*Storm* Kim Hargreaves, Kathleen Hargreaves, Graham Watts (Photographer), 2013 Kim Hargreaves needs little introduction to seasoned knitters. Her flair for femininity and elegance has earned her worldwide fame as a knitwear designer. Rowan Yarns gave Kim her first job and fostered her career as a designer. Their prestigious bi-annual magazines, with exquisite photography, were a showcase for her talents for more than a decade. In this book, they have chosen to revisit 25 of her truly great designs in their favorite classic yarns: wools, mohairs and cottons, so there is something to knit all year round. There are smart little sweaters, soft cardigans, tailored jackets and cute tops, with beaded, textured, plain and lacy stitches, plus a few accessories. -- from publisher's website.

**After My Fashion** John Cowper Powys, 2009-06-04 After My Fashion has an unusual publishing history. Although it was John Cowper Powys' third novel and written in 1920, it wasn't published until 1980. It seems that when his US publisher turned it down Powys made no effort to place it elsewhere. Indeed, when Powys had finished a book he tended to be oddly indifferent to its fate. The novel has two other unusual features: its locations (Sussex and Greenwich Village); and Isadora Duncan being the inspiration for Elise, the dancer and mistress of the protagonist, Richard Storm (based quite largely on Powys himself). As one would expect from Powys the writing is vivid, not least in the descriptions of the Sussex landscape and the bohemian milieu of Greenwich Village.

*Storm World* Chris Mooney, 2008-08-04 An investigation into climate change and increasingly dangerous hurricanes from the New York Times—bestselling author of *The Republican War on Science*. A leading science journalist delves into a red-hot debate in meteorology: whether the increasing ferocity of hurricanes is connected to global warming. In the wake of Katrina, Chris Mooney follows the careers of leading scientists on either side of the argument through the 2006 hurricane season, tracing how the media, special interests, politics, and the weather itself have skewed and amplified what was already a fraught scientific debate. As Mooney puts it: “Scientists, like hurricanes, do extraordinary things at high wind speeds.” Mooney—a New Orleans native, host of the Point of Inquiry podcast, and author of *The Republican Brain*—has written “a well-researched, nuanced book” that closely examines whether we as a society should be held responsible for making hurricanes even bigger monsters than they already are (The New York Times). “Mooney serves his readers as both an empiricist who gathers data and an analyst who puts it into context. The result is an important book, whose author succeeds admirably in both his roles.” —The Plain Dealer “Engaging and readable . . . Mooney catches real science in the act and, in so doing, weaves a story as intriguing as it is important.” —Los Angeles Times Book Review “Mooney has hit upon an important and controversial topic, and attacks it with vigor.” —The Boston Globe “An absorbing, informed account of the politics behind a pressing contemporary controversy.” —Kirkus Reviews

*Storm Clouds* Yvonne Jordan, 2019-08-30 Storm and Sydney lived the idyllic life, three children and two dogs, with both Storm and Sydney having successful careers. Nothing could cloud this simple ordinary family's perfect life. Or so they thought. After all Sydney had a thriving bookstore which she loved passionately, and Storm was a well-known attorney with a prominent practice. Then the unthinkable happened and their world became darkened. Storm was missing. He did not come home from his business seminar. Maybe the world Sydney thought she knew did not exist. Is he dead? Is he really missing? Or Did he just abandon them? The amazing turn of events in this book will have you spellbound as the truth unfolds.

*Elsie de Wolfe's Paris* Charlie Scheips, 2014-10-28 Photographs and stories of the legendary hostess's extravagant parties and glamorous guests in the final months before the Nazis invaded France. The American decorator Elsie de Wolfe was the international set's preeminent hostess in Paris during the interwar years. She had a legendary villa in Versailles, where in the late 1930s she held two fabulous parties—her Circus Balls—that marked the end of the social scene that her friend Cole Porter perfectly captured in his songs, as the clouds of war swept through Europe. Charlie Scheips tells the story of these parties using a wealth of previously unpublished photographs and introducing a large cast of aristocrats, beauties, politicians, fashion designers, movie stars, moguls, artists, caterers, florists, party planners, and decorators. A landmark work of social history and a poignant vision of a vanished world, Scheips's book “culminates with de Wolfe's final grand fête, the second Circus Ball, which defined the glamour and decadence of international society before the lights went out all over Europe” (Gotham magazine).

*Dior by Avedon*, 2015-10-27 Richard Avedon's most indelible images of Dior fashions and portraits from the 1940s through the '70s, including many never-before-published photographs. Richard Avedon's iconic fashion work not only changed fashion photography but also changed the way the world looks at fashion. One of his most prolific collaborations was with the house of Dior, which can be traced back to 1947, just after the haute couture house had taken the Paris fashion world by storm. This lavish volume includes 150 iconic and many never-before-published photographs by Avedon, featuring glamorous models and celebrities, including Marlene Dietrich, Suzy Parker, Sunny Hartnett, Dovima, Carmen Dell'Orefice, Dorian Leigh, Capucine, Lauren Hutton, Anjelica Huston, and Barbra Streisand. Avedon's images document Dior's fashion, as well as fashion history from the 1940s through the '70s. With an eye for moments of grace, drama, and humor, as well as a mastery of light and contrast, Avedon captures the essence of Dior's elegant designs, the style and personality of the iconic women who wore them, and incredible moments in photography that will intrigue photography, art, and fashion lovers alike.

