**The True Story of Fake News** Mark Dice, 2017-11-03 Is fake news being spread through social media as part of an information war? Are political operatives publishing disinformation to smear the opposition and help their own agendas? Who creates fake news, how does it spread, and can it be stopped? What are the real world effects of fake news stories that go viral? Did it affect the outcome of the 2016 presidential election? Or is 'fake news' a fake problem, designed to justify tighter control over the mechanisms of sharing information online to drive audiences back to brand name media outlets because their audiences and influence are dwindling? Media analyst Mark Dice takes a close look at the fake news phenomenon and the implications of mega-corporations like Facebook, Google, and Twitter becoming the ultimate gatekeepers and distributors of news and information. You will see the powerful and deceptive methods of manipulation that affect us all, as numerous organizations and political activists cunningly plot to have their stories seen, heard, and believed by as many people as possible. The depths of lies, distortions, and omissions from traditional mainstream media will shock you; and now they're colluding with the top tech companies trying to maintain their information monopolies. This is *The True Story of Fake News*.

**Fake News** Melissa Zimdars, Kembrew McLeod, 2020-02-18 New perspectives on the misinformation ecosystem that is the production and circulation of fake news. What is fake news? Is it an item on Breitbart, an article in The Onion, an outright falsehood disseminated via Russian bot, or a catchphrase used by a politician to discredit a story he doesn't like? This book examines the real fake news: the constant flow of purposefully crafted, sensational, emotionally charged, misleading or totally fabricated information that mimics the form of mainstream news. Rather than viewing fake news through a single lens, the book maps the various kinds of misinformation through several different disciplinary perspectives, taking into account the overlapping contexts of politics, technology, and journalism. The contributors consider topics including fake news as "disorganized" propaganda; folkloric falsehood in the "Pizzagate" conspiracy; native advertising as counterfeit news; the limitations of regulatory reform and technological solutionism; Reddit's enabling of fake news; the psychological mechanisms by which people make sense of information; and the evolution of fake news in America. A section on media hoaxes and satire features an oral history of and an interview with prankster-activists the Yes Men, famous for parodies that reveal hidden truths. Finally, contributors consider possible solutions to the complex problem of fake news—ways to mitigate its spread, to teach students to find factually accurate information, and to go beyond fact-checking. Contributors Mark Andrejevic, Benjamin Burroughs, Nicholas Bowman, Mark Brewin, Elizabeth Cohen, Colin Doty, Dan Faltesek, Johan Farkas, Cherian George, Tarleton Gillespie, Dawn R. Gilpin, Gina Giotta, Theodore Glasser, Amanda Ann Klein, Paul Levinson, Adrienne Massanari, Sophia A. McClennen, Kembrew McLeod, Panagiotis Takis Metaxas, Paul Mihailidis, Benjamin Peters, Whitney Phillips, Victor Pickard, Danielle Polage, Stephanie Ricker Schulte, Leslie-Jean Thornton, Anita Varma, Claire Wardle, Melissa Zimdars, Sheng Zou

*Unpacking Fake News* H. James Garrett, Ashley N. Woodson, LaGarrett J. King, Esther Kim, Ellen Middaugh, Sarah McGrew, Joel Breakstone, Teresa Ortega, Mark Smith, Sam Wineburg, Avner Segall, Margaret Smith Crocco, Anne-Lise Halvorsen, Rebecca Jacobsen, Erica Hodgins, Joseph Kahne, Christopher H. Clark, Jennifer Hauver, 2019-03-08 Since the 2016 presidential election, the term fake news has become part of the national discourse. In this book, leading civic education scholars unpack why fake news is effective and show K-12 educators how they can teach their students to be critical consumers of the political media they encounter.

