All Sorts and Conditions of Men Walter Besant,1882 The ten years' partnership of myself and my late friend Mr. James Rice has been terminated by death. I am persuaded that nothing short of death would have put an end to a partnership which was conducted throughout with perfect accord, and without the least difference of opinion. The long illness which terminated fatally on April 25th of this year began in January of last year. There were intervals during which he seemed to be recovering and gaining strength; he was, indeed, well enough in the autumn to try change of air by a visit to Holland; but he broke down again very shortly after his return: though he did not himself suspect it, he was under sentence of death, and for the last six months of his life his downward course was steady and continuous. Almost the last act of his in our partnership was the arrangement, with certain country papers and elsewhere, for the serial publication of this novel, the subject and writing of which were necessarily left entirely to myself.

That means eliminating all threats. The first to go is Guina. Though no longer a viable threat, she can't remain in Mull and the former queen is forced to live on the handouts of friends far away from the capital. The second to go is Alric. Though he is now Bradwr's son-in-law, Alric has more claim to the throne and despite the promise to Pavia of his safe return, Bradwr orders that his son-in-law have an unfortunate accident – a permanent one. Amidst the turmoil, Alexis manages to transgress Gambrian custom and finds herself at odds with the new King. Unwilling to obey, she escapes to the south, taking the nation's Tarrac with her. But Bradwr has a blind spot and overlooked another's ambition, someone who desperately wants to rule Gambria – alone. And she might just pull it off. All she'll need to do is get rid of her husband and her father... Yet the one person they have dismissed as dead, the Ghost in the desert, is about to give them the surprise of their lives.

This book is a transcription of this dialogue, containing illuminating advice on holding the viola, bowing, tone, fingering, and practicing, all supported by copious illustrations and musical examples, as well as insights on repertoire for the viola--an instrument without tradition--and on performances of the great concertos by Bartok and Walton.
