The Storm Daniel Defoe,1704

The Storm's Betrayal Corry L. Lee,2021-04-27 For the rebellion to succeed, the great Stormhawk–Bourshkanya's paranoid, seemingly unkillable fascist leader–must die. For Celka, who uses magic in ways no one believed possible; Gerrit, the Stormhawk's son, returned to his side; and Filip, Gerrit's old friend, torn between duty and loyalty, the cost may be everything they hold dear.

After the Storm Timothy Arthur,2019-05-22

The Storm Defoe D., On the evening of 26th November 1703, a cyclone from the north Atlantic hammered into southern Britain at over seventy miles an hour, claiming the lives of over 8,000 people. For Defoe, bankrupt and just released from prison for seditious writings, the storm struck during one of his bleakest moments. But it also furnished him with the material for his first book, and in his powerful depiction of private suffering and individual survival played out against a backdrop of public calamity.

Storm Chasers Paul Quarrington,2013-12-24 Few people seek out the tiny Caribbean island of Dampier Cay–visitors usually wash up there by accident. But this weekend, three people are flying to the island, not for a tan or fun in the sun, but because they have reason to believe that they might encounter something there that most people take great measures to avoid—a hurricane. A lottery windfall and a few hours of selfishness have robbed Caldwell of all that was precious to him, while Beverly, haunted by tragedy and screwed by fate since birth, has given up on life. Also on the flight is Jimmy Newton, a professional storm chaser and videographer who will do anything for the perfect shot. Waiting for them at Dampier is the manager of the Water's Edge Hotel, Maywell Hope, a descendant of the pirates who sailed the Caribbean hundreds of years ago. As their stories unfold, the tragic underpinnings of Beverly and Caldwell's lives are revealed, a storyline that builds just as the hurricane looms ever-closer on the horizon. Cinematic and harrowing, Paul Quarrington's *Storm Chasers* is a tale of love and loss—and finding redemption in the eye of a hurricane.

The Storm Inside Sheila Walsh,2014-02-18 Women feel the storm activity all around. We find ourselves teetering somewhere between everyday chaos and crisis. We can feel a storm brewing, we are in the middle of a storm, or we are facing the aftermath of a storm. But don't be afraid because it is possible to grow through turbulent times. Storms show you what's really going on inside, reveal what you really believe, and actually make you stronger. In this powerful book Sheila will help you: Redefine your failures as a new beginning instead of an end. Replace the words always and never in your life with positive declarations of hope. Know with confidence how to help a friend in chaos or crisis.

Pseudo Alchemy Trouble Within Kurt Burnum,2018-03-23 When standing alone in the midst of the dragon's home. That sacred place which lies deep in the lives and times of the human race, its existence here on earth, and to those who have been created using the complexity of the truth. A little known gambler by the name of Filagree who has learned to understand the inner workings that have been created using a machine whose serenity and continuity of the lines and patterns that make up the inner workings of a star's quality, it's alignment to a constellation, also to those of the lonely ones who have been controlled by the formation of gravity. Only to be transcended by the higher power of an eternal soul versus the seeming endless power of the energy used by those of the stars!

The Weather War Stephanie A. Cain,2017-09-19 Princess Azmei died for her country three years ago—or so everyone but a trusted few believed. Having survived assassination attempts, the desert, dragons, and a treacherous plot designed to destroy her entire family, Azmei has finally managed to save her kingdom. Now she has to save the world. Azmei travels to Amethir, whose prince she promised three years ago to marry. With her is Hawk, the man who loves her, and Yar, the Voice of Dragons. They carry a terrifying message for the king of Amethir: the gods are waking and the world is about to shake. Prince Vistaren of Amethir has also received a frightening warning, this one from a powerful stormwitch—weather magic is failing. Patterns of storms are beginning to build outside their prescribed season. While the Stormwitch Academy officially denies any problems, there are hints of trouble yet to come. Azmei and Vistaren know they must act. But the king refuses to listen to them and the land is beginning to tear itself apart. Facing pirate attacks, seadragon swarms, and a strange woman who uses magic in a way no stormwitch should, Vistaren and Azmei know they must find a way to set things right. But what price is too high to save the world?

Alissa finds a secret Resistance outpost in Pangaea's icy northern wastes, while trying to understand why Reith seems to have abandoned her—as well as trying to remind herself that this is so not the time to fall for Janis, the charismatic rebel leader. As she faces a giant snow tiger she suddenly discovers that she can no longer rely on her enhanced abilities for survival in this uncertain new world. But the desert holds new dangers and the oasis cities are unprepared. Stolen military secrets, disrupted route-finding, and ambitious warlords are converging to inflict a deadly conclusion. The Resistance will be forced into open warfare before they have enough preparation to take on the heavily-armed invaders. And sometimes victory demands too high a price. The aftermath of a deadly battle in the desert sparks a power struggle at the heart of Irithen's military leadership. It will take everything Alissa and Reith can do to avert a disaster that would lead to their ultimate defeat. And that is when Alissa has to decide when breaking the rules to win has gone too far.
