Galina Petrovna's Three-Legged Dog Story Andrea Bennett, 2015-02-12 The 'bonkers' book that 'it is impossible not to be moved by' DAILY MAIL A joyful and hilarious tale of some very spirited septuagenarians as they overcome innumerable obstacles to save their beloved mutt from a heartless exterminator in a land where bureaucracy reigns above all else.

Roxolana in European Literature, History and Culture Galina I. Yermolenko, 2016-04-08 This collection is the first book-length scholarly study of the pervasiveness and significance of Roxolana in the European imagination. Roxolana, or Hurrem Sultan, was a sixteenth-century Ukrainian woman who made an unprecedented career from harem slave and concubine to legal wife and advisor of the Ottoman Sultan Suleiman the Magnificent (1520-1566). Her influence on Ottoman affairs generated legends in many a European country. The essays gathered here represent an interdisciplinary survey of her legacy; the contributors view Roxolana as a transnational figure that reflected the shifting European attitudes towards the Other, and they investigate her image in a wide variety of sources, ranging from early

modern historical chronicles, dramas and travel writings, to twentieth-century historical novels and plays. Also included are six European source texts featuring Roxolana, here translated into modern English for the first time. Importantly, this collection examines Roxolana from both Western and Eastern European perspectives; source material is taken from England, Italy, France, Spain, Germany, Turkey, Poland, and Ukraine. The volume is an important contribution to the study of early modern transnationalism, cross-cultural exchange, and notions of identity, the Self, and the Other.

Galina Larry R Herrin, 2020-03-31 Galina Vishnevskaya was a Russian singer caged behind the Iron Curtain during the time that Russia was the Union of Soviet Socialist Republics. She sang soprano at the Bolshoi and was the Russian version of Maria Callas. She wrote an autobiography entitled, *Galina: A Russian Story*. Within the story of her musical career was the story of the Soviet Union, its bureaucracy, and unbelievable policies which Galina referred to as, our insane ideology. Galina's American Story in this book is her extended leave from that country in 1974. She lived in the United States and Paris, and could readily compare her country with the United States. This book is not about Galina in America, but the socialist ideology so prevalent in this decade in the United States. The US Congress has much of that same irrational ideology as had the Soviet Politburo during those years. Herrin details Galina's experiences with the Soviet Central Committee and bureaucrats and compared them to our own insane progressive ideology.

Socialism is in vogue in America at the present time, especially in the eyes of the millennial generation who were never near the horrors of any versions of socialism. Galina's experiences as a young and talented person should be a valuable story for the youth of today. She lived Leninism and Stalinism, and experienced socialism as practiced - the communal type that the West fears as evil communism.

Galina'S Hope Galina Loseva Messmer, 2015-09-23 One of nature's most hopeful sights is a beam of golden sunshine burning through the dark and churning clouds of a raging storm that has just subsided. That is the very picture of Galina's story, quintessentially Russian and very moving; one that will infuse the reader with a feeling of intense hope. It is a must-read for anyone facing an oncoming storm, standing in the midst of one, or still reeling in the devastation of tribulation, tragedy, and loss. Galina grew up in the post-Stalin years of the Soviet Union when Christianity was still the target of state oppression. As a young woman she joined an underground church in the city of Krasnodar and boldly shared her faith. After a romance with a tragic ending she struck out on her own seeking happiness in the sunny seaside city of Yalta on the coast of the Black Sea. Instead her life became an epic struggle of hope versus despair, life and death, even while she was surrounded by the beauty of tsarist palaces and beaches. Her faith had been shaken to its foundations and Soviet society collapsed around her in political and economic chaos. She immigrated to America hoping for a better

life. But darkness followed and within its shadows a cataclysmic act played out in Fresno, California, on the evening of January 22, 1999. The horrific drama riveted the attention of the entire city and became the subject of television and newspaper headlines. It left people shocked, bewildered, and saddened. But Galina refused to let despair conquer her. This is the story of Galina's Hope.

