl at school, Brooks, informs him that he's destined to release an evil god from the ancient Maya relic he is imprisoned in--unless she can find and remove it first. Together they return to the volcano, where all kinds of crazy happens. Brooks turns into a hawk, a demon attacks them in a cave, and Rosie gives her all while trying to protect Zane. When Zane decides to save his dog no matter the cost, he is thrust into an adventure full of surprising discoveries, dangerous secrets, and an all-out war between the gods, one of whom happens to be his father. To survive, Zane will have to become the Storm Runner. But how can he run when he can't even walk well without a cane?

Adornments of the Storm Paul Meloy, 2019-02-03

But the Autoscoopes are gathering once again, firing their unholy devices and priming the Toyceivers for war. Mental health nurse Phil Trevana has almost forgotten the strange events of his training. But time means nothing to those who

walk in dreams; and when Phil encounters the enigmatic Andrew Chapel, he realises that something is badly wrong.

**Tormenta de espadas / A Storm of Swords** George R.R. Martin, 2022-05-17 Canción de hielo y fuego III La espada llameante dejó a su paso largas estelas de fuego... El acero cantó contra el acero. Arrasados por la guerra, los Siete Reinos pronto sufrirán un larguísimo invierno que se predice excepcionalmente crudo. Mientras la violencia y el clima empeoran, los personajes entrañables e infames que ya conocemos continúan debatiéndose entre feroces batallas y perversas intrigas palaciegas: Joffrey, el cruel rey adolescente, sigue haciendo de las suyas ante el azor de los propios miembros de su clan, los Lannister; Robb Stark, rey de Invernalía, ha ganado todos sus batallas, pero está perdiendo la guerra; Daenerys, la princesa de los tres dragones, está al frente de un ejército de mercenarios decidida a cumplir su destino: recuperar el reino del que fue despojada. Pero otra fuerza con la que nadie contaba, los Otros, surge desde más allá del Muro de Hielo: un ejército sobrenatural cuyos cuerpos inertes quizá no puedan ser detenidos. Mientras el futuro de este mundo cuelga en la balanza, nadie descansará hasta que los Siete Reinos hayan estallado en una auténtica tormenta de espadas.

*Harbinger of the Storm* Aliette de Bodard, 2017-02-06 The second book in the critically acclaimed Obsidian and Blood trilogy: The year is Two House, and the Emperor of the Mexica has just died. The protections he afforded

the Empire are crumbling, and the way lies wide open to the flesh-eating star-demons--and to the return of their creator, a malevolent goddess only held in check by the War God's power. The council should convene to choose a new Emperor, but they are too busy plotting against each other. And then someone starts summoning star-demons within the palace, to kill councilmen... Acatl, High Priest of the Dead, must find the culprit before everything is torn apart.

REVIEWS: 'Political intrigue and rivalry among a complex pantheon of divinities drive this well-paced murder mystery set at the height of the Aztec Empire in the late 15th century. De Bodard reintroduces the series hero Acatl, high priest of the dead, immediately following the death of the Tenochtitlan leader. One of the council members in charge of choosing a successor has been brutally murdered in what looks like an attempt to influence the decision. But the deaths continue and the political situation grows more complex, while the empire looks to be increasingly at risk of invasion by malignant powers. Acatl must go face-to-face with the most powerful god in his world and put the good of the empire above his antipathy for his rivals to achieve the uneasy succession. De Bodard incorporates historical fact with great ease and manages the rare feat of explaining complex culture and political system without lecturing or boring the reader.'

-Publishers Weekly 'Another thing that intrigues me here is the whole fact that historically we know that the real empire died out mysteriously and completely and as such there is always that thought in the back of my

mind that the author could choose to bring about the end of days. That highlighted sense of possible doom is something that is missing from too many novels. The way the story is told in this book is very impressive, the plot is both mature and seductive, twisting and turning like a weather vane in a force 9 gale while the action is both bloodthirsty and imaginative. The world building is fantastic and we get to learn even more of this rich culture and the many gods and creatures of the dark. I really can't fault this book at all and recommend it to one and all but if you haven't yet read *Servant of the Underworld* I suggest that you get them both and read them in order, you won't be disappointed.' -SF Book Reviews 'Bodard's writing is polished and striking, as she convincingly fills in the colorful elements of the Aztec culture-even if those colors tend to be of blood and bile as well as flowers and hummingbirds... beautiful, grimy, breathtaking, and morbid. 5\*' -Examiner 'Aliette de Bodard has done it again. *Harbinger of the Storm* is an action packed Aztec mystery opera with magic, interventions from the gods and more twists and turns than the first book. It even has a love story with amusing snippets here and there... The story is self contained and can be enjoyed standalone, but you will not want to miss out on the first. I wish it was 2012 already even if the world is going under while I read the final *Obsidian & Blood*.' -Cybermage

