Marco Cascella

*Anarchy and Legal Order* Gary Chartier,2012-11-12 This book elaborates and defends the idea of law without the state. Animated by a vision of peaceful, voluntary cooperation as a social ideal and building on a careful account of non-aggression, it features a clear explanation of why the state is illegitimate, dangerous and unnecessary. It proposes an understanding of how law enforcement in a stateless society could be legitimate and what the optimal substance of law without the state might be, suggests ways in which a stateless legal order could foster the growth of a culture of freedom, and situates the project it elaborates in relation to leftist, anti-capitalist and socialist traditions.

*Real Prison Real Freedom* Rosser McDonald,2020-05-19 Prisons, an integral part of society, generally are not familiar to most people. Length of sentence and treatment by others in the prisons vary widely. The immediate “Man-in-charge” of each prison unit is the warden, who has some flexibility within TDCJ guidelines. Warden Dr. Keith Price gained a reputation for turning around some chaotic prison units. He knows from experience that at best, prisons are very difficult places for people, whether they are behind the bars or in front of them. “People that wind up in prison, inmates, generally are society’s rejects,” Price said. “They’ve been unable to do the things other people do to make life a success, whether it’s because of an abusive parent, addiction to some substance, stupidity, being unable to read or write, they’ve been failures and have chosen alternate means, that is crime.” Price also knows officers have a challenging life, “The correctional officer, has to deal with people so maladjusted that society says they can’t live amongst them anymore. It’s conflict day after day, hour after hour and it really takes a toll, from broken marriages to financial problems to substance abuse. It’s continual.” The Texas Prison System was named “one of the best” in the country by a leading penology expert. However, shortly after that, a Federal Judge took control of the entire Texas Department of Corrections for “unconstitutional treatment” of inmates. TDC denied and resisted many of the reforms the judge ordered. The result was chaos. Too few guards, rampant gangs, gang wars and overcrowding were the norm for several years. The court kept control 20 years and finally the prison system adapted to the new (and constitutional) ways of operating. At the same time Texas prison population doubled, and more than doubled, again. During that time, 19-year-old Rickie Smith began a 10-year sentence in TDC on a drug charge. He joined the gang wars, in the Aryan Brotherhood and then made his own personal war with prison officers. He could have been released in a few short years, but, in 3 separate trials juries added 3 ninety-nine-year sentences for him to serve. Trial transcripts have many references in testimonies to how dangerous Rickie Smith is--even calling him “the most violent inmate” in TDC. *REAL PRISON / REAL FREEDOM* is a biography of Rickie Smith and how his life intersects with the woes of the prison system and with Warden Keith Price. Naturally, he wanted out, knowing that realistically it will never happen. Officials told him he’ll never get out. Then came the impossible that shocked everyone, especially Rickie.

*The Legal Theory of Carl Schmitt* Mariano Croce,Andrea Salvatore,2013-10-11 The Legal Theory of Carl Schmitt provides a detailed analysis of Schmitt’s institutional theory of law, mainly developed in the books published between the end of the 1920s and the beginning of the 1930s. By reading Schmitt’s overall work through the lens of his institutional turn, the authors offer a strikingly different interpretation of Schmitt’s theory of politics, law and the relation between these two domains. The book argues that Schmitt’s adherence to legal institutionalism was a key theoretical achievement, based on serious reconsideration of the main flaws of his own decisionist paradigm, in the light of the French and Italian institutional theories of law. In so doing, the authors elucidate how Schmitt was able to unravel many of the impasses that affected his previous conceptual framework. The authors also make comparisons between Schmitt and other leading legal theorists (H. Kelsen, M. Hauriou, S. Romano and C. Mortati) and explain why the current legal debate should take into serious account his legacy.

**Da Nang Diary** Tom Yarborough,2013-11-05 “[An] intimate account of a Forward Air Controller working with the Special Forces on their secret operations in South Vietnam and Laos . . . Don’t miss it!” (John Prados, author of *Storm Over Leyte*). Originally published in 1991, this classic work has now been revised and updated with additional photos. It is the story of how, in Vietnam, an elite group of Air Force pilots fought a secret air war in Cessna 0-2 and OV-10 Bronco prop planes—flying as low as they could get. The eyes and ears of the fast-moving jets who rained death and destruction down on enemy positions, the forward air controller made an art form out of an air strike—knowing the targets, knowing where friendly troops were, and reacting with split-second, life-and-death decisions as a battle unfolded. The expertise of the low, slow FACs, as well as the hazard attendant to their role, made for a unique bird’s-eye perspective on how the entire war in Vietnam unfolded. For Tom Yarborough, who logged 1,500 hours of combat flying time, the risk was constant, intense, and electrifying. A member of the super-secret “Prairie Fire” unit, Yarborough became one of the most frequently shot-up pilots flying out of Da Nang—engaging in a series of dangerous secret missions in Laos. In this work, the reader flies in the cockpit alongside Yarborough in his adrenaline-pumping chronicle of heroism, danger, and wartime brotherhood. From the rescuing of downed pilots to taking out enemy positions, to the most harrowing extended missions directly overhead of the NVA, here is the dedication, courage and skill of the fliers who took the war into the enemy’s backyard.

**Islamic State as a Legal Order** Federico Lorenzo Ramaioli,2022-04-04 This book explores the legal dimension of the Islamic State, an aspect which has hitherto been neglected in the literature. ISIS’ dystopian experience, intended as a short-lived territorial and political governance, has been analyzed from multiple points of view, including the geopolitical, social and religious ones. However, its legal dimension has never been properly dealt with in a comprehensive way, assuming as a point of reference both the Islamic and the Western legal tradition. This book analyzes ISIS as the expression of a potential though never fully realized legal order. The book does not describe ISIS’ possible classifications according to the standards and the criteria of international law, such as its possible statehood or proto-statehood, issues that are however touched upon. Rather, it analyzes ISIS’ own legal awareness, based on the group’s literary materials, which show a considerable amount of juridical work. Such material, mainly propagandistic in its nature, is essential in understanding which kind of legal order ISIS aimed at establishing. The book will be of interest to students and academics in the fields of Law, International Relations, Political Sciences, Terrorism Studies, Religion and Middle Eastern Studies.

**Force&sortw Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Force&sortw has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Force&sortw has opened up a world of possibilities. Downloading Force&sortw provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Force&sortw has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Force&sortw. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Force&sortw. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers,

and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Force&sortw, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Force&sortw has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

**FAQs About Force&sortw Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Force&sortw is one of the best book in our library for free trial. We provide copy of Force&sortw in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Force&sortw. Where

to download Force&sortw online for free? Are you looking for Force&sortw PDF? This is definitely going to save you time and cash in something you should think about.
