The Urgency of Now! Angelicus-M. B. Onasanya,2009-05-16 The question of nation building has enjoyed currency in the discourse about the general development of countries around the world. Its global importance could be discerned in two different areas; nation-building as applied to efforts aimed at rebuilding a country after a war as in Bosnia, Iraq, Afghanistan, and so on; and nation-building with regard to efforts aimed at dealing with the sobering realities of failed or failing countries whose populations have been exploited, abused and mismanaged almost to the point of extinction. As can, and should be expected, Nigeria and Nigerians, at home and abroad, have not been exempt from these discourses especially in the past few years as the countrys nascent and fledgling (?) democracy became embarrassingly threatened to the point of abortion within Nigeria and the international community of nations. In ones sober moments, the realisation that Nigeria is fast becoming another failed state procures rather scary thoughts.

European Romanticism Stephen Prickett,2014-04-14 Romanticism was always culturally diverse. Though English-language anthologies have previously tended to see Romanticism as predominantly British, the term itself actually originated in Germany, where it became the banner of a Europe-wide movement

involving the profound intellectual and aesthetic changes which we now associate with modernity. This anthology is the first to place British Romanticism within a comprehensive and multi-lingual European context, showing how ideas and writers interconnected across national and linguistic boundaries. By reprinting everything in the original languages, together with an English translation of all non-English material in parallel on the opposite page, it offers a new intellectual map of Romanticism. Material is thematically arranged as follows: - Art & Aesthetics - The Self - History - Language - Hermeneutics & Theology - Nature - The Exotic - Science While focusing on European texts, the inclusion of essays on their North American and Japanese reception means that Romanticism can be seen as a global phenomenon, influencing a surprising number of the ways in which the modern world sees itself.

Adpositions Dennis Kurzon, Silvia Adler, 2008-05-13 This book is a collection of articles which deal with adpositions in a variety of languages and from a number of perspectives. Not only does the book cover what is traditionally treated in studies from a European and Semitic orientation – prepositions, but it presents studies on postpositions, too. The main languages dealt with in the collection are English, French and Hebrew, but there are articles devoted to other languages including Korean, Turkic languages, Armenian, Russian and Ukrainian. Adpositions are treated by some authors from a semantic perspective, by others as syntactic units, and a third group of

authors distinguishes adpositions from the point of view of their pragmatic function. This work is of interest to students and researchers in theoretical and applied linguistics, as well as to those who have a special interest in any of the languages treated.

Enjoying the Song of Expression: An Psychological Symphony within **Est**

In a world used by displays and the ceaseless chatter of quick communication, the melodic elegance and mental symphony developed by the written word frequently disappear in to the background, eclipsed by the persistent sound and distractions that permeate our lives. However, located within the pages of **Est** an enchanting fictional treasure filled with raw emotions, lies an immersive symphony waiting to be embraced. Crafted by a masterful composer of language, that charming masterpiece conducts visitors on a psychological trip, skillfully unraveling the hidden songs and profound impact resonating within each carefully crafted phrase. Within the depths with this poignant

review, we shall explore the book's key harmonies, analyze its enthralling publishing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers' souls.
