**Consuming Behaviours** Erika Rappaport, Sandra Trudgen Dawson, Mark J. Crowley, 2020-05-26 In twentieth-century Britain, consumerism increasingly defined and redefined individual and social identities. New types of consumers emerged: the idealized working-class consumer, the African consumer and the teenager challenged the prominent position of the middle and upper-class female shopper. Linking politics and pleasure, Consuming Behaviours explores how individual consumers and groups reacted to changes in marketing, government control, popular leisure and the availability of consumer goods. From football to male fashion, tea to savings banks, leading scholars consider a wide range of products, ideas and services and how these were marketed to the British public through periods of imperial decline, economic instability, war, austerity and prosperity. The development of mass consumer society in Britain is examined in relation to the growing cultural hegemony and economic power of the United States, offering comparisons between British consumption patterns and those of other nations. Bridging the divide between historical and cultural studies approaches, Consuming Behaviours discusses what makes British consumer culture distinctive, while acknowledging how these consumer identities are inextricably a product of both Britain's domestic history and its relationship with its Empire, with Europe and with the United States.

**Never Say You've Had a Lucky Life** Joseph Epstein, 2024-04-16 A rich and comic portrait of the radical changes in American life and the literary world over the last eighty years. An autobiography usually requires a justification. The great autobiographies—those by Benvenuto Cellini, Jean-Jacques Rousseau, Benjamin Franklin, and Henry Brooks Adams—were justified by their authors living in interesting times, harboring radically new ideas, or

participating in great events. Joseph Epstein qualifies on none of these counts. His life has been quiet, lucky in numerous ways, and far from dramatic. But it has also been emblematic of the great changes in our country since World War II. He grew up in a petit-bourgeois, Midwestern milieu, and the city of Chicago looms large in his life. He drew a lucky ticket in the parent lottery and his was a happy boyhood spent on playgrounds and hanging around drug stores. At high school dances, he was the rhumba king and at drive-in movies he was never allowed to go as far with girls as he so ardently desired. At twenty-six, after two years in the army, he found himself married, the father or stepfather of four children, and living in New York on the meager salary of a magazine subeditor. He was ablaze with ambition and fettered by frustration. He broke out by moving to Little Rock, Arkansas, to direct the city's anti-poverty program at the height of the Civil Rights movement. His writing career blossomed, he began teaching at Northwestern University, and, for twenty-five years, edited one of great intellectual magazines. *Never Say You've Had a Lucky Life* is an intimate look at one life steeped in radical change: from a traditionally moral culture to a therapeutic one, from an era when the extended family was strong to its current diminished status, from print to digital life featuring the war of pixel on print, and on. But for all the seriousness of Epstein's themes, this book is memorable for its comic point of view and the constant reminder of how unpredictable, various, and wondrously rich life can be.

*Masters of the Games* Joseph Epstein, 2015-01-09 In this collection, his twenty-fifth book, Joseph Epstein departs from writing about literature and culture to indulge his fondness for the world of sport in all its forms. In these essays and stories on such subjects as saving Joe DiMaggio's reputation from the clutches of an iconoclastic biographer, marveling at the skills of Michael Jordan, shaking free of an addiction to radio sports talk shows, or contemplating the changing nature of the games he grew up with and played as a boy, Epstein turns writing about sports into an art at once penetrating and highly amusing.

*One Visit* MD. JABIDUL ISLAM, There's a battle around every corner, how far would you go to afford exemption? 'One Visit is a raw, uncompromising novel exploring a grimly compelling and contemporary world of drug addiction with its predators and prey.'

----- Frankie Gibbs, an unambitious adolescent on Universal Credit, wants nothing more than to keep his brother Dazzler out of the North Wales care system. Poverty isn't Frankie's only obstacle, as their boozing, coke-head single-parent father, Guy Gibbs, heaps misery on their lives through systematic abuse and never-ending wild parties. Dazzler's bright, but at just twelve years old, isn't mentally prepared for the turmoil unfolding around him. Not least once Justin, an acquaintance from Frankie's school days now turned drug dealer, rocks up on the scene. Such gnarly environments either make or break a kid, but where do you turn when everyone's lights are off? Hard-hitting and brutally authentic, *One Visit* dives deep inside the harrowing existence most in poverty have no choice but face.

