*Fishtailing* Wendy Phillips,2010-04-01 Teen violence, bullying and the burning quest to fit in are presented in the poems of four unforgettable high school students: Natalie, Kyle, Tricia, Miguel. Their stories unfold in this explosive book, told in free verse. A story of teen angst like no other, it is based on fictional characters but is rooted in the realities of the teen experience. When Natalie moves to a new high school she befriends three unwitting victims into her spider-web of manipulations, lies and deceit. Through the poetry and assignments of an English class we glimpse the world of the four teens. Natalie, whose alcoholic parents, years of neglect and ultimate rape by her father's friend have shaped her into a cruel and manipulative teen; Tricia, dealing with her blended family, is drawn into Natalie's forbidden world of partying and rebellion; Kyle, a would-be musician, is in love with Tricia; and Miguel who lusts for Natalie while hiding the secrets of his family. The story weaves us through their poetry, their lives and culminates at a party where the four lives fishtail out of control. English class will never be the same.

**The History of the Peoples of the Eastern Desert** Hans Barnard,Kim Duistermaat,2012-12-31 The last quarter century has seen extensive research on the ports of the Red Sea coast of Egypt, the road systems connecting them to the Nile, and the mines and quarries in the region. Missing has been a systematic study of the peoples of the Eastern Desert--the area between the Red Sea and the Nile Valley--in whose territories these ports, roads, mines, and quarries were located. The historical overview of the Eastern Desert in the shape of a roughly chronological narrative presented in this book fills that gap. The multidisciplinary perspective focuses on the long-term history of the region. The extensive range of topics addressed includes specific historical periods, natural resources, nomadic survival strategies, ancient textual data, and the interaction between Christian hermits and their neighbors. The breadth of perspective does not sacrifice depth, for all authors deal in some detail with the specifics of their subject matter. As a whole, this collection provides an outline of the history and sociology of the Eastern Desert unparalleled in any language for its comprehensiveness. As such, it will be the essential starting point for future research on the Eastern Desert. Includes a CD of eleven audio files with music of the Ababda Nomads, and six short videos of Ababda culture.
