

Evitar&sortm

Ramsey Coutta

The Storm Tomas Gonzalez,2018-12-04 A riveting family drama set on the lush and dangerous Colombian coast. By one of Colombia's most acclaimed contemporary novelists, *The Storm* is an atmospheric, gripping portrait of the tensions that devastate one family. Twins Mario and Jose do not know how to cope with the hatred they feel for their father, an arrogant man whose pride seems to taint everything he touches. Over the course of a fateful fishing trip straight into the heart of a storm, father and sons are confronted with the unspoken secrets and resentments that are destroying them.

The Law of Storms James Sedgwick,1852

What Stands in a Storm Kim Cross,2016-03 Enter the eye of the storm in this gripping real-life thriller—A Perfect Storm on land—that chronicles America’s biggest tornado outbreak since the beginning of recorded weather: a horrific three-day superstorm with 358 separate tornadoes touching down in twenty-one states and destroying entire towns. April 27, 2011 was the climax of a three-day superstorm that unleashed terror from Arkansas to New York. Entire communities were flattened, whole neighborhoods erased. Tornadoes left scars across the land so wide they could be seen from space. But from terrible destruction emerged everyday heroes—neighbors and strangers who rescued each other from hell on earth. “Armchair storm chasers will find much to savor in this grippingly detailed, real-time chronicle of nature gone awry” (Kirkus Reviews) set in Alabama, the heart of Dixie Alley where there are more tornado fatalities than anywhere else in the US. With powerful emotion and captivating detail, journalist Kim Cross expertly weaves together science and heartrending human stories. For some, it’s a story of survival; for others it’s the story of their last hours. Cross’s immersive reporting and dramatic storytelling catapult you to the center of the very worst hit areas, where thousands of ordinary people witnessed the sky falling around them. Yet from the disaster rises a redemptive message that’s just as real: in times of trouble, the things that tear our world apart reveal what holds us together.

Storm George Rippey Stewart,1941

The Storm Defoe D., On the evening of 26th November 1703, a cyclone from the north Atlantic hammered into southern Britain at over seventy miles an hour, claiming the lives of over 8,000 people. For Defoe, bankrupt and just released from prison for seditious writings, the storm struck during one of his bleakest moments. But it also furnished him with the material for his first book, and in his powerful depiction of private suffering and individual survival played out against a backdrop of public calamity.

After the Storm Timothy Arthur,2019-05-22

The Storm Aleksandr Nikolaevich Ostrovsky,1910

Storm Surge Ramsey Coutta,2016-01-18 A parish minister is callously murdered by corrupt local authorities. A generation later, his son finds himself unexpectedly caught up in the murderous paranoia of one of his father's killers. Daniel Trahan and his friend Rachel Breland, race against time to avoid the evil designs of the killer, as a deadly hurricane bears down on their southern Louisiana parish. Murder in the Marsh is a fast paced story of murder and it’s cover-up, as well as a realistic account of the terrible destruction wrought by Hurricane Katrina on a small, coastal Louisiana town.

The Perfect Storm Sebastian Junger,1999-10 A true story of men against the sea.

After the Storm T. S. Arthur,2019-12-03 'After the Storm' by T. S. Arthur is a novel that begins with a picturesque opening of a calm June day, only to be followed by a sudden and fierce storm that tests the faith and bravery of two young lovers. As the storm rages on, they witness a tragic event on the river, leading them to contemplate the presence of God in the midst of chaos. But the storm is not just external, as the young couple's relationship is also tested by the pressures of the tempest.

The Storm Daniel Defoe,2021-04-24 Though a System of Exhalation, Dilation, and Extension, things which the Ancients founded the Doctrine of Winds upon, be not my direct Business; yet it cannot but be needful to the present Design to Note, that the Difference in the Opinions of the Ancients, about the Nature and Original of Winds, is a Leading Step to one Assertion which I have advanc'd in all that I have said with Relation to Winds, viz. That there seems to be more of God in the whole Appearance, than in any other Part of Operating Nature. Among these Arcana of the Sovereign Oeconomy, the Winds are laid as far back as any. Those Ancient Men of Genius who rifled Nature by the Torch-Light of Reason even to her very Nudities, have been run a-ground in this unknown Channel; the Wind has blown out the Candle of Reason, and left them all in the Dark.

The Storm Александр Николаевич Островский,1899

Storm George R. Stewart,1974-09-12 Sweeping across the Pacific, a devastating storm wreaks havoc on San Francisco and the California coast and then moves relentlessly toward the Sierra Nevada, burying mountain passes and railroad tracks under tons of snow. First published in 1941, *Storm* presaged trends in literature and ecology that would appear decades later; an engrossing novel constructed by a master storyteller, it delineates an intricate web of humanity, wildlife, and landscape, all interacting in a drama that includes the weather itself in its cast of characters. Book jacket.