**Tennis Shorts** Adam Sexton, 2005 To judge by the number of great writers who have adopted tennis as their subject, this sport would seem to be the most storylike sport of all. This collection of short stories and excerpts from

novels and screenplays brings together some of the best and most evocative writing on tennis. Also included are a few sparkling sketches by rising stars of the literary scene. Many of these stories dramatise issues of class, status and race and include work from Martin Amis, Margaret Atwood, Vladimir Nobokov and John Updike.

Narcissus Leaves the Pool Joseph Epstein, 2007-07 Epstein's sixth collection of personal pieces winningly and brilliantly rounds off his 23-year tenure as editor of *The American Scholar*. Among the topics covered are naps, Gershwin aging, name-dropping, long books, pet peeves, talent vs. genius, Anglophilia, and surgery--the head and the heart. Excerpted in *The New Yorker*.

**True Prep** Lisa Birnbach, 2011-11-01 The author of *The Official Preppy Handbook* evaluates the world of preppies thirty years later, tracing how this generation has adapted to such modern challenges as the Internet, cell phones, and political correctness.

Social Activism in Women's Tennis Kristi Tredway, 2019-11-05 Analyzing the key players and political moments in women's professional tennis since 1968, this book explores the historical lineage of social activism within women's tennis and the issues, expressions, risks, and effects associated with each cohort of players. Drawing on original qualitative research, including interviews with former players, the book examines tennis's position in debates around gender, sexuality, race, and equal pay. It looks at how the actions and choices of the pioneering activist players were simultaneously shaped by, and had a part in shaping, larger social movements committed to challenging the status quo and working towards increased economic equality for women. Taking an intersectional approach, the book assesses the significance of players from Althea Gibson and Martina Navratilova to Venus and Serena Williams, illuminating our understanding of the relationship between sport, social justice, and wider society. This is important reading for researchers and students working in sport studies, sociology, women's studies, and political science, as well as anybody with an interest in social activism and social movements. It is also a fascinating read for the general tennis fan.

*Motherland* Elissa Altman, 2020-09-08 "I'm reading this book right now and loving it!"—Cheryl Strayed, #1 New York Times bestselling author of *Wild* How can a mother and daughter who love (but don't always like) each other coexist without driving each other crazy? "Vibrating with emotion, this deeply honest account strikes a chord."—People "A wry and moving meditation on aging and the different kinds of love between women."—*O: The Oprah Magazine* After surviving a traumatic childhood in nineteen-seventies New York and young adulthood living in the shadow of her flamboyant mother, Rita, a makeup-addicted former television singer, Elissa Altman has managed to build a very different life, settling in Connecticut with her wife of nearly twenty years. After much time, therapy, and wine, Elissa is at last in a healthy place, still orbiting around her mother but keeping far enough away to preserve the stable, independent world she has built as a writer and editor. Then Elissa is confronted with the unthinkable: Rita, whose days are spent as a flâneur, traversing Manhattan from the Clinique counters at Bergdorf to Bloomingdale's and back again, suffers an incapacitating fall, leaving her completely dependent upon her daughter. Now Elissa is forced to finally confront their profound differences, Rita's yearning for beauty and glamour, her

view of the world through her days in the spotlight, and the money that has mysteriously disappeared in the name of preserving youth. To sustain their fragile mother-daughter bond, Elissa must navigate the turbulent waters of their shared lives, the practical challenges of caregiving for someone who refuses to accept it, the tentacles of narcissism, and the mutual, frenetic obsession that has defined their relationship. *Motherland* is a story that touches every home and every life, mapping the ferocity of maternal love, moral obligation, the choices women make about motherhood, and the possibility of healing. Filled with tenderness, wry irreverence, and unforgettable characters, it is an exploration of what it means to escape from the shackles of the past only to have to face them all over again. Praise for *Motherland* "Rarely has a mother-daughter relationship been excavated with such honesty. Elissa Altman is a beautiful, big-hearted writer who mines her most central subject: her gorgeous, tempestuous, difficult mother, and the terrain of their shared life. The result is a testament to the power of love and family."—Dani Shapiro, author of *Inheritance*