Galina Galina Vishnevskaya, 1981

The Girl from the Hermitage Molly Gartland, 2020-04-23 Galina was born into a world of horrors. So why does she mourn its passing? SHORTLISTED: Impress Prize LONGLISTED: Bath Novel Award LONGLISTED: Grindstone Novel Award It is December 1941, and eight-year-old Galina and her friend Vera are caught in the siege of Leningrad, eating soup made of wallpaper, with the occasional luxury of a dead rat. Galina's artist father Mikhail has been kept away from the front to help save the treasures of the Hermitage. Its cellars could now provide a safe haven, provided Mikhail can navigate the perils of a portrait commission from one of Stalin's colonels. Nearly forty years later, Galina herself is a teacher at the Leningrad Art Institute. What ought to be a celebratory weekend at her forest dacha turns sour when she makes an unwelcome discovery. The painting she embarks upon that day will hold a grim significance for the rest of her life, as the old Soviet Union makes way for the new Russia and Galina's familiar world changes out of all recognition. Warm, wise and utterly enthralling, Molly Gartland's debut novel guides us

from the old communist world, with its obvious terrors and its more surprising comforts, into the glitz and bling of 21st-century St Petersburg. Galina's story is at once a compelling page-turner and an insightful meditation on ageing and nostalgia. 'A beautifully written book that takes you right into the characters' world. Highly recommended' LUCINDA HAWKSLEY

Fate of Taifuniya Galina Ovssiouk, 2019-03-20 In the open Okhotsk Sea, during a typhoon named Galina, a girl was born. The typhoon calmed down. The steamer crew and passengers were happy that the girl calmed down Taifuniya and urged the parents to call her Taifuniya. After six months, upon arriving on the mainland, the name was changed to Galina and parents did not know that the typhoon had the same name. The certificate of birth for the girl indicated the following: Place of birth: the steamer, Orochon, in the far eastern region of the RSFSR The fate of Taifuniya—the only person in the world today born in under extreme conditions, is closely linked with the fate of the Orochon steamer. In 2013, the author found the story of the steamer, Orochon, on which she was born, which served as the writing of this book. The destiny of Taifuniya is closely connected with the fate of its place of generation—the human ship. She realized her dream by overcoming all the obstacles of the traversed path from the Pacific Ocean to the Atlantic Ocean. Are there any similar stories described in the literature the author is does not know? The author's thoughts are connected continuously in the dialogue with the reader, who after each story, will write their comments, tell about

their life, and give valuable advice.

Like a Drop of Ink in a Downpour Yelena Lembersky, 2022-01-18 2022 National Jewish Book Award Finalist in Autobiography & Memoir; 2022 Foreword INDIES Book of the Year Awards Finalist; and a 2022 WNBA Great Group Reads Selection Like a Drop of Ink in a Downpour is more ambitious than the average memoir. It's informed by Galina's and her parents' lessons on the value of art and culture and enriched by Alëna's beautifully constructed images and Galina's poetry. – Herb Randall, LA Review of Books Like a Drop of Ink in a Downpour traces Yelena Lembersky's childhood in Leningrad (Saint Petersburg) in the 1970s and '80s. Her life is upended when her family decides to emigrate to America, but instead her mother is charged with a crime and unjustly incarcerated. Told in the dual points of view, this memoir is a clear-eyed look at the reality of life in the Soviet Union during the Cold War, giving us an insider's perspective on the roots of contemporary Russia. It is also a coming-of-age story, heartfelt and funny, a testament to the unbreakable bond between mothers and daughters, and the healing power of art.

Peace with Self, Peace with Food Galina Denzel, 2022-02-14 It's not about willpower, and it's not about the food. Most people blame their eating behaviors on a lack of willpower. Eating intuitively hasn't worked. Eating less and moving more? Trying to change your body image? These only last so long. Many people are worried that they can never have a healthy relationship with food. Peace with Self, Peace with Food looks past all that, and gets to

the heart of what causes our battles with food. Through her years of training and practice in trauma healing – as well as her own reconciliation with food and self – Galina Denzel has developed a program to help readers embark on their own journey to healing. Personal and ancestral traumas inform behaviors around food, and Peace with Self, Peace with Food will help you identify patterns laid down even before you were born. Patterns that have long contributed to your eating behaviors, and continue to affect your relationship with food today. Through the exercises in Peace with Self, Peace with Food you will come to understand your eating habits and the neurobiological network that has held them in place until now. What's more, you will see food, your mind, and your body in a new light. Not as enemies to be tamed, but as allies that can teach you how to care for yourself, and for your health, with love.

