Zhang Yang was a professional gamer in the first and most fantastic game that revolutionized the world: God's Miracle. A game where traditional knowledge in RPGs did not matter anymore, players would have to manually target and evade attacks, giving rise to a significant gap in skill between a professional and an amateur gamer. Zhang Yang's downfall came a little too soon. His girlfriend was snatched, his guild was harassed and disbanded, and he was even driven to commit suicide! Jumping off the top floor of a hotel, Zhang Yang seemed as though he was soaring like a phoenix. Little did he know that the end of his life also signified his rise from the ashes!

Fashion History Around The World 1st Edition Astrid Kusumowidagdo,Janet Teowarang,Marini Yunita Tanzil, This book project started with the assignment of Art and Culture exploration, which is one of the most favorite courses in the Fashion Product Design and Business Study Program at UC.

Good students' responses deliver excellent results. Students were not only learning to understand the knowledge of fashion history but also be able to visualize it well, with their own concepts. As a matter of fact, in student-oriented learning, courses that describe history are not only oriented to the activity of memorizing history but emphasize more contextually.

Icon and Evidence Margaret Gibson, 2001-10-01 With *Icon and Evidence*, Margaret Gibson gives us poems grounded in reverence and inquiry and sensuous delight. She extends and enriches the lyric poem, finding it capacious and durable enough to embrace short and longer meditations, epistles, persona poems, and narratives. Whether their concerns are intimate, spiritual, or social, these are poems of atonement essentially faithful to experience and its revelations, more so than to any specific creed or doctrine. The task to be faithful is both aesthetic and spiritual; to use words faithfully is how Gibson clarifies her encounters with the Absolute within the relative and mutable things of this world. The opening poem situates the poet beneath an endless sky of stars and dark emptiness: "But dear God, all I want is to be here, / my tiny anguish and my joy / a moment's notice, an equivalent cry." The book divides into four sections: Canticle, Complaint, Confession, and Compline. Like the Psalms, the poems praise with one voice, then turn to note human failure, error, and injustice. They contemplate the ways of desire, then enter "the mission of solitude," turning from social practice to meditative practice, "summoned / into pain and darkness by an intrepid joy." Traditionally, one who makes an icon does so in an attitude of contemplation, the finished icon uniting image and spirit in a presence that challenges and confronts the one who stands before it. Evidence has the force of both data and document, but it also includes "the evidence of things not seen." In this rich and powerful collection, Gibson uses both icon and evidence to probe the human heart—its entanglements and its freedom.

Dark Side G. F. McHugh,2005-02 Exploiting the natural rhythms of traditional English poetry along with the power of rhyme, G. F. McHugh brings a modern perspective to comic verse, whether the subject be primitive cave dwellers evocative of the Neanderthals, the aged inhabitants of an English village, or a miscellany of weird characters. The unlikely relationship of these varied folk to modern awareness is evoked in brief, hard-hitting poems that must produce, in readers young and mature, an irreverent chuckle.

Street Style Brent Luvaas,2016-04-07 Winner of the 2019 John Collier Jr Award Street style blogging has experienced a meteoric rise in popularity over the last decade. Amateur photographers, often with no formal training in fashion, have become critical arbiters of taste and trends, influencing the representations that appear in magazines and on runways, and putting new cities on the fashion world map. This cutting-edge book documents the evolution of street style photography, from the fieldwork photos of early anthropology to the glamorized snapshots that appear on blogs today, and explores the structural shifts in the global fashion industry that street style has helped bring about. Chronicling author and anthropologist Brent Luvaas' experience over three years of blogging through vivid street imagery and rich ethnographic detail, this book turns the lens of street style photography back onto anthropology itself, arguing that the phenomenon is a powerful mode of amateur ethnography. Bloggers blur the distinction between

professional and amateur, insider and outsider, self and brand. This book documents that blur from the ground level-from the streets of Philadelphia to the sidewalks of New York Fashion Week. *Street Style* is an essential read for students and scholars of fashion, anthropology, sociology, media and cultural studies, and fans of street style photography alike.