The Bike Cop James H.K. Bruner, 2018-03-13 Port Talbot is a tourist trap in the "summah" located on the southern coast of Maine. The wealth and pedigree of the summer folk is legendary with their cottages on the rocky bluffs. The population quadruples from June to September. The traffic snarls around the cedar-shingled shops in the port, bringing things to a standstill. Enter the college-aged bicycle policeman. In the summer of '77, the chief of police has chosen David "Digger" Davenport, the son of one of the richest summer families who winter in Lake Placid, New York. Digger's history of solving crime starts in chapter one in a flashback to when he was eleven years old and when he went fishing alone and hooked the partially decomposed body of the chef of the Brigantine Hotel. From this experience, as he matures, he develops a penchant for solving crime and enrolls in courses and trainings in college that prepare him for the calamity that lies ahead in his summer job as Port Talbot's bike cop. For Digger, the summer of '77 starts as it should in this quaint seaside village: tons of college kids working in the resort hotels who are looking for love in all the right places. He meets "the Virginians" on the first day of his beat in Dock Square. They cause a traffic jam in their yellow VW bug convertible. The Virginians are gorgeous coeds escaping the heat and heartbreak at home in Richmond. The townies say the winter in Port Talbot is "wicked cold" and deadly. Unfortunately, the summer now, too, turns deadly and just as plain wicked. Annie, one of the Virginians, who is a waitress at the biggest and best hotel, the Brigantine, is found dead on the beach by hotel guests. Quickly a suspect is arrested: a black bellhop from Florida. Port Talbot is thrown into turmoil on multiple levels: north versus south, white versus black, summer folk versus townies, and the lobster mobstahs versus the candidates for sheriff and district attorney. One kid . . . on a bike . . . with a badge . . . unravels the open and shut case against the bellhop. Digger reveals new evidence against great odds of a much more sinister perpetrator who is well-connected and sadistic and who will do anything to keep the evidence from being found. Introducing Port Talbot's Bike Cop in the Greater Wait of Evidence.

*A Handful of Summers* Gordon Forbes, 2012-09-24 A cult classic, from an era populated by the most colourful tennis players of all time, *A Handful of Summers* is an uninhibited account of adventures on the tennis circuits of the

world. More about the hilarious escapades of players than the game itself, the book begins with a short series of vignettes from Forbes' childhood on a Cape farm, then takes the reader on a tennis tour - into locker rooms and restaurants, narrow streets and small hotels, and onwards to the lawns of Wimbledon and the caramel coloured clays of Roland Garros.

Where The Hell Is Tuvalu? Philip Ells, 2011-08-31 How does a young City lawyer end up as the People's Lawyer of the fourth-smallest country in the world, 18,000 kilometres from home? We've all thought about getting off the treadmill, turning life on its head and doing something worthwhile. Philip Ells dreamed of turquoise seas, sandy beaches and palm trees, and he found these in the tiny Pacific island state of Tuvalu. But neither his Voluntary Service Overseas briefing pack nor his legal training could prepare him for what happened there. He learned to deal with rapes, murders, incest, the unforgivable crime of pig theft and to look a shark in the eye. But he never dared ask the octogenarian Tuvaluan chief why he sat immobilised by a massive rock permanently resting on his groin. Well, you wouldn't, would you? This is the story of a UK lawyer colliding with a Pacific island culture. The fallout is moving, dramatic, bewildering and often hilarious.

