*Smartphone Video Storytelling* Robb Montgomery, 2018-06-18 Smartphone Video Storytelling helps readers master the techniques for making compelling short-form video content with a smartphone. With mobile journalism on the rise, it's becoming increasingly important to understand the entire process and potential for conveying stories across multiple platforms. This richly illustrated text provides students with the essential smartphone video reporting skills: From choosing the right editing app to working with interview subjects on camera. The ethics of non-fiction video storytelling are highlighted to reinforce core journalistic principles. The chapters feature mini-tutorials and exercises that introduce the key principles of filmmaking. The student exercises and library of online video lessons introduce the building blocks of visual storytelling using real-world reporting examples. A story-based approach allows instructors to use the experiences of making each project in order to teach the fundamentals of video storytelling in a natural way. Each story lesson introduces the necessary stages, including planning, filming, and editing . . . and all with a smartphone. Online example videos can be found at <http://smartfilmbook.com/>

**Skinflicks** David Jennings, 2000 So much happens to all of us every day, yet so much is often forgotten. It is easier to remember things when they rhyme; both the momentous moments and the simple ones. Life is not always an adventure. Often it is ordinary occasions and the common place events that

bring us the greatest joy. Stop always looking for the next big thing, because more often than not, life is just the next thing. And that next thing is what life is all about. Every rhyme contains a story; some are sincere, some are funny, some are sad, and some are reflective. There is a lesson, a moral, a tale, a smile, or a tear in every single one. They all rhyme for a reason.

**Storyboarding Essentials** David Harland Rousseau, Benjamin Reid Phillips, 2013-06-25 A comprehensive guide to visual storytelling from Savannah College of Art and Design (SCAD), one of the world's leaders in sequential arts instruction. Storyboarding is the process of graphically organizing a project--a motion picture, animation, motion graphic, or interactive media sequence--in order to translate artists' ideas from story to screen. Whether you're a filmmaker, animator, ad director, writer, or video-game artist--storyboarding is a skill that is absolutely critical. Storyboarding Essentials covers everything students and working professionals need to master the art of writing and formatting scripts, creating frames, and following visual logic to create a cohesive narrative.

Videojournalism Kenneth Kobre, 2013-01-17 Videojournalism is a new field that has grown out of traditional print photojournalism, slideshows that combine sound and pictures, public radio, documentary filmmaking and the best of television news features. This amalgam of traditions has emerged to serve the Internet's voracious appetite for video stories. Videojournalism is

written for the new generation of backpack journalists. The solo videojournalist must find a riveting story; gain access to charismatic characters who can tell their own tales; shoot candid clips; expertly interview the players; record clear, clean sound; write a script with pizzazz; and, finally, edit the material into a piece worthy of five minutes of a viewer's attention. Videojournalism addresses all of these challenges, and more - never losing sight of the main point: telling a great story. This book, based on extensive interviews with professionals in the field, is for anyone learning how to master the art and craft of telling real short-form stories with words, sound and pictures for the Web or television. The opening chapters cover the foundations of multimedia storytelling, and the book progresses to the techniques required to shoot professional video, and record high quality sound and market the resulting product. Videojournalism also has its own website - go to just one URL and find all the stories mentioned in the book. You also will find various how-to videos on the site. To keep up with the latest changes in the field such as new cameras, new books, new stories or editing software, check the site regularly and like [www.facebook.com/KobreGuide](http://www.facebook.com/KobreGuide).

True Story Shanon Fitzpatrick, 2022-07-19 The larger-than-life story of Bernarr Macfadden, a bodybuilder who turned his obsession with muscles, celebrity, and confession into a publishing empire that transformed global media. In True Story, Shanon Fitzpatrick tells the unlikely story of an

orphan from the Ozarks who became one of history's most powerful media moguls. Born in 1868 in Mill Spring, Missouri, Bernarr Macfadden turned to bodybuilding to transform himself from a sickly "boy" into a creature of masculine perfection. He then channeled his passion into the magazine *Physical Culture*, capitalizing on the wider turn-of-the-century mania for fitness. Macfadden Publications soon became a pioneer in mass media, helping to inaugurate our sensational, confessional, and body-obsessed global marketplace. With publications like *True Story*, a magazine purportedly written and edited by its own readers, as well as scores of romance, crime, and fan magazines, Macfadden specialized in titles that targeted women, immigrants, and the working class. Although derided as pulp by critics of the time, Macfadden's publications were not merely profitable. They were also influential. They championed reader engagement and interactivity long before these were buzzwords in the media industry, breaking down barriers between producers and consumers of culture. At the same time, Macfadden Publications inspired key elements of modern media strategy by privileging rapid production of new content and equally rapid disintegration and reconfiguration of properties in the face of shifting market conditions. No less than the kings of Hollywood and Madison Avenue, Macfadden was a crucial player in shaping American consumer culture and selling it to the world at large. Though the Macfadden media empire is overlooked today, its legacies are everywhere, from true-crime journalism to celebrity gossip rags and

fifteen-minute abs.

