The Floating Book Michelle Lovric, 2013-06-03  
Venice, 1468. Sosia Simeon, a free-spirited sensualist, is the lover of many men in the fabled city, though married to one she despises. On the edge of the Grand Canal, Wendelin von Speyer sets up the first printing press in Venice and looks for the book that will make his fortune. When he tempts fate by publishing Catullus, the poet whose desperate and unrequited love inspired the most tender and erotic poems of antiquity, a scandal is set in motion that will change all their lives forever.

**The Art of Floating** Kristin Bair  
O'Keeffe, 2014-04-01 At a time when nothing seems real, it takes something truly unusual to put your life into focus. When her beloved husband Jackson disappeared without a trace, popular novelist Sia Dane stopped writing, closed down her house, stuffed her heart into a cage, and started floating. It wasn't the normal response to heartache, but Sia rarely did things the normal way. Exactly one year, one month, and six days after Jackson's disappearance, Sia discovers a mysterious man on the beach. He's mute, unresponsive, and looks as if he has just walked out of the sea. It's the sort of situation Jackson would have solved with a simple call to the police. But Jackson is gone. As unreal as he seems, Sia is determined to help this man. Perhaps she can return him to his place in the world—to whoever lost him and loves him. Perhaps she can answer their questions the way no one could answer hers. But as her friends and family help her

winnow her way to the truth, Sia comes to realize that the unfathomable leap between sorrow and healing begins with a single step.

*The Floating World* C. Morgan Babst, 2017-10-17  
“Set in New Orleans, this important and powerful novel follows the Boisdoré family . . . in the months after Katrina. A profound, moving and authentically detailed picture of the storm’s emotional impact on those who lived through it.”  
—People In this dazzling debut about family, home, and grief, C. Morgan Babst takes readers into the heart of Hurricane Katrina and the life of a great city. As the storm is fast approaching the Louisiana coast, Cora Boisdoré refuses to leave the city. Her parents, Joe Boisdoré, an artist descended from freed slaves who became the city’s preeminent furniture makers, and his white “Uptown” wife, Dr. Tess Eshleman, are forced to evacuate without her, setting off a chain of events that leaves their marriage in shambles and Cora catatonic—the victim or perpetrator of some violence mysterious even to herself. This mystery is at the center of Babst’s haunting and profound novel. Cora’s sister, Del, returns to New Orleans from the successful life she built in New York City to find her hometown in ruins and her family deeply alienated from one another. As Del attempts to figure out what happened to her sister, she must also reckon with the racial history of the city and the trauma of a disaster that was not, in fact, some random act of God but an avoidable tragedy visited on New Orleans’s most vulnerable citizens. Separately and together, each member of the Boisdoré clan must find the strength to remake

home in a city forever changed. The Floating World is the Katrina story that needed to be told—one with a piercing, unforgettable loveliness and a vivid, intimate understanding of this particular place and its tangled past.

Floating to Space John M. Powell, 2008 Book & DVD. From the Space Shuttle, to Soyuz, to Spaceship One, riding the explosion at the bottom of a rocket has historically been the only path to space. Is there another way? Floating to Space is an overview of the new technology of space-bound airships. What, the Goodyear blimp goes to Mars? Yes! The technology called ATO, Airship to Orbit is being developed right now. Hypersonic airships and cities floating at the edge of space are all part of this seemingly impossible idea. Beyond describing the concept, this book shows the amazing adventure of those who are building these giant craft and throwing them into the sky. Not

just a fantasy, this book shows photographs and details from the nearly one hundred development flights conducted so far. . . Included are descriptions of the environment where these craft fly to the edge of space. New findings such as life twenty miles up and mile high plasma volcanoes are introduced for the first time outside of scientific journals. This book shows you how AT0 is to be accomplished from a project and economic prospective. It also details the progress so far and lays out a blueprint of what is to come. Includes a DVD of remarkable footage taken during the many test flights of JP Aerospace's unique experiments floating to space.