**Streetwear** King Adz, Wilma Stone, 2018-04-17 The definitive history of the world's most influential fashion trend from the people who wore it best The story begins in 1972 in Jersey City, the birthplace of Trash and Vaudeville, the first- ever streetwear shop; it then moves on to the start of punk, which was a decisive influence on what is considered “streetwear” today. From the dresser/casual movement born out of British soccer culture to the skater scene of California, from the paninari poseurs of Milan to the surfer dudes of Hawaii, the authors show how streetwear has permeated a vast range of seemingly disparate tribes. Streetwear recounts the remarkable history of how subcultural fashion trends have grown into a multi-billion-dollar global industry taking both high-end and fast fashion by storm. The intent behind streetwear remains the same: a powerful sense of identity and belonging. With more than 500 photographs and illustrations, exclusive interviews, profiles of industry pioneers, spotlights on significant brands, and snapshots of key cities, this is the complete history of fashion's fastest- growing and

most influential trend.

Storm Paolo Pellegrin,2010 Each issue of Fashion Magazine is given over to the work of a single photographer; to date, Bruce Gilden, Martin Parr, Lise Sarfati and Alec Soth have all created acclaimed and instantly collectible editions of the magazine. For its fifth issue, Fashion Magazine invites Italian photographer and photojournalist Paolo Pellegrin (born 1964) to build a narrative from an array of his images--aerial views, portraits, fashion photos and double-page advertising. Pellegrin presents some 200 images, some of which are spreads, and about half of which are full color. Pelegrin's photography has been the subject of six previous monographs, among them Kosovo 1999-2000: The Flight of Reason (2002), Double Blind (2007) and As I Was Dying (2007). He is a member of Magnum and a contract photographer for Newsweek.

The Red Flame Karen Elson,2022-09-20 One of fashion's most iconic redheads pens a moving coming-of-age story chronicling her professional and personal metamorphosis. At age eighteen, she took the fashion world by storm in a captivating Vogue Italia cover image by Steven Meisel. She's walked runways for Alexander McQueen, Chanel, Valentino, and Gucci and starred in countless campaigns. She's released two full-length albums. And she's advocated for model rights in the workplace. For sure, Karen Elson has emerged as a tour de force in the worlds of fashion and entertainment over her two decade-long career. For the first time, the British supermodel presents a poignant look into her life and work in book form. Exquisitely written, this tome details her childhood in a gritty industrial town in Northern England and her rise to fame as one of fashion's most unique faces to her evolution as a singer-songwriter and her thoughts on body image and the state of fashion up until the present day. Accompanied by legendary images by such photographers as Craig McDean, Annie Leibovitz, and Mert and Marcus, Elson's poetic--and at times haunting--prose brims with an intimacy that most fans have never encountered before. With contributions by Edward Enninfu, Tim Walker, and Grace Coddington, this beautifully crafted book is a powerful glimpse into the many sides and fiery spirit of one of the greatest muses of our time.

Fabric of Dreams Anthony Mark Hankins,Debbie Markley,1998 With his clothing line available at Nordstroms, Sears, J.C. Penney, and scores of other major retailers, Anthony Mark Hankins--the dynamic head of a \$40-million company--has taken the fashion world by storm. This is both Hankins' personal story and his exhortation to others to pursue their ambitions. 16 pages of photos.

DVF: Journey of a Dress Diane Von Furstenberg,2014-10-21 An unprecedented visual odyssey celebrating Diane von Furstenberg's forty years as a groundbreaking designer and fashion icon and the dress that started it all. In 1972, Diane von Furstenberg arrived in New York with a suitcase full of jersey dresses that she had made at her friend Angelo Ferretti's factory in Italy. Two years later and encouraged by Vogue editor in chief Diana Vreeland, the distinctive design of her timeless wrap dress took the fashion world by storm and has evolved into a multitude of much-loved variations ever since. As visually dynamic as the prints that made von Furstenberg famous, this vibrant and long-awaited volume collects for the first time the rich illustrated history of her career and celebrates the forty-year journey of the iconic wrap dress. Featuring photographs by Helmut Newton, Annie Leibovitz, and Francesco Scavullo, among many others, artwork by close friends such as Andy Warhol and Francesco Clemente, and pictures of wrap dress lovers past and present--from Jerry Hall and Iman to Penélope Cruz and Michelle Obama--this is the definitive, must-have DVF fashion book.
