Before the Storm Fredericka Martin,2019-02-18 An account of the struggles and oppression of the Pribilof Aleuts of Alaska written by a woman who became their passionate advocate. From June of 1941 through the following summer, Fredericka Martin lived with her husband, Dr. Samuel Berenberg, on remote St. Paul Island in Alaska. During that time, Martin delved into the complex history of the Unangan people, and Before the Storm draws from her personal accounts of that year and her research to present a fascinating portrait of a time and a people facing radical change. A government-ordered evacuation of all Aleuts from the island in the face of World War II, which Martin recounts in her journal, proved but the first step in a long struggle by native peoples to gain independence, and, as editor Raymond L. Hudson explains, Martin came to play a significant role in the effort. "Particularly because so few books about the Pribilofs have focused on the people of the islands,

Before the Storm offers an especially welcome perspective to our understanding of the unusual history of the Aleuts there.” —Alaska Journal of Anthropology

The Storm Daniel Defoe, 2021-05-27 The Storm (1704) is a founding document of modern journalism. It tells of the events of November 1703, when a hurricane struck Britain. It is composed of verbatim eyewitness accounts, solicited from survivors through a newspaper advertisement that Defoe placed shortly after the hurricane struck. This account remains a required reading for journalism students to this day. Daniel Defoe (c. 1660-1731) was an English writer and spy. His most famous novel, Robinson Crusoe (1719), is one of the earliest novels ever written, making Defoe a founding figure of the English novel. He is also remembered for his Moll Flanders (1722) and Journal of the Plague Year (1722), which remains a required reading for journalism students to this day, side-by-side with the non-fiction account of The Storm (1704). He wrote more than three hundred books, pamphlets and journals in his lifetime and was often in trouble with the authorities.

The Storm Defoe D., On the evening of 26th November 1703, a cyclone from the north Atlantic hammered into southern Britain at over seventy miles an hour, claiming the lives of over 8,000 people. For Defoe, bankrupt and just released from prison for seditious writings, the storm struck during one of his bleakest moments. But it also furnished him with the material for his first book, and in his powerful depiction of private suffering and individual survival played out against a backdrop of public calamity.

THE STORM - Unabridged Daniel Defoe,2017-05-05 The Storm relates the events of a week-long storm that hit London starting on 24 November and reaching its height on the night of 26/27 November 1703. It is known as the Great Storm of 1703, and it was described by Defoe as The Greatest, the Longest in Duration, the widest in Extent, of all the Tempests and Storms that History gives any Account of since the Beginning of Time. During the work on this piece Defoe used other peoples personal accounts of the storm submitted to him through newspaper add. Defoe also shared his view on the reasons of the great disaster, claiming that the destruction of the sovereign fleet, in which about one-fifth of the navy was lost, was a punishment for their poor performance against the

Catholic armies of France and Spain during the first year of the War of the Spanish Succession. The Storm is a pioneering work of journalism and science reporting. It has been called the first substantial work of modern journalism, and it is the first detailed account of a hurricane in Britain. Daniel Defoe (1660-1731), was an English trader, writer, journalist, pamphleteer, and spy, most famous for his novel Robinson Crusoe. Defoe is noted for being one of the earliest proponents of the novel, as he helped to popularize the form in Britain with others such as Samuel Richardson, and is among the founders of the English novel. He was a prolific and versatile writer, producing more than five hundred books, pamphlets, and journals on various topics, including politics, crime, religion, marriage, psychology, and the supernatural.
