Summer Storm and Other Stories Glenda Baker, 2009-04-13 During the fifteen years Glenda Baker was the publisher and editor-in-chief of NEWN, she read and critiqued hundreds of short stories. She also wrote many of her own. This volume contains twenty-two of Glenda's stories from short (21,000 words) to short-short (about 1,000 words) to flash fiction (52 words total) in which Glenda addresses subjects such as: After doing a favor for his boss, how does a man end up in a maze he can't find his way out of? What would happen if a contemporary kid created a golem? What secrets do three generations of women learn about each other while on a weekend trip to Cape Cod? How far will a passive-aggressive woman go if pushed to the limit?

Hurricane Glenda Norwood Petz, 2020-06-19 With a Category 5 hurricane barreling towards the southeast coast of Florida, Kayla Woodbridge is forced to cut her beach vacation with her children short and return home to prepare for the coming storm. Boone Chadwick, a new friend she met at the beach, isn't as concerned about the impending storm as Kayla is and refuses to heed her warnings to vacate the island. When the causeway bridge, the only road on and off the island, is destroyed after being struck by a barge, Boone gets stranded with eleven others from his hotel, their location in the direct path of Hurricane Phillippe's landfall. Back at home in Nanette, Kayla is forced to face the storm alone with her children after her husband is arrested and charged with murder. The catastrophic hurricane also has another target in his sight - the protective dike surrounding Lake Okeechobee. Is the levee strong enough to withstand 150 mph winds, or will Phillippe be the hurricane that brings it down?

Stormlord Rising Glenda Larke, 2010-08-01 The last Stormlord is dead. War has come to the cities of the Quartern. The violent, nomadic Redunners have put every rainlord they could find to the sword and the cities are left without hope. Shale has been betrayed, drugged, and left at the feet of his greatest enemy. Now, he must decide to work with those who have plotted against him or let thousands of the waterless die. He has great power but is no Stormlord. At least, not yet. . . Terelle has escaped the Scarpen in search of her homeland and her people, the mysterious Watergivers. But a desperate message will send her back to find Shale and face her worst fears. The people of the Scarpen are in danger. Shale and Terelle must find a way to save their people and punish those who have destroyed all they ever loved.

The Last Stormlord Glenda Larke, 2010-03-01 Shale is the lowest of the low-an outcast from a poor village in the heart of the desert. In the desert water is life, and currency, and Shale has none. But he has a secret. It's the one thing that keeps him alive and may save all the cities of the Quartern in the days to come. If it doesn't get him killed first. . . Terelle is a slave fleeing a life as a courtesan. She finds shelter in the home of an elderly painter but as she learns the strange and powerful secrets of his art she fears she may have traded a life of servitude for something far more perilous. . . The Stormlord is dying in his tower and there is no one, by accident or design, to take his place. He brings the rain from the distant seas to his people. Without a Stormlord, the cities of the Quartern will wither and die. Their civilization is at the brink of disaster. If Shale and Terelle can find a way to save themselves, they may just save them all. Water is life and the wells are

running dry. . .

A Great Day for the Deadly Jane Haddam, 2013-03-05 As St. Patrick's Day nears, a retired FBI agent must solve a sinful crime near a small-town convent: "[An] engrossing murder case . . . enjoyable" (Publishers Weekly). Her childhood friends wanted careers, but Brigit Ann Reilly spent her youth looking forward to her wedding—her wedding to God. When she finally gets to don the habit, her new order sends her to Maryville, where a former sister is poised to become Rome's first Irish-American saint. Brigit has no time to worry about Vatican politics. She's about to become a martyr herself. Brigit is found dead in the basement of her local library, her corpse swarming with ten poisonous water moccasins. When ex-FBI investigator Gregor Demarkian hears of her death, he is puzzled by two things: Water moccasins are not native to upstate New York, and Brigit died of hemlock poisoning, not the snakes' venom. As Maryville whips itself into a pious frenzy in search of evidence for its hometown hero's sainthood, Demarkian will attempt his own miracle by finding justice for the murdered young nun.

What Lies Beneath the Graves (Spookie Town Mysteries, #5) Kathryn Meyer Griffith, The 5th Spookie Town Murder Mystery is finally out. Who wouldn't want to find a chest of buried treasure, ancient gold coins and exquisitely priceless jewelry, on their land? A treasure a sailor dead for over seventy years once found in the shallow waters of a distant island and later buried, hid, the remnants of at the end of his tragic life. The townspeople of Spookie have been searching, fighting and killing each other over it, for decades and no one has ever unearthed it. Abigail, Frank, Myrtle and her psychic grandniece, Glinda, are on the hunt for the treasure...and they might just find it with Glinda's and the dead sailor's help. For Frank, ex-Chicago homicide detective, there's also a new and dangerous case that brings him temporarily out of retirement and back to Chicago because it threatens his adopted daughter Laura's safety at the art college she is attending. There are three missing college students, young women, one a close friend of Laura's, and the Chicago police force is feverishly searching for them before their abductors kill them. Can Frank, with a little help from Glinda's visions, and his old partner Sam Cato, locate the abducted girls in time and save their lives? All the rest of the quirky characters are also back again to share in the adventures, the mysteries, and the small town life of foggy Spookie. Come join them.

