Storm Warning Toni Anderson, 2013-07-15 Sorcha Logan is looking for peace. Recently returned to her hometown on Scotland's craggy coast, Sorcha wants to tame the spirits that made her flee. When she finds a corpse in the surf, however, she can't suppress the memory of discovering her father's body. Nor can she suppress the ghosts that haunt her—or the town's conviction that she's dangerous, and a witch. Ben Foley is looking for a killer. An American DEA agent, Ben is in town to investigate the suspicious death of his partner. He's sure that Sorcha knows more than she's letting on—but the more time he spends with the sexy suspect, the less he can fight their illicit attraction. And the less certain he is she's involved with a drug cartel. But can Ben protect Sorcha from being set up? Or worse—killed? 82,000 words

Dare me Victory Storm, 2023-04-26 Jake: "You will want me so badly that you will beg me to fuck you. You'll be so desperate that you'll do anything to have me." Edith: "You'll want me so badly that you'll beg me to love you. You will be so desperate that you will do anything to forget me when you realise you can never have me." A single summer threatens to burn Edith and Jake's souls from the moment they first met. Edith is ready to start college and realise her dream of becoming a lawyer. She has given her all to be admitted to one of the best universities in the country. Jake is graduating law school with flying colours, despite his unruly and rebellious life. Two different ways of life but a common goal: unacceptable for Edith, intriguing for Jake. The clash is inevitable and that holiday will soon become the scene of a war to the death. Two stinging tongues challenge each other, ready to tear each other to shreds, in a game of provocative glances and covert insults. However, one has to be careful, because if you play with fire, you risk getting burnt. Translator: LRizzi-Ernesto PUBLISHER: TEKTIME

The Storm Daniel Defoe, 1704

Category 5 Ernest Zebrowski, Judith A. Howard, 2007-05-08 The epic story of the real victims of a perfect storm—overwhelmingly the poor—left behind in the aftermath of a deadly hurricane "A riveting new book." —Tallahassee Democrat "Not simply an historical account of a storm thirty-seven years ago but a living, breathing entity brimming with the modern-day reality that, yes, it can happen again." —American Meteorological Society Bulletin Fascinating, easy-to-read, yet informative." —Richmond Times-Dispatch "Almost like sitting in front of the television watching the events unfold. A page-turner from the very first page." —Ruston Morning Paper "There is much we can all learn from this relevant and highly engaging chronicle." — Biloxi Sun Herald "A must-read for anyone who wants to take an emotional stroll through the rubble of these Gulf Coast fishing communities and learn what happened." —Apalachicola Times "Should be required reading for anyone living in the path of these terrible storms." —Moondance.org As the unsettled social and political weather of summer 1969 played itself out amid the heat of antiwar marches and the battle for civil rights, three regions of the rural South were devastated by the horrifying force of Category 5 Hurricane Camille. Camille's nearly 200 mile per hour winds and 28-foot storm surge swept away thousands of homes and businesses along the Gulf Coast of Louisiana and Mississippi. Twenty-four oceangoing ships sank or were beached; six offshore drilling platforms collapsed; 198 people drowned. Two days later, Camille dropped 108 billion tons of moisture drawn from the Gulf onto the rural communities of Nelson County, Virginia—nearly three feet of rain in 24 hours. Mountainsides were washed away; quiet brooks became raging torrents; homes and whole communities were simply washed off the face of the earth. In this gripping account, Ernest Zebrowski and Judith Howard tell the heroic story of America's forgotten rural underclass coping with immense adversity and inconceivable tragedy. Category 5 shows,

through the riveting stories of Camille's victims and survivors, the disproportionate impact of natural disasters on the nation's poorest communities. It is, ultimately, a story of the lessons learned—and, in some cases, tragically unlearned—from that storm: hard lessons that were driven home once again in the awful wake of Hurricane Katrina. Ernest Zebrowski is founder of the doctoral program in science and math education at Southern University, a historically black university in Baton Rouge, Louisiana, and Professor of Physics at Pennsylvania State University's Pennsylvania College of Technology. His previous books include *Perils of a Restless Planet: Scientific Perspectives on Natural Disasters*. Judith Howard earned her Ph.D. in clinical social work from UCLA, and writes a regular political column for the Ruston, Louisiana, Morning Paper.

The Storm Defoe D., On the evening of 26th November 1703, a cyclone from the north Atlantic hammered into southern Britain at over seventy miles an hour, claiming the lives of over 8,000 people. For Defoe, bankrupt and just released from prison for seditious writings, the storm struck during one of his bleakest moments. But it also furnished him with the material for his first book, and in his powerful depiction of private suffering and individual survival played out against a backdrop of public calamity.