**The Nantucket Sea Monster** Darcy Pattison, 2017-12-13 Read Along or Enhanced eBook: Do you believe everything you read in the newspaper? Early in August 1937, a news flash came: a sea monster had been spotted lurking off the shore of Nantucket Island. Historically, the Massachusetts island had served as port for whaling ships. Eyewitnesses swore this wasn't a whale, but some new, fearsome creature. As eyewitness account piled up, newspaper stories of the sea monster spread quickly. Across the nation, people shivered in fear. Then, footprints were found on a Nantucket beach. Photographs were sent to prominent biologists for their opinion. Discussion swirled about raising a hunting party. On August 18, news spread across the island: the sea monster had been captured. Islanders ran to the beach and couldn't believe their eyes. This nonfiction picture book is a perfect tool to discuss non-political fake news stories. Back matter discusses the freedom of the press guaranteed by the First Amendment to the U.S. Constitution. Quotes from Thomas Jefferson make it clear that fake news has always been one of the costs of a free press. A Timeline lists actual events in the order they occurred. A vocabulary list defines relevant words.

*Really Fake* Alexandra Juhasz, Ganaele Langlois, Nishant Shah, 2021-07-13 More important than flagging things "really fake" is to understand why they are dismissed as fake. The new truth is the one that circulates: digital truth emerges from lists, databases, archives, and conditions of storage. Multiple truths may be activated through search, link, and retrieve queries. Alexandra Juhasz, Ganaele Langlois, and Nishant Shah respond by taking up story, poetry, and other human logics of care, intelligence, and dignity to explore sociotechnological and politico-aesthetic emergences in a world where information overload has become a new ontology of not-knowing. Their feminist digital methods allow considerations of internet things through alternative networked internet time: slowing down to see, honor, and engage with our past; invoking indeterminacy as a human capacity that lets multiple truths commingle on a page or in a body; and saving the truths of ourselves and our others differently from the corporate internet's perpetual viral movement. Writing across their own shared truisms, actors, and touchstones, the authors propose creative tactics, theoretical overtures, and experimental escape routes built to a human scale as ways to regain our capacities to know and tell truths about ourselves.

**Fake** Stephanie Wood, 2020-09 Women the world over are brought up to hope, even expect, to find the man of their dreams, marry and live happily ever after. When Stephanie Woods meets a sweet, sophisticated man who owns land and businesses, she embarks on an exhilarating romance with him. He seems compassionate, truthful and loving. He talks about the future with her. She falls in love. She also becomes increasingly beset by anxiety at the lavish three-act plays he offers her in the form of excuses for frequent cancellations and no-shows. She begins to wonder, who is this man? When she ends the relationship Stephanie switches back on her journalistic nous and uncovers a story of mind-boggling duplicity and manipulation. She also finds she is not alone; that the world is full of smart, sassy women who have suffered the attentions of liars, cheats, narcissists, fantasists and phonies, men with dangerously adept abilities to deceive. In this brilliantly acute and broad-ranging book, Wood, an award-winning writer and journalist, has written a riveting, important account of contemporary love, and the resilience of those who have witnessed its darkest sides. --Back cover.

**Fake** Clifford Irving, 2013 The story of Elmyr de Hory from his earliest days as a pupil of Leger in Paris, to his final escapades on the island of Ibiza.

**Fakebook** Dave Cicielli, 2013-09-17 This hilarious, irreverent, and profoundly honest memoir explores our cultural obsession with social media and dares to ask: Who is the real you and what is the story you tell others? At age 26, Dave Cicielli found himself at a crossroads. While his friends on Facebook appeared to have lives of nonstop accomplishments, his early adulthood felt disappointingly routine. So one October morning, Dave announced on Facebook that he was dropping everything and heading west. Many thought him brave--or crazy. No one guessed he was lying. Fake Dave set off on a wild adventure, toilet-papering an Amish horse and buggy, freight-hopping with a farmer's daughter, and being kidnapped by a religious cult. But the online prank quickly became a social experiment. People began connecting over his journey, and some were inspired to change their own lives. But as Fake Dave's popularity grew, the real Dave became increasingly isolated, struggling with the implications of his secret. Clever, funny, and surprisingly candid, *FAKEBOOK* is a true memoir of our digital age. It explores what the old ideas of reputation and relationships mean in our new world of constant connection and ultimately asks: How do you draw the line between your virtual self and who you really are? And can you

discover yourself on a journey that never took place?