Floating City Sudhir Venkatesh, 2014-08-26 New York is a city of highs and lows, where wealthy elites share the streets with desperate immigrants and destitute locals. Bridging this economic divide is New York's underground economy, the invisible network of illicit transactions between rich and poor that secretly weaves together the whole city. Sudhir Venkatesh, acclaimed sociologist at Columbia University and author of *Gang Leader for a Day*, returns to the streets to connect the dots of New York's divergent economic worlds and crack the code of the city's underground economy. Based on Venkatesh's interviews with prostitutes and socialites, immigrants and academics, high end drug bosses and street-level dealers, *Floating City* exposes the underground as the city's true engine of social transformation and economic prosperity—revealing a wholly unprecedented vision of New York. A memoir of sociological investigation, *Floating City* draws

from Venkatesh's decade of research within the affluent communities of Upper East Side socialites and Midtown businessmen, the drug gangs of Harlem and the sex workers of Brooklyn, the artists of Tribeca and the escort services of Hell's Kitchen. Venkatesh arrived in the city after his groundbreaking research in Chicago, where crime remained stubbornly local: gangs stuck to their housing projects and criminals stayed on their corners. But in Floating City, Venkatesh discovers that New York's underground economy unites instead of divides inhabitants: a vast network of "off the books" transactions linking the high and low worlds of the city. Venkatesh shows how dealing in drugs and sex and undocumented labor bridges the conventional divides between rich and poor, unmasking a city knit together by the invisible threads of the underground economy. Venkatesh closely follows a dozen New Yorkers locked in the underground economy. His greatest guide is Shine, an African American drug boss based in Harlem who hopes to break into the elusive, upscale cocaine market. Without connections among wealthy whites, Shine undertakes an audacious campaign of self-reinvention, leaving behind the certainties of race and class with all the drive of the greatest entrepreneurs. As Shine explains to Venkatesh, "This is New York! We're like hummingbirds, man. We go flower to flower. . . . Here, you need to float." *Floating City: A Rogue Sociologist Lost and Found in New York's Underground Economy* chronicles Venkatesh's decade of discovery and loss in the shifting terrain of New York, where research subjects might disappear suddenly and new

allies emerge by chance, where close friends might reveal themselves to be criminals of the lowest order. Propelled by Venkatesh's numerous interviews and firsthand research, *Floating City* at its heart is a story of one man struggling to understand a complex global city constantly in the throes of becoming.

**Floating to the Surface** steven ross

keith,2010-09-01 *floating to the surface* is a transition book taking me from poetry as rhymes and phrasing to a more narrative style that seems to be leading me to prose maybe my next novel. these are memory poems composed from the flashing lights of remembering what was and what might have been.

*Floating Coast: An Environmental History of the Bering Strait* Bathsheba Demuth,2019-08-20 A groundbreaking exploration of the relationship between capitalism, communism, and Arctic ecology since the dawn of the industrial age. Whales and walruses, caribou and fox, gold and oil: through the stories of these animals and resources, Bathsheba Demuth reveals how people have turned ecological wealth in a remote region into economic growth and state power for more than 150 years. The first-ever comprehensive history of Beringia, the Arctic land and waters stretching from Russia to Canada, *Floating Coast* breaks away from familiar narratives to provide a fresh and fascinating perspective on an overlooked landscape. The unforgiving territory along the Bering Strait had long been home to humans—the Inupiat and Yupik in Alaska, and the Yupik and Chukchi in Russia—before Americans and Europeans

arrived with revolutionary ideas for progress. Rapidly, these frigid lands and waters became the site of an ongoing experiment: How, under conditions of extreme scarcity, would the great modern ideologies of capitalism and communism control and manage the resources they craved? Drawing on her own experience living with and interviewing indigenous people in the region, as well as from archival sources, Demuth shows how the social, the political, and the environmental clashed in this liminal space. Through the lens of the natural world, she views human life and economics as fundamentally about cycles of energy, bringing a fresh and visionary spin to the writing of human history. *Floating Coast* is a profoundly resonant tale of the dynamic changes and unforeseen consequences that immense human needs and ambitions have brought, and will continue to bring, to a finite planet.

**The Floating Island** Pablo Medina, 1999 Pablo Medina These poems resonate of paradise, be it imagined, remembered, found, or lost. From simplicity of nocturnes singing of a nostalgia for what never was to the complexity of boleros speaking in three languages-love, hope, and betrayal-these poems show us a gifted poet who has grafted the Latin sensibilities of his youth onto an international sense of imagery, rhythm, and vision.

