**Fabric Flower Tutorials** Chris Flynn,2019-06-17 If you're like me, you can spend hours looking at gorgeous fabric and lace flowers. It's such a beautiful pastime, almost as relaxing as

meditation! Taking it to the next level, I've found flowers are not only a joy to craft, an outlet for creativity and imagination, but they have an amazing variety of uses too! Best yet, they never wilt! The flowers and blooms you'll find in this pattern book are mostly a compilation of individual segments. The more than twenty-five techniques, or segments, in this book can be combined to produce an unlimited variety of Bountiful Blooms! You are invited to breathe deeply, relax, enjoy, leave the dishes alone, and your worries behind. Give yourself permission to create fabulous blooms. Play with the fibers, fabrics, and bling, which are oh-so-beautiful to both look at and touch. And please, just have fun!
