The Routledge Handbook to the Ghost Story Scott Brewster, Luke Thurston, 2017-11-14 The Handbook to the Ghost Story sets out to survey and significantly extend a new field of criticism which has been taking shape over recent years, centring on the ghost story and bringing together a vast range of interpretive methods and theoretical perspectives. The main task of the volume is to properly situate the genre within historical and contemporary literary cultures across the globe, and to explore its significance within wider literary contexts as well as those of the supernatural. The Handbook offers the most significant contribution to this new critical field to date, assembling some of its leading scholars to examine the key contexts and issues required for understanding the emergence and development of the ghost story.

Machado de Assis João Cezar de Castro Rocha, 2015-10-01 This book offers an alternative explanation for one of the core dilemmas of Brazilian literary criticism: the “midlife crisis” Machado de Assis underwent from 1878 to 1880, the result of which was the writing of *The Posthumous Memoirs of Brás Cubas*, as well as the remarkable production of his mature years—with an emphasis on his masterpiece, *Dom Casmurro*. At the center of this alternative explanation, Castro Rocha situates the fallout from the success enjoyed by Eça de Queirós with the publication of *Cousin Basílio* and Machado’s two long texts condemning the author and his work. Literary and aesthetic rivalries come to the fore, allowing for a new theoretical framework based on a literary appropriation of “thick description,” the method proposed by anthropologist Clifford Geertz. From this method, Castro Rocha derives his key hypothesis: an unforeseen consequence of Machado’s reaction to Eça’s novel was a return to the classical notion of *aemulatio*, which led Machado to develop a “poetics of emulation.”

Short Stories, Knowledge and the Supernatural Amândio Reis, 2022-07-11 This book proposes a comparative approach to the supernatural short stories of Machado de Assis, Henry James and Guy de Maupassant. It offers an alternative to predominantly novel-centric and Anglo-centric perspectives on literary pre-modernism by investigating a transnational and multilingual connection between genre, theme and theory, i.e., between the modern short story, the supernatural and the problem of knowledge. Incorporating a close analysis of the literary texts into a discussion of their historical context, the book argues that Machado, James and Maupassant explore and reinvent the supernatural short story as a metafictional genre. This modernized and innovative form allows them to challenge the dichotomies and conventions of realist and supernatural fiction, inviting their past and present readers to question common assumptions on reality and literary representation.

The Encyclopedia of Racism in American Films Salvador Jimenez Murguía, 2018-04-12 From D.W. Griffith's *Birth of a Nation* in 1915 to the recent *Get Out*, audiences and critics alike have responded to racism in motion pictures for more than a century. Whether subtle or blatant, racially biased images and narratives erase minorities, perpetuate stereotypes, and keep alive practices of discrimination and marginalization. Even in the 21st century, the American film industry is not "color blind," evidenced by films such as *Babel* (2006), *A Better Life*, (2011), and *12 Years a Slave* (2013). The *Encyclopedia of Racism in American Film* documents one facet of racism in the film industry, wherein historically underrepresented peoples are misrepresented—through a lack of roles for actors of color, stereotyping, negative associations, and an absence of rich, nuanced characters. Offering insights and analysis from over seventy scholars, critics, and activists, the volume highlights issues such as: Hollywood's diversity crisis White Savior films Magic Negro tropes The disconnect between screen images and lived realities of African Americans, Latinos, Native Americans, and Asians A companion to the ever-growing field of race studies, this volume opens up a critical dialogue on an always timely issue. The *Encyclopedia of Racism in American Film* will appeal to scholars of cinema, race and ethnicity studies, and cultural history.

Spanish Short Stories Gudie Lawaetz, 1992-07-30 This second volume of short stories contains more diverse and lively writing from the Spanish-speaking world. Again much of it is from Latin America, Carlos Fuentes being Mexican, Norberto Fuentes Cuban, and the other writers having their roots in Uruguay, Chile, Peru, Colombia and the Argentine. Only Ana Maria Matute is a native of Spain. This highly entertaining selection of stories, together with a chapter from Mario Vargas Llosa's novel 'Conversation in the Cathedral', explores stylistic contrasts and gives an insight into the cultural and social milieu of the Spanish-speaking world. With notes on unusual Spanish words and phrases, it will be of great value to English students of the language as well as a helpful companion to Spanish-speaking students of English.

Spanish Gothic Xavier Aldana Reyes,2017-03-16 This book presents the first English introduction to the broad history of the Gothic mode in Spain. It focuses on key literary periods, such as Romanticism, the fin-de-siècle, spiritualist writings of the early-twentieth century, and the cinematic and literary booms of the 1970s and 2000s. With illustrative case studies, Aldana Reyes demonstrates how the Gothic mode has been a permanent yet ever-shifting fixture of the literary and cinematic landscape of Spain since the late-eighteenth century. He proposes that writers and filmmakers alike welcomed the Gothic as a liberating and transgressive artistic language.
