Within Reach Mark Pfetzer,Jack Galvin,2000-01-01 In May 1996 the media scrambled to document the gripping story of sixteen-year-old Mark Pfetzer's expedition to Mount Everest. Not only was he the youngest climber ever to attempt the summit, he also witnessed the tragedy documented in Jon Krakauer's *Into Thin Air*, in which eight climbers perished in a sudden storm. *Within Reach* is Mark's extraordinary account of this experience and of his triumphs over several other challenging peaks. At once triumphant and tragic, this story will be an inspiration to climbers, athletes, and armchair enthusiasts alike.

Everest: The Remarkable Story of Edmund Hillary and Tenzing Norgay Alexandra Stewart,2020-02-11 In the late morning of May 29, 1953, the sun was shining brightly and a gentle breeze was blowing on the highest elevation of the world--and two men were there to witness it for the first time ever. Their names were Edmund Hillary and Tenzing Norgay, and they had ascended Everest. This is the breathtaking story of how two very different, yet equally determined, men battled frost-biting temperatures, tumbling ice rocks, powerful winds, and death-defying ridges to reach the top of the world's highest mountain. Combining fresh and contemporary illustrations by Joe Todd-Stanton with Alexandra Stewart's captivating writing, this unique narrative tells the story of how Edmund Hillary and Tenzing Norgay made their mark on the world from birth right up to their final days and the impact they've had on Nepal today.

Dark Summit Nick Heil,2011-04-13 In the tradition of Jon Krakauer's *Into Thin Air*, Nick Heil recounts the harrowing story of the deadly and controversial 2006 climbing season on Everest. In early May 2006, a young British climber named David Sharp lay dying near the top of Mount Everest while forty other climbers walked past him on their way to the summit. A week later, Lincoln Hall, a seasoned Australian climber, was left for dead near the same spot. Hall's death was reported around the world, but the next day he was found alive after spending the night on the upper mountain with no food and no shelter. If David Sharp's death was shocking, it was not singular: despite unusually good weather, ten others died attempting to reach the summit that year. In this meticulous inquiry into what went wrong, Nick Heil tells the full story of the deadliest year on Everest since the infamous season of 1996. He introduces Russell Brice, the outfitter who has done more than anyone to provide access to the summit via the mountain's north side--and who some believe was partially responsible for Sharp's death. As more climbers attempt the summit each year, Heil shows how increasingly risky expeditions and unscrupulous outfitters threaten to turn Everest into a deadly circus. Written by an experienced climber and outdoor writer, *Dark Summit* is both a riveting account of a notorious climbing season and a troubling investigation into whether the pursuit of the ultimate mountaineering prize has spiralled out of control.

Into Thin Air Jon Krakauer,1998-11-12 #1 NATIONAL BESTSELLER • The epic account of the storm on the summit of Mt. Everest that claimed five lives and left countless more—including Krakauer's—in guilt-ridden disarray. A harrowing tale of the perils of high-altitude climbing, a story of bad luck and worse judgment and of heartbreaking heroism. —PEOPLE A bank of clouds was assembling on the not-so-distant horizon, but journalist-mountaineer Jon Krakauer, standing on the summit of Mt. Everest, saw nothing that suggested that a murderous storm was bearing down. He was wrong. By writing *Into Thin Air*, Krakauer may have hoped to exorcise some of his own demons and lay to rest some of the painful questions that still surround the event. He takes great pains to provide a balanced picture of the people and events he witnessed and gives due credit to the tireless and dedicated Sherpas. He also avoids blasting easy targets such as Sandy Pittman, the wealthy socialite who brought an espresso maker along on the expedition. Krakauer's highly personal inquiry into the catastrophe provides a great deal of insight into what went wrong. But for Krakauer himself, further interviews and investigations only lead him to the conclusion that his perceived failures were directly responsible for a fellow climber's death. Clearly, Krakauer remains haunted by the disaster, and although he relates a number of incidents in which he acted selflessly and even heroically, he seems unable to view those instances objectively. In the end, despite his evenhanded and even generous assessment of others' actions, he reserves a full measure of vitriol for himself. This updated trade paperback edition of *Into Thin Air* includes an extensive new postscript that sheds fascinating light on the acrimonious debate that flared between Krakauer and Everest guide Anatoli Boukreev in the wake of the tragedy. I have no doubt that Boukreev's intentions were good on summit day, writes Krakauer in the postscript, dated August 1999. What disturbs me, though, was Boukreev's refusal to acknowledge the possibility that he made even a single poor decision. Never did he indicate that perhaps it wasn't the best choice to climb without gas or go down ahead of his clients. As usual, Krakauer supports his points with dogged research and a good dose of humility. But rather than continue the heated discourse that has raged since *Into Thin Air*'s denouncement of guide Boukreev, Krakauer's tone is conciliatory; he points most of his criticism at G. Weston De Walt, who coauthored *The Climb*, Boukreev's version of events. And in a touching conclusion, Krakauer recounts his last conversation with the late Boukreev, in which the two weathered climbers agreed to disagree about certain points. Krakauer had great hopes to patch things up with Boukreev, but the Russian later died in an avalanche on another Himalayan peak, Annapurna I. In 1999, Krakauer received an Academy Award in Literature from the American Academy of Arts and Letters--a prestigious prize intended to honor writers of exceptional accomplishment. According to the Academy's citation, Krakauer combines the tenacity and courage of the finest tradition of investigative journalism with the stylish subtlety and profound insight of the born writer. His account of an ascent of Mount Everest has led to a general reevaluation of climbing and of the commercialization of what was once a romantic, solitary sport; while his account of the life and death of Christopher McCandless, who died of starvation after challenging the Alaskan wilderness, delves even more deeply and disturbingly into the fascination of nature and the devastating effects of its lure on a young and curious mind.

