The Color Storm Damian Dibben, 2022-09-06 Enter the world of Renaissance Venice, where the competition for fame and fortune can mean life or death... Artists flock here, not just for wealth and fame, but for revolutionary color. Yet artist Giorgione "Zorzo" Barbarelli's career hangs in the balance. Competition is fierce, and his debts are piling up. When Zorzo hears a rumor of a mysterious new pigment, brought to Venice by the richest man in Europe, he sets out to acquire the color and secure his name in history. Winning a commission to paint a portrait of the man's wife, Sybille, Zorzo thinks he has found a way into the merchant's favor. Instead he finds himself caught up in a conspiracy that stretches across Europe and a marriage coming apart inside one of the floating city's most illustrious palazzi. As the water levels rise and the plague creeps ever closer, an increasingly desperate Zorzo isn't sure whom he can trust. Will Sybille prove to be the key to Zorzo's success or the reason for his downfall? Atmospheric and suspenseful and filled with the famous artists of the era, *The Color Storm* is an intoxicating story of art and ambition, love and obsession.

Safe Harbor Luanne Rice, 2003-01-01 New York Times bestselling author Luanne Rice has touched the hearts and lives of readers everywhere with powerful tales of love and loss . . . and love regained. In an unforgettable novel set on her beloved Connecticut seaside, she weaves a timeless story. After every storm there is a place to return to—if you have the courage to follow your heart. . . . Artist Dana Underhill has always been a free spirit, traveling the world, filling her canvases with the mysterious colors of the seas she and her sister have sailed since childhood. Then on a calm, moonlit night an inexplicable "accident" occurs and Dana is called home to Hubbard's Point to become a mother to her two young nieces, a challenge unlike any she's ever known. As Dana and the girls struggle to begin a new life—and to find the truth about what happened to Dana's sister and brother-in-law—help comes in the person of an old childhood friend. Sam Trevor is now a tall, striking marine biologist, and he's been in love with Dana for years. Although she can't begin to contemplate opening her heart again, together Dana and Sam will discover that Hubbard's Point is the center of endless mysteries—and endless possibilities. And as Dana rediscovers her passion as an artist and a woman, she will find more than a lifetime's share of answers, magic, and love in the only safe harbor there is.

Post-Consumerism Tiffany Gholar, 2012-08-01 A year after graduating and not being able to find a good job with my degree, I decided to go back to school to study what I had always wanted to learn: painting. As I repurposed discarded materials for my paintings, I discovered the artistic purpose of my life. This book tells the story of my circuitous journey to creating my first major body of work as an artist. More than just an exhibition catalogue, this book highlights the events in my life that inspired my work while featuring large color photos of finished paintings and works in progress. This is the story of Post-Consumerism. This is a story of reinvention.

The War North Of Rome Thomas R. Brooks, R Brooks, 2009-09-09 The British had a song for it: Oh, we are the D-Day Dodgers, based on a comment from a female member of Parliament that dismissed all those not on the beaches at Normandy as draft evaders. Indeed, after the invasion of France the Allied armies in Italy found themselves in a forgotten theater of war. Until now, their eleven-month saga of bitter combat and gallant sacrifice has been ignored. The problem for the Allies was that the fall of the Italian capital on June 4, 1944- although a spectacular public relations triumph- did not end the campaign. The Germans had simply conducted a short strategic withdrawal,

conceding one objective while proceeding to fortify additional defense lines. From Salerno to Rome, and most famously at Cassino, the Germans took advantage of the mountains, ridges and rivers that crisscross Italy to exact every drop of blood from the Allied forces. Although the press was no longer paying attention, in the north of Rome the process of continued Allied offensives met by a German resistance that alternated between ferocity and flexibility. A notable feature of the combat in Italy was the large mixture of Allied nationalities involved. Although the American Fifth and the British Eighth Armies were the major forces, on different parts of the line fought South Africans, Canadians, Greeks, Nisei, Jews, Poles, French, Gurkhas, Indians and others. The first U.S. black division fought here, as well as the Brazilian contingent (a curiosity to the Germans, who constantly probed their front). The War North of Rome features a forward by Senator Bob Dole, who fought in this neglected theater of war. He was one of 364 wounded (98 killed) in his regiment's attack on a series of German-held hills. Though he barely survived the battle he states, I always felt I was fortunate . . . By the time Allied forces vanquished the enemy in Italy, Russian soldiers were already dancing on Hitler's grave. Nevertheless, our young men north of Rome fought as bravely, and suffered as much, as troops on any front in WWII. Their record of courage and sacrifice is described here in a long-overdue, comprehensive account.

students for his own purposes.