*HRH The Duke of Kent* Celia Lee, 2015-10-19 His Royal Highness Prince Edward The Duke of Kent KG GCMG GCVO ADC(P), first cousin to Her Majesty Queen Elizabeth II, has devoted his life to the service of his country. Even before he served twenty-one years as a regular soldier in the British Army, he was introduced to this life of service by his widowed mother, HRH Princess Marina, The Duchess of Kent, during an extensive tour of the Far East at the time of his seventeenth birthday. His interest in modern technology, especially computing and engineering, in issues of health, fitness and social welfare, and in the development of the intellect, has seen him become the patron, president or active member of more than one hundred charities and social organisations. His military service, and deep interest in military history, sees him making a particularly important contribution to many military-related organisations - the chief of which must be the Commonwealth War Graves Commission. At the time of his eightieth birthday on October 9, 2015, Prince Edward remains one of the busiest members of the royal family. This book is offered as a tribute to his life of service, and to the myriad organisations, large and small, local, national and international, that make up the fabric of the United Kingdom in the twenty-first century.

**The Cavanaugh Quest** Thomas Gifford, 2012-08-14 Backwoods treachery links a string of grisly Minnesota murders. Reporter Paul Cavanaugh is coming home from an afternoon tennis match when he sees an ambulance outside his building's door. A half hour earlier, the mild-mannered Larry Blankenship walked into the lobby, said hello to the doorman, and blew his brains out in front of the elevator bank, leaving behind a note apologizing for the mess. Cavanaugh retreats to his apartment to forget this disturbing scene, thinking the story is over when the police take away the body. But the suicide is only the beginning. A knot of death is tied tight around Blankenship's wife, Kim, an ice-cold beauty from the backwoods of northern Minnesota. As he investigates the string of deaths, Cavanaugh discovers a decades-old atrocity that may explain why the men who know Kim vanish faster than a sunny

day in Minneapolis.

*Sperm, Wonderful Sperm!* Alan Smithie, 2009-07-01 I remember a report some time ago extolling the health benefits of the vitamins found in sperm, with the advice that in preparation for having a healthy and intelligent baby, for some months before becoming pregnant a woman should swallow her partner's sperm. You can rest assured this report was compiled by a team of men. This has nothing whatsoever to do with the fact I set out to write a book entitled 49, a humorously light-hearted fly-on-the-wall look at my life from the day before my forty-ninth birthday to the day I hit fifty. A story of how I was coping with being too old for a mid-life crisis, counting the days tick down until the inevitable half-century. Should I be wearing socks with sandals; when would I start to enjoy pastimes that involved either binoculars, a fishing rod, making boats out of used matchsticks, a tandem bicycle or Morris dancing? Was I developing man-breasts, and more importantly, would the next woman I meet have bingo-wings? What pre-fifty pastimes would I be consigning to the dusty bin of life - wearing Ramones T-shirts and ogling young girls; my T-shirt definitely had to go. Maybe I wouldn't even make it to the end of the book; instead I'd meet my end running the Snowdonia Marathon. As it was I did make it to the end. Having spent a year writing 49 and many months trying to get a publishing deal without success, I started to write a blog. I pretty soon realised the missing ingredient - sex: sex sells. Post a good title and you have a success; mention anal sex and you have a best-seller. Without a second thought I changed the book title to *Sperm, Wonderful Sperm!* and quickly contacted an online print-on-demand publisher. This is the result...

An Ordinary Child Maxwell Hayden, 2022-10-31 Born in 1966, before it was legal to be gay in the United Kingdom. This is the personal and sometimes graphic account of a boy's journey of sexual enlightenment through five decades. Told in short accounts the reader gets an insight into the life of a gay man. Discovering a crazy gay life only to face prejudice with the discovery of HIV in the 1980s. His travels take him through personal relationships and employment disputes. The historic changing attitudes and lowering of the age of consent in the 1990s. The introduction of civil partnership in the 2000s and eventually gay marriage in the 2010s. If the control of a relationship lies with whoever cares least, we will all go to hell!
