Jangles: A Big Fish Story David Shannon, 2016-09-27 Bestselling storyteller David Shannon instantly hooks readers with this stunning, highly entertaining tour-de-force--his best book ever! Breathtaking oil paintings bursting with energy pull readers along into Big Lake, the home of Jangles, the biggest fish anyone has seen. Fishing alone at dusk, a boy feels a tug on his line and comes face-to-face with the gigantic trout--whose enormous jaw is covered with so many lures and fish hooks that he jingles and jangles when he swims. Terrified by the sight, the boy is shocked when Jangles befriends him and takes him on an adventure to the bottom of the lake. A surprise ending will leave readers laughing and shaking their heads. Here is Shannon at his very best in a wild and witty story that begs repeated reading.

Fidgety Fish Ruth Galloway, 2018-09-01 Tiddler is a fidgety fish, darting and wriggling all over the place. His mom tells him to go out into the sea and swim until he's tired. But watch out for the Big Fish, she warns him. Tiddler has a great time exploring but then he finds a big, dark cave!

FISH STORY. ALLAN. SEKULA, 2003

The Story of Fish and Snail Deborah Freedman, 2013-06-13 Every day, Snail waits for Fish to come home with a new story. Today, Fish's story (about pirates!) is too grand to simply be told: Fish wants to show Snail. But that would mean leaving the familiar world of their book—a scary prospect for Snail, who would rather stay safely at home and pretend to be kittens. Fish scoffs that cats are boring; Snail snaps back. Is this book too small for the two feuding friends? Could this be THE END of The Story of Fish and Snail? Deborah Freedman, author of Blue Chicken, has created a sweet and playful story about friendship that truly jumps off the page.

Fish Story Katharine Andres, 1993 When he encounters a very large fish that agrees to grant him a wish, Craig invites him home to meet his family.

Catching a Storyfish Janice N. Harrington, 2016-11-04 A Kirkus Reviews Best Book of the Year This lyrical middle-grade novel-in-verse celebrates the power of story and of finding one's individual voice. Keet knows the only good thing about moving away from her Alabama home is that she'll live near her beloved grandfather. When Keet starts school, it's even worse than she expected, as the kids tease her about her southern accent. Now Keet, who can talk the whiskers off a catfish, doesn't want to open her mouth. While fishing with her grandfather, she learns the art of listening and gradually, she makes her first new friend. But just as she's beginning to settle in, her grandfather has a stroke, and even though he's still nearby, he suddenly feels ever-so-far-away. Keet is determined to reel him back to her by telling him stories; in the process she finds her voice and her grandfather again.

Grandmother Fish Jonathan Tweet, 2016-09-06 Where did we come from? It's a simple question, but not so simple an answer to explain—especially

to young children. Charles Darwin's theory of common descent no longer needs to be a scientific mystery to inquisitive young readers. Meet Grandmother Fish. Told in an engaging call and response text where a child can wiggle like a fish or hoot like an ape and brought to life by vibrant artwork, Grandmother Fish takes children and adults through the history of life on our planet and explains how we are all connected. The book also includes comprehensive backmatter, including: - An elaborate illustration of the evolutionary tree of life - Helpful science notes for parents - How to explain natural selection to a child

A staggering 3,001 bass caught in a single short summer season on Long Island. A grueling 37-hour fight with Pacific salmon. Sometimes truth is stranger than fiction! From crazy billfish quests to the scientist who hooked a grizzly, from fish catches man horror stories to those nutty catfish noodlers who grope into the murkiest holes bare-handed, here are fishing's most unpredictable and spectacular tales. Shaun Morey traveled the world—including Alaska, Australia, Mexico, and the Caribbean—to interview anglers, boat captains, guides, and witnesses who can say: Yes, this really happened! Includes illustrations, photos, and links to videos.