*Viral Stories* Cameron Dusting, 2021-09 *Viral Stories* takes a poignant look at our modern era of self-obsession, fleeting fame, and increasing disconnection... Dusting delivers a raw and timely read. - SPR, ★★ ★★ Have you ever dreamed of going viral? How far would you go for a million Instagram followers? Alan is a humble poet with scarred lips; Mark is a flamboyant and successful singer in a rock band; Luke is a depressed comedian who refuses to perform. *Viral* is the exhilarating story of three young men hell-bent on getting famous. But when COVID-19 hits, everything goes haywire. Who will make their dreams come true? Included in this book are four more short stories by Cameron Dusting. A Czech woman recalls the story of her family; two idiots have a really big night; a fairy-tale town is haunted by its

bottomless lake; a courageous partygoer saves a stranger. Each of these stories has enjoyed online popularity, and Viral Stories compiles them for the first time.

**Wynd #1** James Tynion IV,2020-07-01 Wynd lives a quiet life in Pipetown -- working at the local tavern, out of sight in the secret rooms beneath the floorboards, often stealing away to catch glimpses of the son of the castle's groundskeeper as he works. But Wynd also has a secret... magical blood betrayed by his pointed ears, forbidden within the city limits. His shaggy hair has obscured them for most of his life, but now that Wynd is a teenager they are growing too unwieldy to hide. Joined by his best friend Oakley and Thorn, the groundskeeper's son, Wynd's strange dreams and an encounter with the city guard send him on the most dangerous adventure he could imagine, where Wynd will discover the magic in the world around him and, most importantly, the magic within himself. The GLAAD Award-winning team of writer James Tynion IV (Batman, The Woods) and artist Michael Dialynas (The Woods) present a new young adult fantasy series about learning to spread your wings no matter the dangers that life puts in your way.

**Behind the Mask of Facebook** Ryan Hartwig,Kent Heckenlively,2021-08-17 The author was hired by Cognizant as a content moderator for Facebook. As time went by he discovered that Facebook was systematically suppressing free speech. Fighting back, he chronicles his actions as a first step to learning

how to confront and defeat tyranny.

*Hacks* Donna Brazile, 2017-11-07 NEW YORK TIMES BESTSELLER Explosive... A blistering tell-all.---Washington Post People should sit up, take notes and change things.---Ace Smith, Los Angeles Times Brazile most certainly has a story to tell.... Vivid.---The Guardian From Donna Brazile, former DNC chair and legendary political operative, an explosive and revealing new look at the 2016 election: the first insider account of the Russian hacking of the DNC and the missteps by the Clinton campaign and Obama administration that enabled a Trump victory. In the fallout of the Russian hacking of the Democratic National Committee--and as chaos threatened to consume the party's convention--Democrats turned to a familiar figure to right the ship: Donna Brazile. Known to millions from her frequent TV appearances, she was no stranger to high stakes and dirty opponents, and the longtime Democratic strategist had a reputation in Washington as a one-stop shop for fixing sticky problems. What Brazile found at the DNC was unlike anything she had experienced before--and much worse than is commonly known. The party was beset by infighting, scandal, and hubris, while reeling from a brazen and wholly unprecedented attempt by a foreign power to influence the presidential election. Plus, its candidate, Hillary Clinton, faced an opponent who broke every rule in the political playbook. Packed with never-before-reported revelations about what went down in 2016, *Hacks* is equal parts campaign thriller, memoir, and roadmap for the future. With Democrats now in the

wilderness after this historic defeat, Hacks argues that staying silent about what went wrong helps no one. Only by laying bare the missteps, miscalculations, and crimes of 2016, Brazile contends, will Americans be able to salvage their democracy.

*The Stolen Story and Other Newspaper Stories, [Microform]* Jesse Lynch Williams, 2012-01 Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

*Through Angela's Eye* Angela Hart, 2010-12-08 *Through Angela's Eye* is the untold, inside story of Operation Firewall." After a series of unfortunate changes in circumstances, my life took an unwelcomed turn. What started out as my personal battle against those terrorizing me by stealing my identity through my personal computer turned into the largest case of identity theft in United States history! Not only did the computer hackers cause me financial distress, but they threatened my life! Not only did I get mad, but now I was determined to get justice. Little did I realize that my journey would lead to the exposing of corruption within our own government up to the vice president and president of the US and continued right up to the UN! Once

the first domino fell, a series of events began to unfold. Operation Firewall began in July 2003 as an investigation into access device fraud before expanding into an investigation of global credit card fraud and identity theft. This case led to the inception of many laws being placed on the books to prosecute those who were perpetuating the crimes. The removal of spyware, malware, and malicious web sites that were trafficking in stolen identities, spam, hacking and even pornography are some of the positive results. My account of "Operation Firewall" will make Watergate look like child's play. It has led to over 4,000 cases and well over 64,000 arrests as of December 2005. The ramifications of this case will go on for years to come. As a result of the investigation, over \$260 billion per year is being saved by taking these criminals off the streets. It was a war that was fought without weapons but used computers coupled with a woman's intuition and common sense! Here is the inside story of "Operation Firewall," case number SSC\_2003R01260 as told by someone who is seeking Divine Justice.

**In der Umarmung der Einsamkeit. Life is a Story - story.one** Maximilian Johannes Walz, 2023-08-29 Als die Liveticker anfangen, die Leben zu lenken, sich die Einsamkeit wie ein zweites Virus verbreitet und jeden in sich aufnimmt. Doch was ist, wenn man sich in ihren Armen wohlfühlen beginnt, sich nicht losreißen möchte, sondern sich erdrücken lässt, wie bei ihm? Für

ihn fallen Lebenstraum und Realität gleichermaßen zusammen. Er wendet sich davon ab und flüchtet, ohne der Leere und dem Leid dieser Zeit zu entkommen zu können.
