Fastnet Force 10 John Rousmaniere,2000-05-02 In August 1979, 303 yachts began the 600-mile Fastnet Race from the Isle of Wight off the southwest coast of England to Fastnet Rock off the Irish coast and back. Shelter in a Time of Storm Jelani M. Favors,2019-02-08 2020 Museum of African American History Stone Book Award 2020 Lillian Smith Book Award Finalist, 2020 Pauli Murray Book Prize For generations, historically Black colleges

and universities (HBCUs) have been essential institutions for the African American community. Their nurturing environments not only provided educational advancement but also catalyzed the Black freedom struggle, forever altering the political destiny of the United States. In this book, Jelani M. Favors offers a history of HBCUs from the 1837 founding of Cheyney State University to the present, told through the lens of how they fostered student activism. Favors chronicles the development and significance of HBCUs through stories from institutions such as Cheyney State University, Tougaloo College, Bennett College, Alabama State University, Jackson State University, Southern University, and North Carolina A&T. He demonstrates how HBCUs became a refuge during the oppression of the Jim Crow era and illustrates the central role their campus communities played during the civil rights and Black Power movements. Throughout this definitive history of how HBCUs became a vital seedbed for politicians, community leaders, reformers, and activists, Favors emphasizes what he calls an unwritten second curriculum at HBCUs, one that offered students a grounding in idealism, racial consciousness, and cultural nationalism.

The Approaching Storm Alan Dean Foster,2003 In the years since the events of Star Wars: The Phantom Menace, the Republic has continued to crumble and, more and more, the Jedi are needed to help the galactic government maintain order. As Star Wars: Episode II opens, Obi-Wan Kenobi and Anakin Skywalker have just returned from a mission on a world called Ansion. Written by beloved Star Wars veteran Alan Dean Foster, and starring a new character from the Episode II, The Approaching Storm tells the story of that daring mission. The Republic is decaying, even under the leadership of Supreme Chancellor Palpatine, who was elected to save the galaxy from collapsing under the forces of discontent. On the tiny but strategic planet of Ansion, a powerful faction is on the verge of joining the growing secessionist movement. The urban dwellers wish to expand into the prairies outside their cities - the ancestral territory of the fierce, independent Ansion nomads. If their demands are not met, they will secede - an act that could jump-start a chain reaction of withdrawal and rebellion by other worlds of the Republic. At the Chancellor's request, the Jedi Council sends two Jedi Knights, Obi-Wan Kenobi and Luminara Unduli, to resolve the conflict and negotiate with the elusive nomads. Undaunted, Obi-Wan and Luminara, along with the their Padawans Anakin Skywalker and Barriss Offee, set out across the wilderness. Many perils lie waiting to trap them. The Jedi will have to fulfil near-impossible tasks, befriend wary strangers, and influence two great armies to complete their quest, stalked all the while by an enemy sworn to see the negotiations collapse and the mission fail.
