Shiva The External Joy Sri Sri Ravishankar, 2019-04-03 Shiva tattva is total; it is complete. Shiva is where the mind dissolves. He is formless yet sees all. He is the formless core of existence and also the goal. He is the seer, sight and the scene. He is without a beginning or end. He permeates the entire creation. He is never born and is eternal. He is the fourth state of consciousness, the non-dual consciousness that is present everywhere. - H. H. Sri Sri Ravi Shankar His Holiness Sri Sri Ravi Shankar, a spiritual leader and humanitarian, was born in 1956 in southern India. He was often found deep in meditation as a child. At the age of four, he astonished his teachers by reciting the Bhagavad Gita. To globalise the knowledge of leading a happy, stress-free life, H. H. Sri Sri Ravi Shankar established an international educational and humanitarian NGO - The Art of Living, in 1982. Today, with a presence in over 151 countries, the Art of Living is one of the largest voluntary organizations in the world

The Routledge Handbook of Material Religion Pooyan Tamimi Arab, Jennifer Scheper Hughes, S. Brent Rodríguez-Plate, 2023-09-01 The Routledge Handbook of Material Religion places objects and bodies at the center of scholarly studies of religious life and practice. Propelling forward the study of material religion, the Handbook first reveals the deep philosophical roots of its key categories and then advances new critical analytics, such as queer materialities, inescapable material entanglements, and hyperobjects that explode the small-scale personal view on religions. The Handbook comprises thirty chapters, written by an international team of contributors who offer a global perspective of religious pasts and presents, divided into four thematic parts: Genealogies of Material Religion Materializing the Terms of the Study of Religion Entanglements, Entrapment, Escaping Hyperobjects, or How Ginormous Things Affect Religions In these four parts, the study of material religion is redirected towards systematic, critical interrogations of the imbrication of religious structures of power with racial, economic, political, and gendered forms of domination. From Spinoza's political theology to African philosophies of ubuntu; from the queer materialities of Mesoamerican religion to the Satanic Temple of the United States; from Islamic love and sacrifice in human-animal entanglements to Shia militants' attachment to weaponry; from epidemic cataclysm in Latin America to vast infrastructures and the gathering of millions in India's Kumbh Mela, the study of material religion proves to be the study par excellence of the human condition. The Handbook is essential reading for students and researchers in religious studies, anthropology, history, and media studies, and will also be of interest to those in related fields such as archeology, sociology, and philosophy.