Mother of Storms John Barnes, 1995-05-15 In the mid-Pacific, a gigantic hurricane triggered by nuclear explosions spawns dozens more in its wake. A world linked by a virtual-reality network experiences the devastation, witnessing the death of civilization as we know it and the violent birth of an emergent global consciousness.

The Wicked Years Complete Collection Gregory Maguire, 2013-11-26 The New York Times bestseller and basis for the Tony-winning hit musical, soon to be a major motion picture starring Cynthia Erivo and Ariana Grande With millions of copies in print around the world, Gregory Maguire's Wicked is established not only as a commentary on our time but as a novel to revisit for years to come. Wicked relishes the inspired inventions of L. Frank Baum's 1900 novel, The Wonderful Wizard of Oz, while playing sleight of hand with our collective memories of the 1939 MGM film starring Margaret Hamilton (and Judy Garland). In this fast-paced, fantastically real, and supremely entertaining novel, Maguire has populated the largely unknown world of Oz with the power of his own imagination. Years before

Dorothy and her dog crash-land, another little girl makes her presence known in Oz. This girl, Elphaba, is born with emerald-green skin—no easy burden in a land as mean and poor as Oz, where superstition and magic are not strong enough to explain or overcome the natural disasters of flood and famine. Still, Elphaba is smart, and by the time she enters Shiz University, she becomes a member of a charmed circle of Oz's most promising young citizens. But Elphaba's Oz is no utopia. The Wizard's secret police are everywhere. Animals—those creatures with voices, souls, and minds—are threatened with exile. Young Elphaba, green and wild and misunderstood, is determined to protect the Animals—even if it means combating the mysterious Wizard, even if it means risking her single chance at romance. Ever wiser in guilt and sorrow, she can find herself grateful when the world declares her a witch. And she can even make herself glad for that young girl from Kansas. Recognized as an iconoclastic tour de force on its initial publication, the novel has inspired the blockbuster musical of the same name—one of the longest-running plays in Broadway history. Popular, indeed. But while the novel's distant cousins hail from the traditions of magical realism, mythopoeic fantasy, and sprawling nineteenth-century sagas of moral urgency, Maguire's *Wicked* is as unique as its green-skinned witch.

Echoes of Other Times Kathryn Meyer Griffith, 2022-03-19 Frank and Abigail, and the town of Spookie, have survived the last horrific year and a half and are moving on with their lives. They're sending their two children, Laura and Nick, off into the world to seek their futures. Abigail is preparing for another art gallery show, her theme this time: ghosts. Frank is preparing to fully retire, for the final time, from his part-time deputy's job at the sheriff's department...after he helps the sheriff solve one last case. A missing husband. A case that doesn't end up anything like either of them expect, when it leads to vile murders. Then Myrtle, while scootering around in town, is befriended by a strange barefoot boy who seems to be homeless...and special in many unusual ways. Glinda, Myrtle's grandniece, the psychic, has a secret. All the other quirky citizens of Spookie are here as well living their everyday lives amidst the fog and the mysteries.

Waiting Beyond The Veil Kathryn Meyer Griffith, 2023-06-09 The eccentric, and sometimes lovable, characters of Spookie have returned for another series of mysterious adventures. Frank Lester, ex-Chicago homicide detective and mystery author, after his and Abigail's long-awaited vacation is over, and they're home again, has once more come out of retirement this time to take the position of sheriff of Spookie, because of Sheriff Mearl's murder. In this ninth Spookie Town Murder Mystery story Sheriff Lester has two town murders to solve. Harvey, the strange homeless boy that Myrtle befriended, has now been adopted by the psychic Glinda, and her husband, Doc Kyle Lester; the Lesters have also welcomed a baby girl called Amanda...and a mysterious phantom deep in the park's woods beckons Harvey, seeking his help. Old Myrtle fears the ghost girl haunting Harvey isn't what she seems. Is she a benevolent spirit or one of darkness? With his new family's support and help, Harvey will find that out. Book #9.

Stormlord's Exile Glenda Larke, 2011-08-01 Shale is finally free from his greatest enemy. But now, he is responsible for bringing life-giving rain to all the people of the Quartern. He must stretch his powers to the limit or his people will die—if they don't meet a nomad's blade first. And while Shale's own highlords and

waterpriests plot against him, his Reduner brother plots his revenge. Terelle is Shale's secret weapon, covertly boosting his powers with her own mystical abilities. But she is compelled by the strange magic of her people and will one day have to leave Shale's side. No one knows what waits for her across the desert, but her people gave the Quartern its first Stormlord and they may save Shale and his people once again-or lead them to their doom. This is the final volume of the epic Stormlord series.

