*The Heart and the Bottle* Oliver Jeffers,2010-03-04 From #1 New York Times bestseller Oliver Jeffers, comes a poignant and beautiful story about finding joy after loss. There is a wonder and magic to childhood. We don't realize it at the time, of course . . . yet the adults in our lives do. They encourage us to see things in the stars, to find joy in colors and laughter as we play. But what happens when that special someone who encourages such wonder and magic is no longer around? We can hide, we can place our heart in a bottle and grow up . . . or we can find another special someone who understands the magic. And we can encourage them to see things in the stars, find joy among colors and laughter as they play. Oliver Jeffers delivers a remarkable book, a touching and resonant tale reminiscent of *The Giving Tree* that will speak to the hearts of children and parents alike.

Eric Carle has done it again, with astonishingly beautiful collage illustrations and a story that introduces the very young to the wonders of aquatic life . . . and some very special daddies. A hide and seek feature with acetate overlays adds a colorful surprise.

*Not Norman* Kelly Bennett,2011-11-15 A sweet story that could be used as a springboard to discussion of the pitfalls of making snap judgments about pets — or people. — School Library Journal Norman the goldfish isn't what this little boy had in mind. He wanted a different kind of pet — one that could run and catch, or chase string and climb trees, a soft furry pet to sleep on his bed at night. Definitely not Norman. But when he tries to trade Norman for a good pet, things don't go as he planned. Could it be that Norman is a better pet than he thought? With wry humor and lighthearted affection, author Kelly Bennett and illustrator Noah Z. Jones tell an unexpected — and positively fishy — tale about finding the good in something you didn't know you wanted.

All the animals are sure they have the answer. The chicken wants to talk it out, but Taylor doesn't feel like chatting. The bear thinks Taylor should get angry, but that's not quite right either. One by one, the animals try to tell Taylor how to act, and one by one they fail to offer comfort. Then the rabbit arrives. All the rabbit does is listen . . . which is just what Taylor needs. With its spare, poignant text and irresistibly sweet illustration, *The Rabbit Listened* is about how to comfort and heal the people in your life, by taking the time to carefully, lovingly, gently listen.

Cinema Stories Alexander Kluge,2007 The thirty-eight tales of *Cinema Stories* combine fact and fiction, and they all revolve around movie-making. The book compresses a lifetime of feeling, thought, and practice: Kluge -- considered the father of New German Cinema -- is an inventive wellspring of narrative notions. The power of his prose, as Small Press noted, exudes the sort of pregnant richness one might find in the brief scenarios of unknown films. *Cinema Stories* is a treasure box of cinematic lore and movie magic by Alexander Kluge, that most enlightened of writers (W. G. Sebald). Alexander Kluge, born in Germany in 1932, is a world-famous author and filmmaker (his 23 films include *Yesterday Girl*, *The Female Patriot*, *The Candidate*), a lawyer, and a media magnate. He has won Germany's highest literary award, the Georg Büchner Prize.

Complete Stories Clarice Lispector,2022-04-28 The publication of Clarice Lispector's *Collected Stories*, eighty-five in all, is a major literary event. Now, for the first time in English, are all the stories that made her a Brazilian legend: from teenagers coming into awareness of their sexual and artistic powers to humdrum housewives whose lives are shattered by unexpected epiphanies to old people who don't know what to do with themselves. Lispector's stories take us through their lives - and ours. From one of the greatest modern writers, these 85 stories, gathered from the nine collections published during her lifetime, follow Clarice Lispector throughout her life.

**Modernism and Homer** Leah Culligan Flack,2015-09-16 This comparative study crosses multiple cultures, traditions, genres, and languages in order to explore the particular importance of Homer in the emergence, development, and promotion of modernist writing. It shows how and why the Homeric epics served both modernist formal experimentation, including Pound's poetics of the fragment and Joyce's sprawling epic novel, and sociopolitical critiques, including H.D.'s analyses of the cultural origins of twentieth-century wars and Mandelstam's poetic defiance of the totalitarian Stalinist regime. The book counters a long critical tradition that has recruited Homer to consolidate, champion and, more recently, chastise an elitist, masculine modernist canon. Departing from the tradition of reading these texts in isolation as mythic engagements with the Homeric epics, Leah Flack argues that ongoing dialogues with Homer helped these writers to mount their distinct visions of a cosmopolitan post-war culture that would include them as artists working on the margins of the Western literary tradition.

**The Mess That We Made** Michelle Lord,2020-01-01 *The Mess That We Made* explores the environmental impact of trash and plastic on the ocean and marine life, and it inspires kids to do their part to combat pollution. Simple, rhythmic wording builds to a crescendo (This is the mess that we made. These are the fish that swim in the mess that we made.) and the vibrant digital artwork captures the disaster that is the Great Pacific Garbage Patch. Children can imagine themselves as one of the four multi-ethnic occupants of the little boat surrounded by swirling plastic in the middle of the ocean, witnessing the cycle of destruction and the harm it causes to plants, animals, and humans. The first half of the book portrays the growing magnitude of the issue, and the second half rallies children and adults to make the necessary changes to save our oceans. Facts about the Great Pacific Garbage

Patch, ocean pollution, and how kids can help are included in the back matter.

*How I Met My Monster* Amanda Noll,2019-11-03 One night, when Ethan reaches under his bed for a toy truck, he finds this note instead: Monsters! Meet here for final test. Ethan is sure his parents are trying to trick him into staying under the covers, until he sees five colorful sets of eyes blinking at him from beneath the bed. Soon, a colorful parade of quirky, squeaky little monsters compete to become Ethan's monster. But only the little green monster, Gabe, has the perfect blend of stomach-rumbling and snorting needed to get Ethan into bed and keep him there so he falls asleep—which as everyone knows, is the real reason for monsters under beds. With its perfect balance of giggles and shivers, this silly-spooky prequel to the award-winning *I Need My Monster* and *Hey, That's MY Monster!* will keep young readers entertained.

*American Poets and Poetry [2 volumes]* Jeffrey Gray,Mary McAleer Balkun,James McCorkle,2015-03-10 The ethnically diverse scope, broad chronological coverage, and mix of biographical, critical, historical, political, and cultural entries make this the most useful and exciting poetry reference of its kind for students today. American poetry springs up out of all walks of life; its poems are maternal as well as paternal...stuff'd with the stuff that is coarse and stuff'd with the stuff that is fine, as Walt Whitman wrote, adding Of every hue and caste am I, of every rank and religion. Written for high school and undergraduate students, this two-volume encyclopedia covers U.S. poetry from the Colonial era to the present, offering full treatments of hundreds of key poets of the American canon. What sets this reference apart is that it also discusses events, movements, schools, and poetic approaches, placing poets in their social, historical, political, cultural, and critical contexts and showing how their works mirror the eras in which they were written. Readers will learn about surrealism, ekphrastic poetry, pastoral elegy, the Black Mountain poets, and language poetry. There are long and rich entries on modernism and postmodernism as well as entries related to the formal and technical dimensions of American poetry. Particular attention is paid to women poets and poets from various ethnic groups. Poets such as Amiri Baraka, Nathaniel Mackey, Natasha Trethewey, and Tracy Smith are featured. The encyclopedia also contains entries on a wide selection of Latino and Native American poets and substantial coverage of the avant-garde and experimental movements and provides sidebars that illuminate key points.
