**Call Down the Hawk (The Dreamer Trilogy, Book 1)** Maggie

Stiefvater,2019-11-05 From the #1 New York Times bestselling author of The Raven Boys, a mesmerizing story of dreams and desires, death and destiny. The dreamers walk among us . . . and so do the dreamed. Those who dream cannot stop dreaming - they can only try to control it. Those who are dreamed cannot have their own lives - they will sleep forever if their dreamers die. And then there are those who are drawn to the dreamers. To use them. To trap them. To kill them before their dreams destroy us all. Ronan Lynch is a dreamer. He can pull both curiosities and catastrophes out of his dreams and into his compromised reality. Jordan Hennessy is a thief. The closer she comes to the dream object she is after, the more inextricably she becomes tied to it. Carmen Farooq-Lane is a hunter. Her brother was a dreamer . . . and a killer. She has seen what dreaming can do to a person. And she has seen the damage that dreamers can do. But that is nothing compared to the destruction that is about to be unleashed. . . .

*The World of IT* Alyse Wax,2019-10-01 The official behind-the-

scenes companion to New Line Cinema's international blockbusters *IT* and *IT Chapter Two*. The 2017 film *IT* brought a disturbing new vision to Stephen King's classic horror novel of the same name. In 2019, the story continued with *IT Chapter Two*, in which Bill Skarsgard delivered another acclaimed performance as the terrifying Pennywise the Clown. Collecting the best artwork produced during the making of both of these films—including concept art, sketches, storyboards, and behind-the-scenes photography—*The World of IT* explores the films' singular aesthetic and meticulous world-building. This compendium includes commentary from director Andy Muschietti; producer Barbara Muschietti; the acclaimed ensemble cast; and other creative players who helped bring King's perennial bestseller to life.

*Badass Habits* Jen Sincero, 2020-12-01 New York Times bestselling author Jen Sincero gets to the core of transformation: habits--breaking, making, understanding, and sticking with them like you've never stuck before. *Badass Habits* is a eureka-sparking, easy-to-digest look at how our habits make us who we are, from the measly moments that happen in private to the resolutions we loudly broadcast (and, erm, often don't keep) on social media. Habit busting and building goes way beyond becoming a dedicated flosser or never showing up late again--our habits reveal our unmet desires, the gaps in our boundaries, our level of self-awareness, and our unconscious beliefs and fears. *Badass Habits* features Jen's trademark hilarious voice and offers a much-needed fresh take on the conventional wisdom and science that shape the optimism (or pessimism?) around the age-old topic of habits. The book includes enlightening interviews with people who've successfully strengthened their discipline backbones, new perspective on how to train our brains to become our best selves, and offers a

simple, 21 day, step-by-step guide for ditching habits that don't serve us and developing the habits we deem most important. Habits shouldn't be impossible to reset--and with healthy boundaries, knowledge of--and permission to go after--our desires, and an easy to implement plan of action, we can make any new goal a joyful habit.

**Mad Men Carousel** Matt Zoller Seitz, 2015-11-10 *Mad Men* Carousel is an episode-by-episode guide to all seven seasons of AMC's *Mad Men*. This book collects TV and movie critic Matt Zoller Seitz's celebrated *Mad Men* recaps—as featured on New York magazine's Vulture blog—for the first time, including never-before-published essays on the show's first three seasons. Seitz's writing digs deep into the show's themes, performances, and filmmaking, examining complex and sometimes confounding aspects of the series. The complete series—all seven seasons and ninety-two episodes—is covered. Each episode review also includes brief explanations of locations, events, consumer products, and scientific advancements that are important to the characters, such as P.J. Clarke's restaurant and the old Penn Station; the inventions of the birth control pill, the Xerox

machine, and the Apollo Lunar Module; the release of the Beatles' Revolver and the Beach Boys' Pet Sounds; and all the wars, protests, assassinations, and murders that cast a bloody pall over a chaotic decade. Mad Men Carousel is named after an iconic moment from the show's first-season finale, "The Wheel," wherein Don delivers an unforgettable pitch for a new slide projector that's centered on the idea of nostalgia: "the pain from an old wound." This book will soothe the most ardent Mad Men fan's nostalgia for the show. New viewers, who will want to binge-watch their way through one of the most popular TV shows in recent memory, will discover a spoiler-friendly companion to one of the most multilayered and mercurial TV shows of all time. It's the perfect gift for Mad Men fans and obsessives.
