How to Read a Book Mortimer J. Adler, Charles Van Doren, 2014-09-30

Investigates the art of reading by examining each aspect of reading, problems encountered, and tells how to combat them.

Peopewatching Desmond Morris, 2012-11-30 Peopewatching is the culmination of a career of watching people - their behaviour and habits, their personalities and their quirks. The fantasy fiction formula Deborah Chester, 2016-01-01 There's more to writing a successful fantasy story than building a unique world or inventing new magic. How exactly is a plot put together? How do you know if your idea will support an entire novel? How do you grab reader attention and keep it? How do you create dynamic, multi-dimensional characters? What is viewpoint and do you handle it differently in urban fantasy than in traditional epics? What should you do if you're lost in the middle? How do you make your plot end up where you intend it to go? From the writing of strong, action-packed scenes to the handling of emotions, let award-winning fantasy author Deborah Chester guide you through the process of putting a book together. Convinced there's no need to shroud the writing process under a veil of mystery, Chester supplies tips that are both practical and proven. They are exactly

what she uses in writing her own novels and what she teaches in her writing courses at the University of Oklahoma. Along with explaining story construction step-by-step, Chester illustrates each technique with examples drawn from both traditional and urban fantasy. The technique chapters include exercises to assist novices in mastering the craft of writing fantasy as well as suggestions for avoiding or solving plot problems. More experienced writers will find tips for taking their work to the next level. With an introduction by author Jim Butcher, The fantasy fiction formula provides the information you need to gain skill and proficiency in writing fantasy like a pro.

Telling Tales Gail de Vos, Merle Harris, Celia Barker Lottridge, 2003-08-29
Storytelling is relationship. Stories become the threads that bind a family. We all tell stories about our experiences and daily life. When we die, it is our stories that are remembered. Family stories remembered and shared help the family, and the individuals who comprise it, to survive and flourish. Storytelling within the family provides quality time; creating bonds, increasing listening skills, and fostering communication. Enrich your family life, connect with your children, and celebrate your ancestors by learning to tell family stories, folktales, and nursery rhymes. **Telling Tales: Storytelling in the Family** is a fascinating guide to the art of gathering and telling stories. Written by three renowned storytellers, **Telling Tales** includes personal stories, how-to tips and extensive resource lists, and

builds upon the success of the acclaimed first edition. Storytelling is contagious. Telling stories helps us make sense of what is happening around us and within ourselves. Stories are our powerful gift to the younger generation.

When fate no longer exists and the past catches up to the present, will the bond of blood be enough to unite two worlds?

Get Satisfied Carol Holst, 2011-10-11 What do Americans need that most eludes them? It's not a tank of cheap gas (as astonishing as that would be) or ever earlier pre-holiday sales. What Americans need most - and most of them know it - is satisfaction, especially the satisfaction of enough. So when the call for submissions to this book went out, the mainstream response was enthusiastic. From the outpouring of personal stories submitted, the editorial committee chose these twenty to represent the broadest possible spectrum of Americans who have sought and found a simpler, more satisfying

life.

Holy Imagination Prof. Judy Fentress-Williams, 2021-03-03 The many voices in scripture form a dialogue with readers, which produce theological truths that are larger than the individual parts. This introduction is informed by both literary theory and theology. It groups sections of the whole Bible together by genre. Each section identifies and describes the genre (such as historiography, poetry, prophecy, gospel, letter, apocalypse), and then moves into a discussion about the literary characteristics and theological insights. The words of scripture not only come a long way to find us but like a poem must be read with attention. Poetry doesn't yield meaning easily, and it doesn't promise to make sense. We know to look past the words on the page and find the images, tropes, sounds, and metaphors that are meaning-full. This type of writing invites, rather demands, the imagination. We must accept that we will only get so close, but that this is close enough. Our imagination spans the gaps left by sparse language and incomplete narratives. We return again and again, with more information and perhaps more experiences. The words are the same, but we are not; and for that reason there are always new discoveries. "At last, an introduction that students will enjoy reading, because it is at once engaging, informative, and eye-opening, as well as completely lucid. Fentress Williams shows how many books of the Bible reflect the experience of marginalized persons and communities in precarious situations, and therefore how they speak in ways both realistic

and encouraging to contemporary readers. Do your students and yourself a favor: adopt this text and get ready for serious conversation about ancient texts that never go out of date.” – Ellen F. Davis, Amos Ragan Kearns
Distinguished Professor of Bible and Practical Theology, Duke Divinity School

Love in Contemporary British Drama Korbinian Stöckl, 2021-01-18 Despite the recent turn to affects and emotions in the humanities and despite the unceasing popularity of romantic and erotic love as a motif in fictional

works of all genres, the subject has received surprisingly little attention in academic studies of contemporary drama. *Love in Contemporary British Drama* reflects the appeal of love as a topic and driving force in dramatic works with in-depth analyses of eight pivotal plays from the past three decades. Following an interdisciplinary and historical approach, the study collects and condenses theories of love from philosophy and sociology to derive persisting discourses and to examine their reoccurrence and transformation in contemporary plays. Special emphasis is put on narratives of love's compensatory function and precariousness and on how modifications of these narratives epitomise the peculiarities of emotional life in the social and cultural context of the present. Based on the assumption that drama is especially inclined to draw on shared narratives for representations of love, the book demonstrates that love is both a window to remnants of the past in the present and a proper subject matter for drama in times in which the suitability of the dramatic form has been questioned.

Relational Treatment of Trauma Toni Heineman, 2015-07-24 Relational Treatment of Trauma: Stories of loss and hope is the culmination of over 35 years of psychotherapy with children and adults, many of whom have suffered the effects of physical, emotional, or sexual abuse. It addresses a gap in the literature on the treatment of trauma and chronic loss that are ubiquitous parts of life in foster care. While trauma-informed care has

received considerable attention recently, there is little that focuses on the consequences of repeated, unexpected, and unexplained or unexplainable losses of caregivers. Relational Treatment of Trauma explores the ways in which those experiences arise in the therapeutic relationship and shows how to help clients build the trust necessary for establishing healthier, and more satisfying and hopeful relationships. Toni Heineman introduces and reinforces the concept of the relationship as the most powerful agent of therapeutic change. She highlights the ways in which clinicians can build and sustain a relationship with clients whose experience of trauma can make them wary of trusting, illustrating this theme throughout the book with compelling case vignettes. The book is especially valuable for psychoanalysts, clinical psychologists, psychiatrists, social workers, and family therapists working with those who have suffered traumatic loss. It is essential reading for clinicians in the early part of their career, working with traumatized individuals for the first time. Dr. Heineman has practiced in San Francisco for over 35 years, working with children, adults, and families. She is the founder and executive director of A Home Within. Dr. Heineman presents and publishes widely.
