*Shorts That Fit Well* Wayne E. Beyea, 2019-11-13 *Shorts That Fit Well* is a collection of short stories that includes fiction and non-fiction anecdotes. Each tale will inspire good feelings and smiles. Author Wayne Beyea playfully invokes times long since passed while sharing universal emotions that time does not touch. He recollects the beauty of taking in an injured dog and the revelation of new puppies. He explores an innocent child's view of God, begging the question, "Is He good, or is He bad?" (Also, God, why are brothers so annoying?) His fictional characters admire the beauty of nature amidst life's chaos while building unexpected relationships with wild creatures. Beyea time-travels to his days as a sixth grader and introduces one tough teacher. He also swings through the life of a man just returned from war as he is questioned about his experiences and judged in ways he does not deserve. Whether fact or fiction, each story in this collection mimics reality and entertains with a gentle touch.

*Gay Shorts* Iain Dale, 2015-02-19 When Matthew Todd, editor of the bestselling gay lifestyle magazine *Attitude*, approached broadcaster and political pundit Iain Dale asking him to write a monthly column for the publication, Dale did not have to think twice about his answer. That was back in early 2013 and, since then, Dale has written over twenty columns - or 'gay shorts' - on a variety of subjects appealing to *Attitude's* readership and beyond. Although initially brought on board to bring more politics to the magazine than its usual contributors, Dale's columns have strayed well beyond the realms of his briefing. Ranging from the emotional and personal to the humorous and sarcastic, his writing is always thought-provoking and entertaining. Now, in one accessible volume, comes a compilation of Dale's best pieces in this fantastic magazine. If you've never read *Attitude* before, here is all the encouragement you need to take out a subscription!

**How to Make Shorts and Slacks Patterns That Fit Perfectly!** Sarah J. Doyle, 2018-09-06 Slacks are usually the hardest garment to get to fit properly. Not so when you begin by using YOUR OWN measurements! When you use a commercial pattern you get a pattern that is closest to your measurements, then start to adjust the pattern to try to get it to fit properly. By making your own patterns, you use your measurements, so the pattern has no choice but to fit you. It makes no difference if you're heavy set, pencil thin, tall or short, or anywhere in between, you're going to have a pattern and garment that will fit YOUR measurements perfectly. Throughout this book we'll be using a sample set of measurements and you will simply substitute your own waist and hip measurement, your own crotch measurement, and of course, use the length you'd like to wear your slacks and shorts.
