Tower in the Stars Laura Carolfi, 2021-05 Tiny loves being with Tower, and Tower loves being with Tiny. They share many happy, silly days together. They wish they could have more. But Tower's body is getting ready to stop working; soon he will die. Where will Tower go when he dies? Tiny finds the words to explain in a way that comforts them both. This bilingual children's book presents love, death, and life after loss with a gentle tone, 30 pages of heartwarming illustrations, and easy to understand language (in English and Spanish). Suitable for persons ages two and older, this story aims to help even the youngest of readers cope with the loss of an adult caregiver, family member, or close friend. Through words and tender visuals, *Tower in the Stars* reassures children that love continues after death and shows tangible ways in which a child can honor the memory of an adult who has died. This book also features a final goodbye conversation between an adult and a child. Readers Can Customize The main characters are dogs who are gender neutral in appearance. Readers can personalize story and substitute names of their choice in place of Tiny and Tower. (Note that the text identifies Tiny and Tower as male characters; readers can substitute female pronouns if needed). The adult character, Tower is old enough to drive a car but otherwise there are no age references, making it possible to read Tower as any adult who has had a close relationship with a child throughout the child's life.

Estrellas Suzanne Maggio, 2021-11-10 On May 31, 2019, just as the sun was beginning to rise in the sleepy town of St-Jean-Pied-de-Port on the French border, I set out on a journey that would change my life - the 779 kilometer Camino de Santiago de Compostela. I made the decision to walk the Camino one afternoon the previous fall, answering a call that began to stir from deep within my being. A calling I did not yet understand. My life was feeling a little unsettled. My mother had passed away three years before and I'd just completed work on my first book, *The Cardinal Club*. In addition, I was about to turn 60 and was looking for a way to commemorate that milestone. As I took those first few steps I could not know what was to come, the people I would meet or the impact those 31 days would have on me. As I crossed the Pyrennes, traversed the lush vineyards of Rioja or wandered the stone villages of Galicia I would have the opportunity to meet a cast of characters who would open their hearts and lives to me. They would teach me lessons about the things that truly mattered, like generosity, kindness, courage and resilience and the reminder to be present in every moment. To take like as it comes because we can never know what is coming around the corner. Despite evidence to the contrary, I do not think of myself as a particularly courageous soul. I am not content to bask in my accomplishments nor do I spend much time tooting my own horn. I wasn't raised that way. I was taught to downplay my successes. To steer clear of vanity. I was raised to be humble. So, as I sit down to write this, I hope you'll forgive me for saying something completely out of character here, but I feel the need to tell you that 779 kilometers is a long way to walk - and I walked every single step... ...As you travel along with me on my journey, I invite you to take the opportunity to explore the spaces around you. Notice the way the sunshine peaks peek through the leaves of the dogwood tree. Listen to the gentle whirr of the wings of the hummingbird. Smell the salt in the sea air. Use your senses. Pay attention to the things that we are often too busy to see. To hear. To smell. Let them take you inward. See where the path leads you. Buen Camino.

Estrella's Quinceañera Malin Alegria,2007-05-22 In this touching debut novel, Estrella Alvarez is about to turn 15, and there's nothing her meddling mother and T'a Lucky want more than to throw her a gaudy quinceañera--a party that Estrella would rather avoid.

Noche De Las Estrellas Douglas Gutierrez,1992-09-01 Charming story of a man who dreaded the dark nights and how he managed to fill them with the moon and stars.

Reaching for the Stars José M. Hernández,2012-09-04 The book that inspired the new film *A Million Miles Away*. Born into a family of migrant workers, toiling in the fields by the age of six, Jose M. Hernández dreamed of traveling through the night skies on a rocket ship. *Reaching for the Stars* is the inspiring story of how he realized that dream, becoming the first Mexican-American astronaut. Hernández didn't speak English till he was 12, and his peers often joined gangs, or skipped school. And yet, by his twenties he was part of an elite team helping develop technology for the early detection of breast cancer. He was turned down by NASA eleven times on his long journey to donning that famous orange space suit. Hernández message of hard work, education, perseverance, of reaching for the stars, makes this a classic American autobiography.

Continua of Biliteracy Nancy H. Hornberger, 2003-01-01 Biliteracy - the use of two or more languages in and around writing - an increasingly inescapable feature of our lives and schools worldwide, yet one which most educational policy and practice continues blithely to ignore. The continua of biliteracy featured in the present volume offers a comprehensive yet flexible model to guide educators, researchers and policy-makers in designing, carrying out and evaluating educational programmes for the development of bilingual and multilingual learners, each programme adapted to its own specific context, media and contents. The continua model is premised on a view of multilingualism as a resource and on the metaphor of ecology of language.

Space Invaders Nona Fernández, 2019-11-05 Longlisted for the National Book Award for Translated Literature A dreamlike evocation of a generation that grew up in the shadow of a dictatorship in 1980s Chile *Space Invaders* is the story of a group of childhood friends who, in adulthood, are preoccupied by uneasy memories and visions of their classmate Estrella González Jepsen. In their dreams, they catch glimpses of Estrella's braids, hear echoes of her voice, and read old letters that eventually, mysteriously, stopped arriving. They recall regimented school assemblies, nationalistic class performances, and a trip to the beach. Soon it becomes clear that Estrella's father was a ranking government officer implicated in the violent crimes of the Pinochet regime, and the question of what became of her after she left school haunts her erstwhile friends. Growing up, these friends—from her pen pal, Maldonado, to her crush, Riquelme—were old enough to sense the danger and tension that surrounded them, but were powerless in the face of it. They could control only the stories they told one another and the “ghostly green bullets” they fired in the video game they played obsessively. One of the leading Latin American writers of her generation, Nona Fernández effortlessly builds a choral and constantly shifting image of young life in the waning years of the dictatorship. In her short but intricately layered novel, she summons the collective memory of a generation, rescuing felt truth from the oblivion of official history.

Secret Santa 2: A Christmas To Remember Kay Lyons, 2019-10-01 Kelsey Richards, the granddaughter of billionaire JT Wallingford, has experienced the best and worst of people. This has led to her love of books and turned the security found between the pages into a career. Her favorite childhood story remains unwritten, however, and is one her grandfather tells about Santa's secret city beneath New York City.... When JT is photographed roaming the dangerous streets dressed as one of the homeless, Kelsey's fears about him being targeted are quickly confirmed. With the world watching, Kelsey vows to protect JT, even if it's from himself. After Devon Sage wakes up in a NYC hospital without his memory, he's intrigued by Kelsey, who promises to care for him because he'd come to her beloved grandfather's rescue. Devon finds himself drawn to her, even though his gut tells him to be wary. Kelsey isn't sure what to believe. Or who. Is Devon the wonderful person JT claims—or a con artist taking advantage of a rich, old man? Folklore makes for a great story, but isn't every story based on a wee bit of truth?

Communal Feminisms Gabriella Gutierrez y Muhs, 2009-12 Communal Feminisms explores identity and exile from three different perspectives: theory, interviews, and imaginative literature. The first part of this book describes and defines exile within identity; the second part delivers ten interviews and examines the socio-historical construction of exile through feminine Chicano literature and Chilean literature created and circulated during the Pinochet regime; and the third part contains a collection of unpublished, original works from each author interviewed. Including the interviews and creative works in both English and Spanish, Dr. Gabriella Gutierrez y Muhs emphasizes the need to publish bilingual works, without alienating English readers. This uniquely crafted collection will appeal to scholars across disciplines.
