Someone will throw three (or more) cubes and the player has to improvise a story using the pictures that are facing up. The story can be as long (or as short) as the player wants, but it has to consist of all the pictures the cubes are showing.This product is designed to encourage your kids to practice telling stories and help them relax and feel good while coloring! ****INCLUDE**** 1) 20+ Story cube templates. 2) 30+ A blank cube template for you and your students to make your own story cubes. **STEPS:** 1.Ask the kids to color the six photo sides of the cube. Make sure the strips for folding are not decorated because they will be folded inwards and are therefore not visible once the cube is finished. 2.Once the cube is decorated you cut

out the template if you have not already done so. 3.Fold the folding strips inwards and build the cube by putting glue on the folding strips. Make sure the folding strips are glued inwards so they are not covering any drawings. Once the cube has been folded and the glue has dried the cubes are ready to use. With each new shake, new possibilities will emerge allowing creativity and imagination to go wild! From the very young to the very old, Story Cubes will engage and inspire everyone at your gaming table!
