Nonfiction Writing Strategies Using Content-Area Mentor Texts Marcia S. Freeman,2014-06-01 How can you enhance the quality and effectiveness of instruction in both the content areas and in writing? By integrating content in both social studies and science with the strategies of writing that are so important for students to master as they craft nonfiction. This book shows teachers how to use mentor texts in an integrative approach for teaching both content and informational writing. As you explore the pages of this book, you'll find strategies for teaching writing craft fundamentals with step-by-step instructions that make writing instruction come alive in content-area classes. Models make the instructional strategies clear. The book also includes a variety of expository techniques and advice on preparing writers for success on performance-based tests.

Repairing the Broken Surface of Talk Gail Jefferson,2018 This book is a collection of studies of corrections and repair in conversation, by Gail Jefferson, co-founder of the field of Conversation Analysis and one of its foremost researchers. Throughout her career, Jefferson explored the almost hidden, subterranean world of the seemingly minor errors and mistakes that people make in interaction. Speech errors sometimes have an ideological significance (e.g. a defendant apparently about to refer to the police as cops but cutting off just in time to correct that to officer). Despite the virtual invisibility of these errors, such problematic moments in interaction bring into play ways of remedying and correcting errors that can have profound significance for the participants. Through these studies Jefferson reveals the delicacy, the subtlety with which moments of communication difficulties and possible miscommunications are remedied, in such a way as to minimize the damage that might otherwise be caused to the interaction. This collection represents the most distinctive, sustained, and incisive exploration of what speakers are up to in episodes when they correct errors in their own and one another's speech. Combining rigorous technical analysis, extraordinary methodological innovation, and acute observation, Jefferson explored what she herself referred to as the wild side of Conversation Analysis. The coherence and depth of her research is revealed in these studies, which include four previously unpublished papers, as well as others that were published variously in less widely-distributed journals and publications. In the volume's introduction, editors Jörg Bergmann and Paul Drew provide an appraisal, for the first time, of the significance of Jefferson's stunningly inventive research into errors and their correction in conversation.--Publisher's description.

A Witch's Handbook of Kisses and Curses Molly Harper,2013-05-28 A lighthearted paranormal romance featuring a witch who finds love on a magical quest—set in Half Moon Hollow, the “terrific vamp camp” (Publishers Weekly) first introduced in the Nice Girls series. Nola Leary would have been content to stay in Kilcairy, Ireland, healing villagers at her family’s clinic with a mix of magic and modern medicine. But a series of ill-timed omens and a deathbed promise to her grandmother have sent her on a quest to Half-Moon Hollow, Kentucky, to secure her family’s magical potency for the next generation. Her supernatural task? To unearth four artifacts hidden by her grandfather before a rival magical family beats her to it. Complication One: The artifacts are lost somewhere in vampire Jane Jameson’s occult bookshop. Complication Two: Her new neighbor Jed Trudeau keeps turning up half-naked at the strangest times, a distraction Nola doesn’t need. And teaming up with a real-life Adonis is as dangerous as it sounds, especially since Jed’s got the face of an angel and the abs of a

washboard. Can Nola complete her mission before falling completely under his spell?

Sour and bitter, taste everything, love and hate, make people wish they were dead. The re-emergence of experts to unite the world was only to uncover the secret of his rebirth and to set up a trap.

But she's about to learn that foul play can creep into even the most well-ordered life. Eager to get her new career started, Charlotte agrees to take on a job from the former high school teacher who filled all her students' lives with chaos and confusion. But no sooner does Charlotte begin digging through years of accumulated junk than she finds her first client dead—and herself named as the main suspect. While any number of the victim's former students had a motive for murder, Charlotte knows that death is rarely that tidy, and she can't help meddling in the investigation to prove herself innocent and repair her sullied reputation. Out of Sorts Sarah Bessey,2015-11-03 From the popular blogger and provocative author of *Jesus Feminist* comes a riveting new study of Christianity that helps you wrestle with—and sort out—your faith. In *Out of Sorts*, Sarah Bessey—award-winning blogger and author of *Jesus Feminist*, which was hailed as "lucid, compelling, and beautifully written" (Frank Viola, author of *God's Favorite Place on Earth*)—helps us grapple with core Christian issues using a mixture of beautiful storytelling and biblical teaching, a style well described as "narrative theology." As she candidly shares her wrestlings with core issues—such as who Jesus is, what place the Church has in our lives, how to disagree yet remain within a community, and how to love the Bible for what it is rather than what we want it to be—she teaches us how to walk courageously through our own tough questions. In the process of gently helping us sort things out, Bessey teaches us how to be as comfortable with uncertainty as we are with solid answers. And as we learn to hold questions in one hand and answers in the other, we discover new depths of faith that will remain secure even through the storms of life.
