S'organiser pour réussir David Allen, 2015-10-01 Vous croulez sous vos listes de tâches au travail et à la maison ? La méthode GTD (Getting Things Done, d'après le titre américain du livre) ou l'art de l'efficacité sans le stress est une méthode qui permet d'accroître vos capacités d'organisation, votre efficacité et votre créativité sans multiplier vos efforts. Déjà appliquée dans les plus grandes entreprises internationales, elle peut transformer radicalement votre manière de vivre et de travailler. Son principe : votre efficacité est directement proportionnelle à votre capacité à vous détendre. Si votre esprit est clair et vos idées organisées, vous pouvez améliorer vos performances sans subir de stress. Ce livre vous apprend à : - réévaluer vos objectifs au fur et à mesure que les priorités changent - vous débarrasser du sentiment d'être débordé, anxieux, stressé, impuissant... - planifier et matérialiser vos projets - accepter de ne pas pouvoir tout faire en même temps. « Les stratégies que propose David Allen pour s'acquitter de sa charge de travail sont inestimables. Lisez ce livre ! » - Ken Blanchard, coauteur du *Manager minute*.

The Consumerist Manifesto Martin P. Davidson, 2013-09-27 Advertising is no longer on the defensive. It has survived the snobbery of the 50s, the conspiracy theories of the 60s and the semiology of the 70s to be embraced and apotheosised by the 80s. The Consumerist Manifesto is the first book to examine the advertising process from within the agency itself, and from the wider perspective of advertising's dual relationship as both consumer and object, with contemporary cultural theory. Martin Davidson follows the creation of successful campaigns and explores how advertising has succeeded in setting the tone for even larger aspects of our material and personal lives. With the impact of postmodernism and popular culture, and the subsequent collapse of the old anti-advertising critique, the book reveals how advertising came to be embraced as the idiom of the enterprise culture, and how it became central to the decades assault on traditional notions of political and cultural value. Martin Davidson explores the wider implications of advertising's dominance for cultural theory, art, anthropology and language. Finally, Martin Davidson asks how this new critique will have to develop if the industry's new credibility is to be maintained.

Using an innovative study of nurses conducted by the Royal College of Nursing, Michael Traynor analyses the relationship between nurses and their managers, looking at the contrasting ways in which each group argues its case and presents its identity. Managerialism and Nursing will be stimulating reading for anyone interested in the future of the health service and also serves as a highly readable introduction to postmodern approaches to analysis.

Earl,1995 This text, which is designed for intermediate-level students of microeconomics, offers a series of alternative approaches to economic analysis. It emphasizes practical problem-solving, making it relevant to students of business and commerce. As well as neoclassical microeconomics, it seeks to promote an awareness of different approaches, including the application of behavioural-institutionalist economics to real world problems. Rather than emphasizing technical set pieces, this book offers students a range of approaches such as behavioural theories of consumer choice and institutional analysis of the economics.

The Girl in the Park Anna Lester,2016-01-14 The Girl in the Park is a dark and gripping psychological thriller from debut author Anna Lester. I'm not a bad person, but maybe I did a bad thing . . . Life is good for Anna Wright. She's a successful media executive working for one of the UK's largest TV corporations. She's got a great boyfriend, some close friends and a lovely home. She adores her dog, Wispa, and she loves to run to help her de-stress. But Anna's perfect life starts to crumble from the moment when, out jogging on the Heath one day, she meets a handsome stranger. She takes a route into unfamiliar territory, and then she has to face the consequences. There's a dark, growing creepiness as the atmosphere becomes unsettled and, as Anna's professional life becomes increasingly pressured and poisonous, her obsession with the intriguing stranger intensifies. Originally published as Rebound by Aga Lesiewicz.

Come on Down? Dominic Strinati, Stephen Wagg, 2004-02-24 *Come on Down* represents an introduction to popular media culture in Britain since 1945. It discusses the ways in which popular culture can be studied, understood and appreciated, and covers its key analytical issues and some of its most important forms and processes. The contributors analyse some of popular culture's leading and most representative expressions such as TV soaps, quizzes and game shows, TV for children, media treatment of the monarchy, Pop Music, Comedy, Advertising, Consumerism and Americanization. The diversity of both subject matter and argument is the most distinctive feature of the collection, making it a much-needed and extremely accessible, interdisciplinary introduction to the study of popular media culture. The contributors, many of them leading figures in their respective areas of study, represent a number of different approaches which themselves reflect the diversity and promise of contemporary theoretical debates. Their studies encompass issues such as the economics of popular culture, its textual complexity and its interpretations by audiences, as well as concepts such as ideology, material culture and postmodernism.

Clinical Management of Memory Problems (2nd Edn) (PLE: Memory) Barbara Wilson, Nick Moffat, 2014-05-09 Many patients with stroke, head injuries or dementia suffer severe memory impairment and in many cases improvement may fail to occur. This book, first published in 1984 followed by this second edition in 1992, offers practical guidelines to the problems and is supported by a discussion of theory about memory systems and functioning. It should enable therapists and psychologists to recognize, understand, assess and manage memory problems arising from injury, accident or infection of the brain. The authors are well-known for their interest in memory and memory therapy. Topics covered in this text include: the relationship between memory and practice, assessment, methods for improving memory, organization of memory therapy, selection of appropriate treatments for individual patients, role of the microcomputer in memory rehabilitation, use of drugs in stimulating memory, development of programmes to improve attention and the treatment of the memory-impaired in groups. This second edition has an update on drugs, electronic aids and assessment procedures, with further evidence of the effectiveness of memory therapy. This book would have been an asset for those professionals involved in the rehabilitation of the impaired memory at the time and can still be of value today.

Meeting the English Kate Clanchy, 2015-03-03 Exceptional . . . Clanchy has a wincingly accurate eye for social comedy, a vivid descriptive sense, and profound understanding of her characters. This is a delectable read. --Daily Mail (UK) In response to an advertisement, Struan Robertson, orphan, genius, and just seventeen, leaves his dour native town in Scotland, and arrives at a creaky mansion in London in the freakishly hot summer of 1989. His job, he finds, is to care for playwright and one-time literary star Phillip Prys, dumbfounded and paralyzed by a massive stroke, because, though Phillip's two teenage children, two wives, and a literary agent all rattle 'round his large house, they are each too busy with their peculiar obsessions to do it themselves. As the city bakes, Struan finds himself tangled in a midsummer's dream of mistaken identity, giddy property prices, wild swimming, and overwhelming passions. For everyone, it is to be a life-changing summer. Kate Clanchy's *Meeting the English* is a bright book about dark subjects--a tale about kindness and its limits, told with love. It is a coming of age story for anyone who has ever felt themselves to be an outsider; a love story for the awkward; and a comedy for anyone who has ever lived in a family. Written by an acclaimed writer of poetry, non-fiction, and short stories, this glorious debut novel is spiked with witty dialogue and jostling with gleeful, zesty characters.