**Fake News** Michael Miller,2019-01-01 While popularized by President Donald Trump, the term fake news actually originated toward the end of the 19th century, in an era of rampant yellow journalism. Since then, it has come to encompass a broad universe of news stories and marketing strategies ranging from outright lies, propaganda, and conspiracy theories to hoaxes, opinion pieces, and satire—all facilitated and manipulated by social media platforms. This title explores journalistic and fact-checking standards, Constitutional protections, and real-world case studies, helping readers identify the mechanics, perpetrators, motives, and psychology of fake news. A final chapter explores methods for assessing and avoiding the spread of fake news.

**After the Fact?** Marcus Gilroy-Ware,2020-11-10 Why do we no longer trust facts, experts and statistics? In this essential guide to the turbulent times in which we live, Marcus Gilroy-Ware investigates our era of post-truths and fake news and answers the question of where we can go from here. We are supposed to have more information at our disposal now than at any time in history. So why, in a world of rising sea levels, populist leaders, resurgent fascism and a global pandemic, do so many people believe bizarre and untrue things about the world we live in? In *After the Fact?*, Marcus Gilroy-Ware shows us what really created the conditions for mis- and disinformation, from fake news and conspiracy theories, to bullshit journalism and the resurgence of the far-right, and why liberal newspaper columnists and centrist politicians are unable to turn back this tide. Spanning politics, culture, psychology, journalism, and much more, *After the Fact?* is a timely wake-up call for those who believe we can simply go back to normal, and instead argues that, if we are to put an end to fake news we must deal with the broader social crises that are responsible for it.

**Broadcast Hysteria** A. Brad Schwartz,2015-05-05 On the evening of October 30, 1938, radio listeners across the United States heard a startling report of a meteor strike in the New Jersey countryside. With sirens blaring in the background, announcers in the field described mysterious creatures, terrifying war machines, and thick clouds of poison gas moving toward New York City. As the invading force approached Manhattan, some listeners sat transfixed, while others ran to alert neighbors or to call the police. Some even fled their homes. But the hair-raising broadcast was not a real news bulletin—it was Orson Welles's adaptation of the H. G. Wells classic *The War of the Worlds*. In *Broadcast Hysteria*, A. Brad Schwartz boldly retells the story of Welles's famed radio play and its impact. Did it really spawn a wave of mass hysteria, as *The New York Times* reported? Schwartz is the first to examine the hundreds of letters sent to Orson Welles himself in the days after the broadcast, and his findings challenge the conventional wisdom. Few listeners believed an actual attack was under way. But even so, Schwartz shows that Welles's broadcast became a major scandal, prompting a different kind of mass panic as Americans debated the bewitching power of the radio and the country's vulnerability in a time of crisis. When the debate was over, American broadcasting had changed for good, but not for the better. As Schwartz tells this story, we observe how an atmosphere of natural disaster and impending war permitted broadcasters to create shared live national experiences for the first time. We follow Orson Welles's rise to fame and watch his manic energy and artistic genius at work in the play's hurried yet innovative production. And we trace the present-day popularity of fake news back to its source in Welles's show and its many imitators. Schwartz's original research, gifted storytelling, and thoughtful analysis make *Broadcast Hysteria* a groundbreaking new look at a crucial but little-understood episode in American history.