Love Letters on Hazel Lane Jennifer Page, 2024-01-04 Scrabble fan Jo always seems to pick the wrong guys. Now she's moved to the Yorkshire village of Hebbleswick, and decided to give dating one last chance. This time, there's a catch: she will only date men whose names would score highly in her beloved word game. After Tarquin (16 points) proves just as disappointing as the rest, she meets low-scoring local doctor Ras (3 points). Her rules mean she can't date him – but when he asks her to organise a Scrabble festival with him, she can't say no. As the event draws nearer and Jo and Ras grow closer, will Jo ignore her rule and let true love blossom over the triple letter scores?

Freshwater Fury Frank Barcus, 1986 Up and down the Great Lakes, wherever captains and seamen met, one of the chief topics of conversation is still the Great Storm—the worst disaster in Great Lakes history. By men of the Lakes, November 9, 1913 will always be remembered as Black Sunday, for it brought death to hundreds of their companions and destruction to scores of ships of the Lakes fleet. Each man who survived the Storm has a fascinating story to tell. *Freshwater Fury* is the first comprehensive history of the Great Storm. Author Frank Barcus, who has met and talked with many survivors during his trips on Lakes freighters over the past twenty years, presents here their vivid eye-witness accounts. The many drawings, maps, and diagrams executed by the author add pictorial interest to the story of this dramatic struggle between men and the elements.

The Breaking of the Storm Cecil Alexander Little Brownlow, 1918

The Great Hurricane, 1938 Cherie Burns, 2007-12-01 “Before there was the Perfect Storm, there was the Great Hurricane of 1938. A riveting and wonderfully written account.” —Nathaniel Philbrick On the night of September 21, 1938, news on the radio was full of the invasion of Czechoslovakia. There was no mention of any severe weather. By the time oceanfront residents noticed an ominous color in the sky, it was too late to escape. In an age before warning systems and the ubiquity of television, this unprecedented storm

caught the Northeast off guard, obliterated coastal communities on Long Island and in New England, and killed nearly seven hundred people. The Great Hurricane, 1938 is a spellbinding hour-by-hour reconstruction of one of the most destructive and powerful storms ever to hit the United States. With riveting detail, Burns weaves together countless personal stories of loved ones lost and lives changed forever—from those of the Moore family, washed to sea on a raft formerly their attic floor, to Katharine Hepburn, holed up in her Connecticut mansion, watching her car take to the air like a bit of paper. “A very good book.” —The Washington Post

The Wrath of Irene Deluxe M. Dickey Drysdale, 2012-01-17 On August 28 Vermont was struck by Tropical Storm Irene. ... As much as seven inches of rain fell on an already saturated Green Mountain state. What resulted was a most imperfect storm that devastated some watersheds while leaving others relatively unaffected. Nowhere were the inequities of this storm more apparent than with the White River and its colorfully named tributaries ... Stony, Gilead, Thayer, Riford, Flint, Jail, and Camp Brook. This is the story of a storm, but also the storm stories that resulted.--Cover.

Storm George R. Stewart, 1974-09-12 Sweeping across the Pacific, a devastating storm wreaks havoc on San Francisco and the California coast and then moves relentlessly toward the Sierra Nevada, burying mountain passes and railroad tracks under tons of snow. First published in 1941, *Storm* presaged trends in literature and ecology that would appear decades later; an engrossing novel constructed by a master storyteller, it delineates an intricate web of humanity, wildlife, and landscape, all interacting in a drama that includes the weather itself in its cast of characters. Book jacket.

Blizzard!! the Great White Hurricane Timothy Minnich, 2019-12-30 THE BLIZZARD OF 1888, legendary in the annals of American weather history, was among the most ferocious winter storms ever to pound the Northeast. Many hundreds of people perished on land and sea during its three-day reign of terror, including some 200 in New York City alone - ground-zero for this storm. In his debut novel, Tim Minnich paints a vibrant New York City landscape in the weeks leading up to what has been coined The Great White Hurricane. Bound to fascinate weather enthusiasts, history buffs, and general readers alike, Minnich captures the suspense which culminates in this awesome display of nature, all while vividly depicting life in late Nineteenth Century Manhattan. On Sunday evening March 11th, the denizens of this great metropolis go to sleep completely unaware they'd be awakening to a howling blizzard. All except for young William Roebling, a brilliant meteorologist recently transferred to the New York Office of the US Army's fledgling Signal Service Corps - the agency responsible for the nation's first weather forecasts. Will has painstakingly developed an ingenious system allowing him to predict this historic event days in advance, but his unconvinced Commanding Officer, for political reasons, orders his silence. A conflicted Will feels he must alert his loved ones, and does - only to find himself in a battle for his life at the height of the storm. Minnich deftly combines the drama and excitement of the blizzard with its profound impact on those unfortunate enough to have been caught in its path, simultaneously weaving an engaging tale of true love, faith, and the indomitable human spirit.