The Tiger's Wife Téa Obreht, 2011-03-08 NATIONAL BOOK AWARD FINALIST • NEW YORK TIMES BESTSELLER • “Spectacular . . . [Téa Obreht] spins a tale of such marvel and magic in a literary voice so enchanting that the mesmerized reader wants her never to stop.”—Entertainment Weekly Look for Téa Obreht’s second novel, *Inland*, now available. NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY Michiko Kakutani, The New York Times • Entertainment Weekly • The Christian Science Monitor • The Kansas City Star • Library Journal Weaving a brilliant latticework of family legend, loss, and love, Téa Obreht, the youngest of The New Yorker’s twenty best American fiction writers under forty, has spun a

timeless novel that will establish her as one of the most vibrant, original authors of her generation. In a Balkan country mending from war, Natalia, a young doctor, is compelled to unravel the mysterious circumstances surrounding her beloved grandfather's recent death. Searching for clues, she turns to his worn copy of *The Jungle Book* and the stories he told her of his encounters over the years with "the deathless man." But most extraordinary of all is the story her grandfather never told her—the legend of the tiger's wife. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Wall Street Journal • O: The Oprah Magazine • The Economist • Vogue • Slate • Chicago Tribune • The Seattle Times • Dayton Daily News • Publishers Weekly • Alan Cheuse, NPR's All Things Considered "Stunning . . . a richly textured and searing novel."—Michiko Kakutani, The New York Times "[Obrecht] has a talent for subtle plotting that eludes most writers twice her age, and her descriptive powers suggest a kind of channeled genius. . . . No novel [this year] has been more satisfying."—The Wall Street Journal "Filled with astonishing immediacy and presence, fleshed out with detail that seems firsthand, *The Tiger's Wife* is all the more remarkable for being the product not of observation but of imagination."—The New York Times Book Review "That *The Tiger's Wife* never slips entirely into magical realism is part of its magic. . . . Its graceful commingling of contemporary realism and village legend seems even more absorbing."—The Washington Post

LAST TRAIN TO FREEDOM Galina Cherny, 2023-03-30 A riveting true story of a

young family's daring escape from the barbed wire borders of the USSR. A raw tale of growing up in the Soviet Union. And a love story that defies all odds.

The Tsar of Love and Techno Anthony Marra, 2015-10-06 From the New York Times bestselling author of *A Constellation of Vital Phenomena*—dazzling, poignant, and lyrical interwoven stories about family, sacrifice, the legacy of war, and the redemptive power of art. This stunning, exquisitely written collection introduces a cast of remarkable characters whose lives intersect in ways both life-affirming and heartbreaking. A 1930s Soviet censor painstakingly corrects offending photographs, deep underneath Leningrad, bewitched by the image of a disgraced prima ballerina. A chorus of women recount their stories and those of their grandmothers, former gulag prisoners who settled their Siberian mining town. Two pairs of brothers share a fierce, protective love. Young men across the former USSR face violence at home and in the military. And great sacrifices are made in the name of an oil landscape unremarkable except for the almost incomprehensibly peaceful past it depicts. In stunning prose, with rich character portraits and a sense of history reverberating into the present, *The Tsar of Love and Techno* is a captivating work from one of our greatest new talents.