High Clint Willis,2000 Following the success of *EPIC: STORIES OF SURVIVAL FROM THE WORLD'S HIGHEST PEAKS*, Adrenaline Books returns with *HIGH: STORIES OF SURVIVAL FROM EVEREST AND K2*. The first anthology devote exclusively to climbing on the world's two highest and best-known mountains, *High* spans the years 1933 through 1996. Editor Clint Willis has gathered the best-written and most exciting prose about mountaineering's ultimate challenges by the century's most accomplished writers - from Jon Krakauer to David Roberts to Chris Bonnington. When Matt Dickinson tells what it's like for an amateur to climb a swaying aluminium ladder high on Everest's North Col route, we understand his fear. When Jim Haverl waits high on K2's Abruzzi Ridge for sunrise over China to slow the bitter wind and warm his extremities, we know he is cold. When Maria Coffey mourns the loss of her beloved, who died on Everest's unclimbed North Ridge, we grieve with her. And when Doug Scott summits Everest via the horrendously difficult Southwest face and later writes of the moment, 'All the world lay before us . . . , ' it lies before us as well.

Everest 1922 Mick Conefrey,2022-05-31 The dramatic and inspiring account of the very first attempt to climb Mount Everest, published to coincide with the centenary of the expedition of 1922. The first attempt on Everest in 1922 by George Leigh Mallory and a British team is an extraordinary story full of controversy, drama, and incident, populated by a set of larger-than-life characters straight out of an adventure novel. The expedition ended in tragedy when, on their third bid for the top, Mallory's party was hit by an avalanche that left seven men dead. Using diaries, letters, and unpublished accounts, Mick Conefrey creates a rich, character-driven narrative that explores the motivations and private dramas of the key individuals—detailing their backroom politics and bitter

rivalries—who masterminded this epic adventure.

Left for Dead Beck Weathers, Stephen G. Michaud, 2000-09-21 With a new preface by the author • As featured in the upcoming motion picture Everest, starring Jason Clarke, Josh Brolin, John Hawkes, Robin Wright, Emily Watson, Keira Knightley, Sam Worthington, and Jake Gyllenhaal “I can tell you that some force within me rejected death at the last moment and then guided me, blind and stumbling—quite literally a dead man walking—into camp and the shaky start of my return to life.” In 1996 Beck Weathers and a climbing team pushed toward the summit of Mount Everest. Then a storm exploded on the mountain, ripping the team to shreds, forcing brave men to scratch and crawl for their lives. Rescuers who reached Weathers saw that he was dying, and left him. Twelve hours later, the inexplicable occurred. Weathers appeared, blinded, gloveless, and caked with ice—walking down the mountain. In this powerful memoir, now featuring a new Preface, Weathers describes not only his escape from hypothermia and the murderous storm that killed eight climbers, but the journey of his life. This is the story of a man’s route to a dangerous sport and a fateful expedition, as well as the road of recovery he has traveled since; of survival in the face of certain death, the reclaiming of a family and a life; and of the most extraordinary adventure of all: finding the courage to say yes when life offers us a second chance. Praise for *Left for Dead* “Riveting . . . [a] remarkable survival story . . . *Left for Dead* takes a long, critical look at climbing: Weathers is particularly candid about how the demanding sport altered and strained his relationships.”—USA Today “Ultimately, this engrossing tale depicts the difficulty of a man’s struggle to reform his life.”—Publishers Weekly

The Story of Everest William Hutchison Murray, 1953

The Story of Everest John Baptist Lucius Noel, 1927

The Boy Who Conquered Everest Jordan Romero with Katherine Blanc, 2010-07-01 Jordan Romero was a regular nine-year-old boy. He loved BMX biking, listening to music, hanging out with his friends and family, participating in school activities, and studying nature and reptiles. So why would he want to climb the world’s tallest mountains? What made him decide to try something so dangerous and difficult? It all started when Jordan spotted a map of the famous “Seven Summits,” the tallest mountains on Earth’s seven continents, including massive Mt. Everest—the tallest of all. Jordan could not take his eyes off of that map; his head was filled with thoughts of snow-covered peaks, jagged rocks, billowing white clouds, and deep blue skies. Four years later, Jordan stood and gazed down at those peaks and cloudy skies from the 29,035-foot summit of Mt. Everest. He had reached his goal: to conquer the mightiest of mountains and inspire other kids to dream BIG! How did he do it? This is his story...