*The Hope of Floating Has Carried Us This Far*  
Quintan Ana Wikswo, 2015-05-18 When love, lust, and longing, have all but killed you, and Newtonian physics has become too painfully restrictive, is it possible to find freedom in another dimension? Have you lost the will to live, or the will to live as human? Castaways in unmapped terrain, the characters in *The Hope of Floating Has Carried Us This Far* burrow underground in tunnels made by ancient nautilus. They lay eggs by the seashore, and greet the sailors who come to carry those eggs away. And each by each, they choose to live—but to surrender their human forms. From within their peculiar neither-here-nor-there-doms, they learn to live in unbounded states, with edges that can no longer be marked, and meanings that can no longer be defined. Quintan Ana Wikswo is a writer and visual artist recognized for adventurous works that integrate her fiction, poetry, memoir, and essay with her photographs, performances, and films. Her works are published, performed, and exhibited throughout the world, including anthologies, artist books, magazines such as *Tin House*, *Guernica*, *Conjunctions*, the *Kenyon Review*, and *Gulf Coast*, and in multiple solo museum exhibitions in New York City and Berlin. A human rights worker for two decades, she now uses salvaged government typewriters and cameras to navigate known, unknown, and occluded worlds, especially obscured sites where crimes against

humanity have taken place. She lives in Brooklyn.

And it makes the first look like child's play... **Geishas and the Floating World** Stephen Longstreet, Ethel Longstreet, 2020-03-24 *Geishas and the Floating World* returns readers to a lost world of sensuality and seduction, rich with hedonism, abandon, and sexual and personal politics. *Floating World* refers to Japan's traditional Geisha pleasure districts, but also to the artistic and literary worlds associated with them. At the heart of the *Floating World* and the system it supported was an extensive network of talented courtesans and entertainers, typified by the still fascinating, enigmatic Geisha. Stephen and Ethel Longstreet bring the reader on an in-depth tour of the original and most infamous red-light district in Japan--the Yoshiwara district of old Tokyo that underwent tremendous changes during the more than three centuries of its existence. Beyond the erotic allure the district held, the Yoshiwara also fostered a rich culture and a much studied and revered artistic and literary tradition. This account is adorned with examples of fine woodblock prints and quotations from often bawdy, and always colorful, original sources that offer a gripping portrait of life within the pleasure zone. *Geishas and the Floating World* balances scholarly insights with a master storyteller's flair for the exploits and intrigues of people operating outside the confines of polite society. Stephen Mansfield's

new introduction bridges time, examining gender realities and the Yoshiwara through contemporary eyes, highlighting often overlooked subtleties and the harsh realities associated with this glittering world.

**The Floating Field** Scott Riley, 2021-03-02 On the island of Koh Panyee, in a village built on stilts, there is no open space. How will a group of Thai boys play soccer? After watching the World Cup on television, a group of Thai boys is inspired to form their own team. But on the island of Koh Panyee, in a village built on stilts, there is no open space. The boys can play only twice a month on a sandbar when the tide is low enough. Everything changes when the teens join together to build their very own floating soccer field. This inspiring true story by debut author Scott Riley is gorgeously illustrated by Nguyen Quang and Kim Lien. Perfect for fans of stories about sports, beating seemingly impossible odds, and places and cultures not often shown in picture books. A compelling book for football [soccer] fans and readers seeking examples of ingenuity.—starred, Publishers Weekly

*How It Feels to Float* Helena Fox, 2019-05-07 A Kirkus Reviews Best Book of the Year A Chicago Public Library Best of the Best of the Year Profoundly moving . . . Will take your breath away. —Kathleen Glasgow, author of *Girl in Pieces* A stunningly gorgeous and deeply hopeful portrayal of living with mental illness and grief, from an exceptional new voice. Biz knows how to float. She has her people, her posse, her mom and the twins. She has Grace. And she has her dad, who tells her

about the little kid she was, and who shouldn't be here but is. So Biz doesn't tell anyone anything. Not about her dark, runaway thoughts, not about kissing Grace or noticing Jasper, the new boy. And she doesn't tell anyone about her dad. Because her dad died when she was seven. And Biz knows how to float, right there on the surface—normal okay regular fine. But after what happens on the beach—first in the ocean, and then in the sand—the tethers that hold Biz steady come undone. Dad disappears and, with him, all comfort. It might be easier, better, sweeter to float all the way away? Or maybe stay a little longer, find her father, bring him back to her. Or maybe—maybe maybe maybe—there's a third way Biz just can't see yet. Debut author Helena Fox tells a story about love and grief, about inter-generational mental illness, and how living with it is both a bridge to someone loved and lost and, also, a chasm. She explores the hard and beautiful places loss can take us, and honors those who hold us tightly when the current wants to tug us out to sea. Give this to all [your] friends immediately.