Qualitative Research Practice Clive Seale, 2007 `This comprehensive collection of almost 40 chapters - each written by a leading expert in the field - is the essential reference for anyone undertaking or studying

qualitative research. It covers a diversity of methods and a variety of perspectives and is a very practical and informative guide for newcomers and experienced researchers alike' - John Scott, University of Essex 'The best ways in which to understand the issues and processes informing qualitative research is to learn from the accounts of its leading practitioners. Here they come together in what is a distinctive and wide-ranging collection that will appeal to postgraduates and social researchers in general' - Tim May, University of Salford 'This excellent guide engages in a dialogue with a wide range of expert qualitative researchers, each of whom considers their own practice in an illuminating and challenging way. Overall, the book constitutes an authoritative survey of current methods of qualitative research data collection and analysis' - Nigel Gilbert, University of Surrey Learning to do good qualitative research occurs most fortuitously by seeing what researchers actually do in particular projects and by incorporating their procedures and strategies into one's own research practice. This is one of the most powerful and pragmatic ways of bringing to bear the range of qualitative methodological perspectives available. The chapters in this important new volume are written by leading, internationally distinguished qualitative researchers who recount and reflect on their own research experiences as well as others, past and present, from whom they have learned. It demonstrates the benefits of using particular methods from the viewpoint of real-life experience. From the outside, good research seems to be produced

through practitioners learning and following standard theoretical, empiric

Anninch Galina B. Nelson, 2020-01-14 When all family involved in story-telling, bed-time stories may become life-empowering, healing and life-changing. In the fairytale a young woman in search of her dream, follows her heart and finds magical world she could only imagine . . . In real life, a young woman, the story-teller, creates the magical worlds for her family and discovers true magic within their own hearts. The book includes independent interpretation of the fairy-tale Thumbelina by H. C. Andersen, made by Galina Nelson, that became inspiration for the story Anninch.

Runes Galina Krasskova, 2009-11-24 Runes: Theory & Practice provides a thorough examination of the Norse runes. It will enable a beginner to delve effectively into their usage, but will also challenge the experienced rune-worker to better and deepen his or her understanding of these mysteries. Runes: Theory & Practice begins with an explication of the story of Odin, the Norse god who won the runes by sacrificing himself on the World Tree. It continues by examining each of the individual runes in turn, both the Elder Futhark and the lesser-known Anglo-Saxon Futhorc. Each rune is studied not only from a historical viewpoint, but also from the perspective of a modern practitioner. Most importantly, Runes: Theory & Practice specifically addresses the runes as living spirits and provides guidance on developing a working relationship with these otherworldly allies.

Interpretive Social Research Gabriele Rosenthal, 2018 This volume is a clear

introduction to methods of data collection and analysis in the social sciences, with a special focus on interpretive methods based on a logic of discovering hypotheses and grounded theories. The chief methods presented are participant observation, open interviews and biographical case reconstruction. The special advantages of interpretive methods, as against other qualitative methods, are revealed by comparing them to content analysis. Empirical examples show how the methods presented can be implemented in practice, and concrete problems connected with conducting empirical research are discussed. By presenting individual case studies, the author shows how to apply the principle of openness when collecting empirical data, whether through interviews or observations, and she offers rules for analysis based on the principles of reconstruction and sequentiality.

Hill of Secrets Galina Vromen, 2024-09-24 In a desert outpost, nuclear scientists and their families face the toll of the secrets they keep from the world and from each other in this gripping wartime novel from debut author Galina Vromen. Los Alamos, 1943. The US Army has gathered scientists to create the world's first nuclear weapon. Their families, abruptly moved to the secret desert base with no explanation, have simple orders: Stand by. Make do. Above all, don't ask questions. Christine, forced to abandon her art restoration business in New York for her husband's career, struggles to reinvent herself and cope with his increasing aloofness. Gertie, the inquisitive teenage daughter of a German Jewish refugee physicist enlists

Christine to help her unravel hidden truths and deal with parents haunted by their past. Gertie's father, Kurt, anguished by what the Nazis have done to his family and bent on defeating them, carries burdens he longs to share but cannot confide in his wife--leading him to find comfort elsewhere. And Jimmy, a young army technician, falls for Gertie but is unsure if even her deep affection can overcome his agonizing self-doubts. Will so much secrecy save them or destroy them?