100 Lunches Jack Sharkey, Leo W. Sears, 1989 Successful mystery playwright Chuck Reynolds has had his plays lauded by all critics except Charity Starr. When she shows up at his home and has the unmitigated gall to ask his expert help in writing a play of her own, Chuck fiendishly insists that their teacher/pupil sessions be held over lunch with Charity footing the bill at the most expensive restaurants in New York City. Lunatic waiters provide a uniquely hilarious touch to these meetings. Love blossoms despite the scheming of Chuck's amorous neighbor. Charity's play opens on Broadway and she finds out what it's like to be a target for all her critical confreres. Non stop fun, romance, and explosive hilarity make this an ideal show for the entire family.

Cinema as Weather Kristi McKim, 2013 How do cinematic portrayals of the weather reflect and affect our experience of the world? While weatherly predictability and surprise can impact our daily experience, the history of cinema attests to the stylistic and narrative significance of snow, rain, wind, sunshine, clouds, and skies. Through analysis of films ranging from The Wizard of Oz to The Umbrellas of Cherbourg, from Citizen Kane to In the Mood

for Love, Kristi McKim calls our attention to the ways that we read our atmospheres both within and beyond the movies. Building upon meteorological definitions of weather's dynamism and volatility, this book shows how film weather can reveal character interiority, accelerate plot development, inspire stylistic innovation, comprise a momentary attraction, convey the passage of time, and idealize the world at its greatest meaning-making capacity (unlike our weather, film weather always happens on time, whether for tumultuous, romantic, violent, suspenseful, or melodramatic ends). Akin to cinema's structuring of ephemera, cinematic weather suggests aesthetic control over what is fleeting, contingent, wildly environmental, and beyond human capacity to tame. This first book-length study of such a meteorological and cinematic affinity casts film weather as a means of artfully and mechanically conquering contingency through contingency, of taming weather through a medium itself ephemeral and enduring. Using film theory, history, formalist/phenomenological analysis, and eco-criticism, this book casts cinema as weather, insofar as our skies and screens become readable through our interpretation of changing phenomena.

The Wizard Of Oz Reed Cartwright, 2020-04-08 Dorothy Gale lives with her dog Toto on a Kansas farm belonging to her Aunt Em and Uncle Henry. One day, Toto bites neighbor Miss Almira Gulch on the leg, leading her to obtain an order from the sheriff to euthanize him. In spite of Dorothy's pleas and Aunt Em's resistance, Miss Gulch takes Toto away in a basket, but Toto escapes and returns to Dorothy; she decides to run away in order to ensure that Toto won't be euthanized. Not far from the farm, she meets Professor Marvel, a kind fortune teller who uses his crystal ball to make Dorothy believe that Aunt Em may be dying of a broken heart. Horrified, Dorothy rushes home as a storm approaches; a tornado forms, and Aunt Em, Uncle Henry, and the farmhands take shelter in the storm cellar as Dorothy arrives home. Unable to be heard begging for entry, Dorothy seeks shelter in her bedroom. The window is blown in from its frame and hits Dorothy on the head, knocking her unconscious. The house is sent spinning into the air, and she awakens to see various figures fly by, including Miss Gulch on her bicycle, who transforms into a witch on a broomstick. The house lands in Munchkinland in the Land of Oz. Glinda the Good Witch of the North and the Munchkins welcome her as a heroine, as the falling house has killed the Wicked Witch of the East. Her sister, the Wicked Witch of the West, arrives to claim her ruby slippers, but Glinda transfers them onto Dorothy's feet first. Enraged, the Wicked Witch of the West swears revenge on Dorothy and vanishes. Glinda tells Dorothy to keep the slippers on and follow the yellow brick road to the Emerald City, where she can ask the Wizard of Oz to help her return home. On her journey, Dorothy meets the Scarecrow, who wants a brain, the Tin Woodman, who desires a heart, and the Cowardly Lion, who needs courage. Dorothy invites them to accompany her to Emerald City, where they can also ask the Wizard for help. Despite the Witch's attempts to stop them, they reach the Emerald City and are eventually allowed to see the Wizard, who appears as a ghostly head surrounded by fire and smoke. He agrees to grant their wishes if they prove their worth by bringing him the Witch's broomstick. As the

foursome and Toto make their way to the Witch's castle, the Witch captures Dorothy and plots to kill her and retrieve the slippers. Toto escapes and leads her three friends to the castle. They ambush three guards, don their uniforms and free Dorothy. The Witch and her guards chase and surround them. The Witch sets fire to the Scarecrow, causing Dorothy to toss a bucket of water, inadvertently splashing the Witch, who melts away; the guards rejoice and give Dorothy her broomstick. Upon their return to the Emerald City, the Wizard stalls in fulfilling his promises until Toto pulls back a curtain and exposes the Wizard as a middle-aged man operating machinery and speaking into a microphone. Admitting to being a humbug, he insists that he is a good man but a bad wizard. The Wizard then gives the Scarecrow a diploma, the Lion a medal and the Tin Man a ticking heart-shaped watch, helping them see that the attributes they sought were already within them. He then offers to take Dorothy and Toto home in his hot air balloon, revealing that he is also from Kansas and was originally a carnival worker before a tornado brought him to the Emerald City, whereupon he accepted the job as Wizard due to hard times.