**Deep Fakes, Fake News, and Misinformation in Online Teaching and Learning Technologies** Blankenship, Rebecca J.,2021-06-25 Choosing the right technologies to match student learning outcomes in today's technology-integrated classrooms presents educators and instructional designers with multiple curricula and instructional design challenges including selecting appropriate technologies to match desired student learning outcomes. As students continue to have broad access to information from a variety of web-based platforms, educators and educational professionals are increasingly tasked with ensuring the information used to complete key assignments or tasks is authentic and from a verifiable resource. As such, the era of deep fakes in images, audios, videos, and digital texts is more prevalent than ever as numerous programs using artificial intelligence (AI) can significantly alter original content to fundamentally change the intent of original content. Moreover, students are being bombarded by a plethora of information that is either intentionally or mistakenly false and must be navigated with care. Accordingly, educators and educational professionals are now tasked with employing best practices to not only teach basic digital literacy and citizenship skills but also to recognize how technology-immersed learning environments interact with deep fakes and misinformation while equipping students with the tools necessary to recognize authentic and altered content. *Deep Fakes, Fake News, and Misinformation in Online Teaching and Learning Technologies* is a critical reference source that addresses rising concerns of students' ability to navigate the multitude of false and altered information and content that is easily accessible through online platforms. The chapters go into deeper detail about how deep fakes, fake news, and mis- and dis-information have the potential of negatively affecting the fields of teaching and learning and the importance of student access to content-related tasks from legitimate, vetted resources that accurately reflect the desired information the student means to convey. The book seeks to reinforce the importance of digital literacy and digital citizenship among adolescents. This book is essential for teaching faculty, higher education faculty, higher education administrators, educational software developers, security specialists, information specialists, media specialists, librarians, educational researchers, and students looking for information on how deep fakes and fake news are being navigated within the context of online teaching and educational technologies.

**Navigating Fake News, Alternative Facts, and Misinformation in a Post-Truth World** Dalkir, Kimiz,Katz, Rebecca,2020-02-28 In the current day and age, objective facts have less influence on opinions and decisions than personal emotions and beliefs. Many individuals rely on their social networks to gather information thanks to social media's ability to share information rapidly and over a much greater geographic range. However, this creates an overall false balance as people tend to seek out information that is compatible with their existing views and values. They deliberately seek out "facts" and data that specifically support their conclusions and classify any information that contradicts their beliefs as "false news." *Navigating Fake News, Alternative Facts, and Misinformation in a Post-Truth World* is a collection of innovative research on human and automated methods to deter the spread of misinformation online, such as legal or policy changes, information literacy workshops, and algorithms that can detect fake news dissemination patterns in social media. While highlighting topics including source credibility, share culture, and media literacy, this book is ideally designed for social media managers, technology and software developers, IT specialists, educators, columnists, writers, editors, journalists, broadcasters, newscasters, researchers, policymakers, and students.

**My Friend Anna** Rachel DeLoache Williams,2019-07-23 NEW YORK TIMES BESTSELLER ONE OF TIME'S 100 BEST BOOKS OF THE YEAR Sex and the City meets *Bad Blood* and *Catch Me if You Can* in the astonishing true story of Anna Delvey, a young con artist posing as an heiress in New York City—as told by the former *Vanity Fair* photo editor who got seduced by her friendship and then scammed out of more than \$62,000. Rachel DeLoache Williams's new friend Anna Delvey, a self-proclaimed German heiress, was worldly and ambitious. She was also generous—picking up the tab for lavish dinners at *Le Coucou*, infrared sauna sessions at *HigherDOSE*, drinks at the 11 Howard Library bar, and regular workout sessions with a celebrity personal trainer. When Anna proposed an all-expenses-paid trip to Marrakech at the five-star *La Mamounia* hotel, Rachel jumped at the chance. But when Anna's credit cards mysteriously stopped working, the dream vacation quickly took a dark turn. Anna asked Rachel to begin fronting costs—first for flights, then meals and shopping, and, finally, for their \$7,500-per-night private villa. Before Rachel knew it, more than \$62,000 had been charged

to her credit cards. Anna swore she would reimburse Rachel the moment they returned to New York. Back in Manhattan, the repayment never materialized, and a shocking pattern of deception emerged. Rachel learned that Anna had left a trail of deceit—and unpaid bills—wherever she’d been. Mortified, Rachel contacted the district attorney, and in a stunning turn of events, found herself helping to bring down one of the city’s most notorious con artists. With breathless pacing and in-depth reporting from the person who experienced it firsthand, My Friend Anna is an unforgettable true story of “glamour, greed, lust for power” (The New York Times), and female friendship.