Everest Broughton Coburn, 2015 A filmmaker and veteran climber, David Breashears led the May 1996 expedition that captured Everest in a large-format IMAX motion picture. Everest is the breathtaking chronicle of a filmmaking expedition turned rescue mission. 125 stunning, full-color images, including IMAX frames from the film.

The Climb Anatoli Boukreev, G. Weston DeWalt, 2015-09-22 Everest, the major motion picture from Universal Pictures, is set for wide release on September 18, 2015. Read *The Climb*, Anatoli Boukreev (portrayed by Ingvar Sigurðsson in the film) and G. Weston DeWalt’s compelling account of those fateful events on Everest. In May 1996 three expeditions attempted to climb Mount Everest on the Southeast Ridge route pioneered by Sir Edmund Hillary and Tenzing Norgay in 1953. Crowded conditions slowed their progress. Late in the day twenty-three men and women—including expedition leaders Scott Fischer and Rob Hall—were caught in a ferocious blizzard. Disoriented and out of oxygen, climbers struggled to find their way down the mountain as darkness approached. Alone and climbing blind, Anatoli Boukreev brought climbers back from the edge of certain death. This new edition includes a transcript of the Mountain Madness expedition debriefing recorded five days after the tragedy, as well as G. Weston DeWalt’s response to *Into Thin Air* author Jon Krakauer.

The Moth and the Mountain Ed Caesar, 2021-11-02 In the 1930s, as official government expeditions set their sights on conquering Mount Everest, a little-known World War I veteran named Maurice Wilson conceives his own crazy, beautiful plan: he will fly a plane from England to Everest, crash-land on its lower slopes, then become the first person to reach its summit—all utterly alone. Wilson doesn’t know how to climb. He barely knows how to fly. But he has the right plane, the right equipment, and a deep yearning to achieve his goal. In 1933, he takes off from London in a Gipsy Moth biplane with his course set for the highest mountain on earth. Wilson’s eleven-month journey to Everest is wild: full of twists, turns, and daring. Eventually, in disguise, he sneaks into Tibet. His icy ordeal is just beginning.--Provided by publisher.

The Third Pole Mark Synnott, 2022-04-05 ***NPR Books We Love selection*** “If you’re only going to read one Everest book this decade, make it *The Third Pole*. . . . A riveting adventure.”—Outside Shivering, exhausted, gasping for oxygen, beyond doubt . . . A hundred-year mystery lured veteran climber Mark Synnott into an unlikely expedition up Mount Everest during the spring 2019 season that came to be known as “the Year Everest Broke.” What he found was a gripping human story of impassioned characters from around the globe and a mountain that will consume your soul—and your life—if you let it. The mystery? On June 8, 1924, George Mallory and Sandy Irvine set out to stand on the roof of the world, where no one had stood before. They were last seen eight hundred feet shy of Everest’s summit still “going strong” for the top. Could they have succeeded decades before Sir Edmund Hillary and Tenzing Norgay? Irvine is believed to have carried a Kodak camera with him to record their attempt, but it, along with his body, had never been found. Did the frozen film in that camera have a photograph of Mallory and Irvine on the summit before they disappeared into the clouds, never to be seen again? Kodak says the film might still be viable. . . . Mark Synnott made his own ascent up the infamous North Face along with his friend Renan Ozturk, a filmmaker using drones higher than any had previously flown. Readers witness first-hand how Synnott’s quest led him from oxygen-deprivation training to archives and museums in England, to Kathmandu, the Tibetan high plateau, and up the North Face into a massive storm. The infamous traffic jams of climbers at the very summit immediately resulted in tragic deaths. Sherpas revolted. Chinese officials turned on Synnott’s team. An Indian woman miraculously crawled her way to frostbitten survival. Synnott himself went off the safety rope—one slip and no one would have been able to save him—committed to solving the mystery. Eleven climbers died on Everest that season, all of them mesmerized by an irresistible magic. *The Third Pole* is a rapidly accelerating ride to the limitless joy and horror of human obsession.

To the Top Stephen Venables, 2004-05 Describes many of the attempts to scale Mount Everest, including the author’s own experiences.