Hurricane L. Ron Hubbard, 2011-10-15 In *The Great Escape and Papillon*, Steve McQueen embodied the tough guy on the run from captivity and injustice. But when it comes to toughness, McQueen is following in the daring and determined footsteps of Captain Spar. Wrongfully accused, Spar has been condemned to suffer the brutality of the guards and the conditions on Devil's Island. But they haven't broken his will, and now, escaping, he has one mission in life: revenge. Spar's out to kill the man who put him into the devil's hands. But he'll have to take on a gallery of rogues who are as treacherous as the waters of the Caribbean. Pressure is rising and a storm is brewing. But even in the face of a natural disaster, Spar discovers that nothing is more volatile than human nature—as temptation and danger are about to collide with Hurricane force. In 1937 L. Ron Hubbard wrote to one of his editors: "You might have noticed that I am intensely wary of becoming any kind of a story specialist. I have sold the gamut of types: air war, air, western, detective, love, terror. . . . My one passion is to build a name for variety. . . . I like my freedom. I fight hard for independent individualism. I love to tie into a yarn and make it blaze in print." Hubbard's passion for writing, creativity and individualism certainly blazes across the page in stories like *Hurricane*. "Hurricane will keep you on the edge of your seat from beginning to end as it unfolds."

Mayan Storm Michael Hooks, 2012-08-07 December 21, 2012 is fast approaching. Youve heard the date, you know what it means: The End of Days, the fall of mankind, the end of the world, Armageddon. December 21st 2012, the Mayan Long Count Calendar ticks off its final day triggering the colossal battle between the forces of good and evil. Meanwhile, just months removed from averting death and disaster while recovering a massive haul of gold and silver from a long lost Spanish treasure ship, part time undercover operative Bear Mayne and his appallingly inappropriate brother lead a

team of wondrously beautiful women as they become embroiled in a doomsday prophesy a thousand years in the making. While coming to the aid of a beautiful and mysterious coworker, Bear and his elite team of professionally amateur operatives learn the truth behind the myths and legends surrounding the Mayan civilization and their infamous long count calendar. Journeying from St. Augustine to the Mexican Yucatan and back, Bear and his team battle snipers, Nazi zombies, wild animals, poison dart shooting warriors, primitive and blood thirsty mobs as well as a score Mayan priests who just cant wait to offer up gringo blood to the dark gods of the cosmos. Along the way Bear inadvertently discovers clues to an unrelated Templar mystery and even has the occasion to participate in a sacred death match Mayan ballgame. With the skill born of hundreds of incursions behind enemy lines, Bear Mayne somehow steers his team through this maze of bizarre and unexpected dangers only to come face to face with the celestial firestorm that marks the beginning of the final battle between good and evil.

**Behold the Storm** Tony Simmons, 2022-07-15 THE DEVIL IS IN THE DETAILS... Years have passed since Tom Caliban took over his family's cartel; since Jacob Morgan Magus became the latest Merlyn; since Leira Moss said goodbye. Now, an empty grave in Junction, Alabama bears Tom's name, while a shriveled old man in a Florida nursing home raves of souleaters and claims he's the late Tom Caliban. Meanwhile, freelance exorcists Dominic Ashwood and Mia Jackal arrive in New Orleans at the behest of Mama Loa, a voodoo priestess, where

they find the hollow corpse of a child in a landfill; vampires prey upon tourists in St. Louis Cemetery No. 1; a skinwalker shifts from body to body; and a Category Five hurricane bears down upon the Big Easy. Into this maelstrom ventures Tom Caliban-alone, drained of power and life force, his memories missing, and a Burrower demon lurking in his soul, ready to spawn when the hurricane strikes. With Dominic a captive of the skinwalker, the only way to defeat the dangers that rise against them is for Mia to journey into Tom's dreamscape to help him combat the Burrower as he fights to recall how and why he was betrayed and left for dead by those who were closest to him. THE CALIBAN CYCLE continues with this latest adventure through memory and loss. This volume includes the short story, REAP THE WHIRLWIND, a tale of the vampire Calvin Bannister, as well as a conversation between fellow authors about crossing over their characters in a shared universe.

January's Storm J. R. Thomas, 2018-02-26 This is an action novel which occurs during the late nineteenth century, 1890 to be exact. The time period before our present term Coast Guard came into being. It's a story of a young man who once had been a fireman in a small town known as New Bern, North Carolina. After death takes his wife and only son, decides to relocate to an area he loved to fish with his father at -- Beaufort, North Carolina, a small fishing village bordering on the deep water inlet shared by another growing town, Morehead, North Carolina. He finds himself volunteering to serve as a rescuer with a newly activated Life-saving station at Cape Lookout.

There he makes friends and involves himself with the local islanders, some whose families had lived on the islands for generations. This novel gives a glimpse of these brave men who risked their lives to save others and their techniques on how they accomplished their rescues. The story takes place in one of the coldest months of the year, January, and in this case the storm is unusually horrific.
