Underdog Michael Z. Lewin, 2016-01-05 A moving and uproarious portrait of a modern American loser from the award-winning author of the *Albert Samson Mysteries* Small-time hustler and ex-jailbird Jan Moro is trying hard to make an honest living for a change. Never at a loss for a story or a moneymaking idea, he discovers that finding a backer, or even a place to sleep, in the alleys and bars of Indianapolis can lead a guy into worlds of trouble. Reminiscent of the works of Elmore Leonard, with its loquacious, larger-than-life protagonist and singular cast, *Underdog* is a comedy about life, death, and cashing in.

Postracial Resistance Ralina L. Joseph,2018-10-09 How Black women in the spotlight negotiate the post-racial gaze of Hollywood and beyond From Oprah Winfrey, Michelle Obama, and Shonda Rhimes to their audiences and the industry workers behind the scenes, Ralina L. Joseph considers the way that Black women are required to walk a tightrope. Do they call out racism only to face accusations of being called “racists”? Or respond to racism in code only to face accusations of selling out? Postracial Resistance explores how African American women celebrities, cultural producers, and audiences employ postracial discourse—the notion that race and race-based discrimination are over and no longer affect people’s everyday lives—to refute postracialism itself. In a world where they’re often written off as stereotypical “Angry Black Women,” Joseph offers that some Black women in media use “strategic ambiguity,” deploying the failures of post-racial discourse to name racism and thus resist it. In Postracial Resistance, Joseph listens to and observes Black women as they perform and negotiate race in strategic ambiguity. Using three methods of media analysis—textual readings of the media's representation of these women; interviews with writers, producers, and studio executives; and audience ethnographies of young women viewers—Joseph maps the tensions and strategies that all Black women must engage to challenge the racialized sexism of everyday life, on- and off-screen.

Oliver Cromwell’s Kin, 1643-1726 David Farr,2023-07-07 This study centres

around three leading military statesmen who served under Oliver Cromwell but were also his kin and shared the experiences of the civil wars, John Disbrowe (1608–80), Henry Ireton (1611–51), and Charles Fleetwood (1618–92). It seeks to develop our picture of their positions from the context of their kin link to Cromwell and how their private worlds shaped their public roles, how kinship was part of the functioning of the Cromwellian state, how they were seen and presented, and how this impacted on their own lives, and their kin, before and after the Restoration. Cromwell's career can be explored further by considering figures in his kinship network to show how the public and private overlapped and influenced each other through their interaction before and after 1660. This study aims to consider the trajectory of elements of Cromwell's network and how its functioning and the interaction of its constituent parts over time shaped the politics of the years 1643 to 1660 but also how the survival of some networks after 1660 were continuing communities of those willing to own their memories of the civil wars, regicide, and Cromwell. A study of aspects of Cromwell's kin also provides examples of the continuities between those who resisted the Stuarts in the 1640s and 1650s and did so again in the 1680s. Suitable for specialists in the area and students taking courses on early modern British, European and American history as well as those with a more general interest in the period.

The Forgery: Best Intentions George Payne Rainsford James, 2020-09-28 One of the finest characters in the world was the old English merchant. We may and have improved upon many things, but not upon that. A different spirit reigns in commerce from that which ruled it long ago, and not a better one. We are more the shopkeeper, as a celebrated but not a great man called us, and less the merchant. As a people, our commerce is more extended, but the separate transactions are smaller; and minute dealings almost always produce paltry minds. Not at all do I mean to say that the old English merchant is without his representatives; but they are fewer than in other times, both with reference to our numbers and to our extended trade. There are many still, however, whose notions are as vast and as just as those of any of our ancestors; and amongst them, not very long ago, was a gentleman of the name of Humphrey Scriven. He was a highly-educated and naturally-gifted man, the son of wealthy and respectable parents in a class of society peculiar to England--the untitled country gentry; and he had been originally intended for the church. Circumstances, however, are to most men fate. He became acquainted, by some mere accident, with the only daughter of a rich merchant--admired, loved her, and won her love in return. He was a younger son; but, nevertheless, her father was a kind and liberal man, and he consented to their marriage upon one condition: that Mr. Scriven should abandon his intention of entering the church, and become a merchant like himself. He fancied that he had perceived in the young man a peculiar aptitude for

business, and he was not mistaken. Mr. Scriven became his son-in-law, his partner, and his successor; and well did he bear up the name and honour of the house. It was a fine thing to see him, some twenty years after his marriage, when, with the business of the day over, he sat in his splendid house in St. James's Square, surrounded by his family, and often associated with the noblest and the proudest of the land. His wife was no longer living, but she had left him four very handsome children. She had herself been remarkably beautiful, and her husband was as fine a looking man as eye could see--tall, graceful, vigorous, and possessing that air of dignity which springs from dignity of mind. From the moment that five o'clock struck, Mr. Scriven cast off all thought and care of business; for, though there were, of course, with him as with other men engaged in similar pursuits, fluctuations and changes, bad speculations, failing debtors, and wrecked ships, still his transactions were too extensive for the loss of a few thousand pounds here or there to weigh upon his mind; and, being of a cheerful and happy disposition, he spread sunshine through his dwelling.

Resurrection Row Anne Perry, 2009-09-29 It is a most incredible sight: a corpse sitting at the reins of a hansom cab--and not just any corpse, but the body of a peer of the realm. To Inspector Thomas Pitt and his wife, Charlotte, this macabre apparition seems like sheer lunacy. Who would ever want to exhume a decently buried old chap like Lord Augustus Fitzroy-Hammond? A doctor insists that Lord Augustus's death was natural. But as far as the

police are concerned, there's certainly nothing natural about any of this gristly aftermath. Inspector Pitt is determined to unearth the truth—even if the digging puts his own life at perilous risk.

Until the Last Dog Dies Robert Guffrey,2017-11-21 What happens when all humor is wiped off the face of the Earth? Around the world, an unusual viral plague is striking the population. The virus attacks only one particular section of the brain. It isn't fatal, but it results in the victim's sense of humor being obliterated. No one is immune. Elliot Greeley, a young stand-up comedian starving his way through alternative comedy clubs in Los Angeles, isn't even certain the virus is real at first. But as the pandemic begins to eat away at the very heart of civilization itself, the virus affects Elliot and his close knit group of comedian friends in increasingly personal ways. What would you consider the end of the world? *Until the Last Dog Dies* is a sharp, cutting satire, both a clever twist on apocalyptic fiction and a poignant look at the things that make us human.

The family consisted of three daughters who were similar in appearance but had differences in character, and a son who was spoiled and taught to value wealth above all else.
