A Toolkit for Self-service, Barrier-free Fare Collection Multisystems, Inc, Transit Cooperative Research Program, 2002 TRB's Transit Cooperative Research Program (TCRP) Report 80: A Toolkit for Self-Service, Barrier-Free Fare Collection addresses the full range of issues and parameters-including policy and enforcement issues, operational issues, and capital and equipment issues-that an agency must consider in determining the applicability of self-service fare collection systems.

The New York Cab Driver and His Fare Charles Vidich, 1976 Using information derived from research and interviews with cab drivers, Vidich has written a basic work on New York City cab drivers (hacks) that also provides passengers (fares) with a survival manual. Cab drivers are quoted by newspaper columnists, politicians, and at dinner parties; yet a hard look at the profession and its role in the transportation system of the city has been completely lacking. Vidich brings out in clear language the conflicts between the cab driver's position as a dispenser of a public service and his needs as a working person subjected to violence and pressure. It is difficult to imagine a more enjoyable introduction to an industry whose members are a folk tradition. At the same time, this book provides insight into the history and sociology of an important urban institution. It is a book about cab drivers everywhere; and cab drivers and fares in all cities have a new handbook in this volume

Hawker Fare James Syhabout, John Birdsall, 2018-01-23 From chef James Syhabout of two-Michelin-star restaurant Commis, an Asian-American cookbook like no other—simple recipes for cooking home-style Thai and Lao dishes James Syhabout's hugely popular Hawker Fare restaurant in San Francisco is the product of his unique family history and diverse career experience. Born into two distinct but related Asian cultures—from his mother's ancestral village in Isan, Thailand's northeast region, and his father's home in Pakse, Laos—he and his family landed in Oakland in 1981 in a community of other refugees from the Vietnam War. Syhabout at first turned away from the food of his heritage to work in Europe and become a classically trained chef. After the success of Commis, his fine dining restaurant and the only Michelin-starred eatery in Oakland, Syhabout realized something was missing—and that something was Hawker Fare, and cooking the food of his childhood. The Hawker Fare cookbook immortalizes these widely beloved dishes, which are inspired by the open-air “hawker” markets of Thailand and Laos as well as the fine-dining sensibilities of James's career beginnings. Each chapter opens with stories from Syhabout's roving career, starting with his mother's work as a line cook in Oakland, and

moving into the turning point of his culinary life, including his travels as an adult in his parents' homelands. From building a pantry with sauces and oils, to making staples like sticky rice and padaek, to Syhabout's recipe for instant ramen noodles with poached egg, Hawker Fare explores the many dimensions of this singular chef's cooking and ethos on ingredients, family, and eating well. This cookbook offers a new definition of what it means to be making food in America, in the full and vibrant colors of Thailand, Laos, and California.