Category 7 Bill Evans,Marianna Jameson,2007-07-10 A Category 4 hurricane, with winds of up to 155 miles per hour, tears roofs off buildings, smashes windows and doors, and can send floodwaters up to the second floor. Evacuation is suggested for up to six miles inland. Hurricane Katrina was a Category 4 when she made landfall. Hurricane Simone is a Category 7—the biggest, strongest storm in recorded history. When she hits New York City, skyscrapers will fall. Subways and tunnels will flood. Lower Manhattan and much of Queens and Brooklyn will disappear under more than thirty feet of water. All along the Eastern Seaboard, towns and cities are being evacuated as wind-driven rain lashes the coast and storm surges crash through seawalls. Roads are packed with fleeing motorists whose cars are jammed with every personal possession that can be crammed in, plus family members, friends, and beloved pets. A huge natural disaster is brewing in the Atlantic. Except that Simone isn't natural. She's the product of rogue weather science being wielded by billionaire Carter Thompson as part of a personal vendetta against US President Winslow Benson. Once Carter wanted to bring rain to the desert and feed the starving peoples of the planet. Now he wants to show Benson—and the rest of the world—just how powerful wind and water can be. If technology created Simone, perhaps technology can stop her. It's up to Kate Sherman, once a member of Carter's weather team; and Jake Baxter, a weatherman for the CIA, to try, using a secret US Navy weapon. The catch? It has to be deployed inside the hurricane. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Black Cloud Eliot Kleinberg,2003 A Florida native delves into the state's history to reconstruct a 1928 hurricane that devastated the region right before the Great Depression, finding evidence of communities hard hit by the killer storm.

Blizzard!! the Great White Hurricane Timothy Minnich,2019-12-30 THE BLIZZARD OF 1888, legendary in the annals of American weather history, was among the most ferocious winter storms ever to pound the Northeast. Many hundreds of people perished on land and sea during its three-day reign of terror, including some 200 in New York City alone - ground-zero for this storm. In his debut novel, Tim Minnich paints a vibrant New York City landscape in the weeks leading up to what has been coined The Great White Hurricane. Bound to fascinate weather enthusiasts, history buffs, and general readers alike, Minnich captures the suspense which culminates in this awesome display of nature, all while vividly depicting life in late Nineteenth Century Manhattan.On Sunday evening March 11th, the denizens of this great metropolis go to sleep completely unaware they'd be awakening to a howling blizzard. All except for young William Roebling, a brilliant meteorologist recently transferred to the New York Office of the US Army's fledgling Signal Service Corps - the agency responsible for the nation's first weather forecasts. Will has painstakingly developed an ingenious system allowing him to predict this historic event days in advance, but his unconvinced Commanding Officer, for political reasons, orders his silence. A conflicted Will feels he must alert his loved ones, and does - only to find himself in a battle for his life at the height of the storm.Minnich deftly combines the drama and excitement of the blizzard with

its profound impact on those unfortunate enough to have been caught in its path, simultaneously weaving an engaging tale of true love, faith, and the indomitable human spirit.

The Oncoming Storm Sophia Evans,2018-09-27 The crew of a ship are sailing directly into the path of an oncoming storm. Will Captain Steve be able to save them all? Will his ship sink? And what is that flash of light in the distance?

The Storm Frederick Buechner,2009-10-13 The Boston Globe calls Frederick Buechner one of our finest writers. USA Today says he's one of our most original storytellers. Now this acclaimed author gives us his most beguiling novel yet--a magical tale of love, betrayal, and redemption inspired by Shakespeare's *The Tempest*. On wealthy Plantation Island in South Florida, an old man waits, Kenzie Maxwell is a writer, a raconteur, a rascal, an altruist, a mystic--a charismatic figure who enjoys life with his rich third wife but muses daily on the sins of his past. Two decades ago, Kenzie had to leave New York because of a scandal. He'd been a volunteer at a runaway shelter, and he'd fallen in love with a seventeen-year-old girl--a girl who died while giving birth to Kenzie's daughter. His older brother, Dalton, a lawyer and board member at the shelter, decided to quell the rumors by releasing Kenzie's note of apology to the press. Kenzie's reputation--and the girl's--were destroyed. He has never forgiven his brother. Now it's the eve of Kenzie's seventieth birthday, and a storm is brewing. His beloved daughter, Bree--the child of the scandal--is coming down from New York for his birthday party. But his brother Dalton is coming down, too, to do some legal work for the island's ill-tempered matriarch. Aided and abetted by Dalton's happy-go-lucky stepson, a loutish gardener, a New Age windsurfer, a bumbling bishop, and a bona fide tempest, Kenzie must somehow contrive to reconcile with his brother--and make peace with his past. Infused with humanity, and informed by faith. *The Storm* is Frederick Buechner's most captivating novel since *Godric*--a richly satisfying contemporary story of fragmented families and love's many mysteries that will move you, make you laugh, and fill you with wonder.

Advances in Cultural Linguistics Farzad Sharifian,2017-05-02 This groundbreaking collection represents the broad scope of cutting-edge research in Cultural Linguistics, a burgeoning field of interdisciplinary inquiry into the relationships between language and cultural cognition. The materials surveyed in its chapters demonstrate how cultural conceptualisations encoded in language relate to all aspects of human life - from emotion and embodiment to kinship, religion, marriage and politics, even the understanding of life and death. Cultural Linguistics draws on cognitive science, complexity science and distributed cognition, among other disciplines, to strengthen its theoretical and analytical base. The tools it has developed have worked toward insightful investigations into the cultural grounding of language in numerous applied domains, including World Englishes, cross-cultural/intercultural pragmatics, intercultural communication, Teaching English as an International Language (TEIL), and political discourse analysis.

Storm Jack Drummond,2010-04-01 When the small town of Melville is caught in a freak storm, its inhabitants must do everything they can to survive. But with a ruthless eco-terrorist at large, and no chance of rescue from the outside world, the townsfolk are on their own, facing one of the greatest environmental threats the world has ever seen... Dramatic, powerful and bursting with adventure, *Storm* is an un-putdown-able thriller.