A Great Fish Story Barney A. Johnson,2014-03-25 In a moving tale about eco-conservation, "A Great Fish Story," attempts to shed light on a few of the, sometimes unseen, consequences of human involvement in the ocean. From the depletion of one creature's food supply, to threatening the habitat of others, fishermen and even beach bums are getting on the nerves of a community of those who live in the ocean. Mr. Dolphin, Mr. Great White, the sperm whale, the tunas, the blue fish, and all the way down to the small tropical fish, weigh in on the situation at hand, and what, if anything, they plan on doing to protect themselves and their home...

Nanook & Pryce Ned Crowley,2011-11-15 Breakfast break puffins pass Giant wake Bye-bye bass Round and round warning bark Fearless hound Scaredy sharks Two oblivious fishermen and an intrepid dog who scares away sharks star in this cleverly written, whimsically illustrated story with a subtle environmental message. Nanook, Pryce, and Yukon go out ice fishing for breakfast one morning when the next thing they know, they are adrift on the high seas. The accidental tourists escape sharks (or are the sharks escaping them?) and giant squid, wriggle out of fishnets, dodge hungry pelicans, and inadvertently partake in all kinds of adventures. Do You Speak Fish? DJ Corchin,2021-08-31 A simple yet heartwarming story that demonstrates how to overcome communication barriers and better understand those who identify with different cultures When a child meets a fish and says hello, the fish does not respond. The child is shocked. What a rude fish! But soon the child learns that it's not up to the fish to speak the child's language. A Fish Story Keith Faulkner, Jonathan Lambert, 1994 A boy catches a tiny gray fish in his net, but it soon grows so large he must put it back in the ocean.

The Dead Fish Museum Charles D'Ambrosio, 2006-04-18 "In the fall, I went for walks and brought home bones. The best bones weren't on trails—deer and moose don't die conveniently—and soon I was wandering so far into the woods that I needed a map and compass to find my way home. When winter came and snow blew into the mountains, burying the bones, I continued to spend my days and often my nights in the woods. I vaguely understood that I was doing this because I could no longer think; I found relief in walking up hills. When the night temperatures dropped below zero, I felt visited by necessity, a baseline purpose, and I walked for miles, my only objective to remain upright, keep moving, preserve warmth. When I was lost, I told myself stories . . ." So Charles D'Ambrosio recounted his life in Philipsburg, Montana, the genesis of the brilliant stories collected here, six of which originally appeared in *The New Yorker*. Each of these eight burnished, terrifying, masterfully crafted stories is set against a landscape that is both deeply American and unmistakably universal. A son confronts his father's madness and his own hunger for connection on a misguided hike in the Pacific Northwest. A screenwriter fights for his sanity in the bleak corridors of a Manhattan psych ward while lusting after a ballerina who sets herself ablaze. A Thanksgiving hunting trip in Northern Michigan becomes the scene of a haunting reckoning with marital infidelity and desperation. And in the magnificent title story, carpenters building sets for a porn movie drift dreamily beneath a surface of sexual tension toward a racial violence they will never fully comprehend. Taking place in remote cabins, asylums, Indian reservations, the backroads of Iowa and the streets of Seattle, this collection of stories, as muscular and challenging as the best novels, is about people who have been orphaned, who have lost connection, and who have exhausted the ability to generate meaning in their lives. Yet in the midst of lacerating difficulty, the sensibility at work in these fictions boldly insists on the enduring power of love. D'Ambrosio conjures a world that is fearfully inhospitable, darkly humorous, and touched by glory; here are characters, tested by every kind of failure, who struggle to remain human, whose lives have been sharpened rather than numbed by adversity, whose apprehension of truth and beauty has been deepened rather than defeated by their troubles. Many writers speak of the abyss. Charles D'Ambrosio writes as if he is inside of it, gazing upward, and the gaze itself is redemptive, a great yearning ache, poignant and wondrous, equal parts grit and grace. A must read for everyone who cares about literary writing, *The Dead Fish Museum* belongs on the same shelf with the best American short fiction.
