Fernando Sor Fernando Sor,1998-06 The present new Urtext edition of Sor's didactic pieces takes a different approach to that taken by other editions even recent ones. In preparing the material for publication, Chanterelle strove to maintain a close adherence to the composer's own statements regarding the pieces as they appear in his various writings. At the same time, each individual reference was evaluated against other available historical evidence to determine the extent to which it truly represents Sor's applied technique, the way he actually performed these pieces himself. Opp.6, 12, 29, 31, 35, 44 & 60, with Historical Notes, Full Commentary, Thematic Index, and Playing Suggestions.

Mel Bay presents complete Sor studies Fernando Sor,1994-01-01 The guitar studies of Fernando Sor (1778-1839) have long been valued highly among the indispensable elements of a guitarist's training. A number of prominent virtuosi attribute a large portion of their development to the diligent study of these works. Sor's studies address an impressive array of technical and musical topics, including proper left-hand fingering, training of the right hand, interval and chord formations, scales, arpeggios, repeated notes, ligados, barring, natural harmonics, control of note duration, balance of melody versus accompaniment, and the handling of contrapuntal voices. A careful study of these pieces will lay the groundwork for a solid technique and allow the guitarist to build the control necessary for the expression of his or her musical concepts. In preparing this edition David Grimes worked with Sor's original publications, but incorporated some alterations that appear in those studies that Napoleon Coste chose to include in his *Methode complete pour la Guitarre par Ferdinand Sor*. Furthermore, Mr. Grimes has corrected misprints, modernized the notation and rectified some inconsistencies. Finally, some developments in technique since Sor's day have been incorporated in this edition.

Les Favorites des Salons for Classical Guitar Fernando Sor,2022-06-13 Virtuoso guitarist Fernando Sor (1778-1839) was also one of the instrument's preeminent composers. In addition he composed many works for other instruments in the forms of symphonies, ballet music, string quartets, and sacred vocal music among others. Although these works were often more popular at the time of their creation it is only his guitar works that are performed or recorded with any regularity today. Sor's life and career can essentially be divided into five periods associated with his residences in Spain (1778-1813), Paris (1813-1815), London (1815-1823),

Russia (through Paris, Berlin, and Warsaw, (1823-1826/7), and back to Paris (1826/7-1839) where he died. The present set of pieces originally written for piano solo dates almost entirely from his time in London. The musical forms taken are those of popular dances of the day. Included here are two sets of waltzes, three sets of quadrilles, and a lone mazurka published in Paris in 1835. In addition Sor's solo piano works included minuets, an arrangement of his Funeral March for Tsar Alexander (originally for military band), and arrangements of the overture, a largo, and a minuet from his own opera Telemaco. Only the works from Telemaco are known to have survived with the exception of one minuet that is a version of the final minuet in his Op.3 for guitar. They are not included here.
