Refolding the Calyx John Glynn,2023-11-27 Is this our fate for a periodic shaking of the mat, to stir the dust and see where it settles? Only to draw a line in the dust and start anew? Set in the near future, the climate is increasingly erratic, causing mass upheaval. Morgana travels from her secluded farm to the prison where her grandson is incarcerated. Was it just old age, this emotional turmoil, inducing her to want to help, even fix, Evander? Was her mission to help him or help her? Mylo and Amaya's island-life is thrown into turmoil, and they must wrangle over the possibilities of a future for their family. Lilith and Maxen's careers in media are exposed. They need stories. Refolding the Calyx is a tale of finding connection and one another in the uncertainty. Their journeys take them to the floating village, a staging point, between the islands and the mainland. Within the confines of the isolated village clinging to an atoll, stories unfold where they must break with the patterns of the past. As stories are revealed, walls, carefully constructed, come tumbling down. Choices become limited. Refolding the Calyx is a story about stories: those we tell ourselves, those given and those we leave unspoken.

Fae, Flames & Fedoras Glynn Stewart,2019-10-08 In the sewer-building projects of 1940s New York City, something ancient and powerful has been awoken. With half a dozen mortal workers dead, the Fae Courts of the city find themselves forced to action despite their desperate lack of manpower. Their call for aid brings six young Fae to the city, among them the Seelie Noble Talus, son of Korinth. New to the city and expendable, they are tasked with finding the creature underneath the city. The youths are assured that nothing in the world can stand against six Fae Nobles. On the other hand, nothing supernatural should have been sleeping under New York City... This novella is part of the print collection Spaceships and Spellcasters.

Storm Over Utopia A. A. Glynn,2016-01-04 After the Second World War, Britain looks forward to a brave new future. The University of Central UK creates an experimental model of society: a push-button environment of ease, with an artificial brain at its heart. Located on a remote Scottish isle, it starts off with great hopes. Then snags arise. The great electronic brain begins to malfunction in an alarming manner, and the ideal society is thrown into turmoil...

Blizzard!! the Great White Hurricane Timothy Minnich,2019-12-30 THE BLIZZARD OF 1888, legendary in the annals of American weather history, was among the most ferocious winter storms ever to pound the Northeast. Many hundreds of people perished on land and sea during its three-day reign of terror, including some 200 in New York City alone - ground-zero for this storm. In his debut novel, Tim Minnich paints a vibrant New York City landscape in the weeks leading up to what has been coined The Great White Hurricane. Bound to fascinate weather enthusiasts, history buffs, and general readers alike, Minnich captures the suspense which culminates in this awesome display of nature, all while vividly depicting life in late Nineteenth Century Manhattan.On Sunday evening March 11th, the denizens of this great metropolis go to sleep completely unaware they'd be awakening to a howling blizzard. All except for young William Roebling, a brilliant meteorologist recently transferred to the New York Office of the US Army's fledgling Signal Service Corps - the agency responsible for the nation's first weather forecasts. Will has painstakingly developed an ingenious system allowing him to predict this historic event days in advance, but his unconvinced Commanding Officer, for political reasons, orders his silence. A conflicted Will feels he must alert his loved ones, and does - only to find himself in a battle for his life at the height of the storm.Minnich deftly combines the drama and excitement of the blizzard with its profound impact on those unfortunate enough to have been caught in its path, simultaneously weaving an engaging tale of true love, faith, and the indomitable human spirit.

Indomitus Oriens Robert W. Brady, Jr,2014-05-06 To say that Randy Morden had an effect on Fovea is an understatement. More than ten years after his arrival, the Fovean High Council is in a shambles, the supremacy of the Uman-Chi is a memory, and Eldador is an Empire, not a kingdom. An Uman-Chi girl finds herself with a song to sing, a song which is a gift from the goddess Eveave. When she sings it, another call will come to Earth, a new call for two new champions, a young girl and an old man, for the world where magic is used like technology, and technology is just starting to appear. Now War is about to rage across Fovea, and the greedy Eldadorian government is at the center of it. These two champions from Earth have a decision to make - one not so easy as they might think: Which side are they on? Travel with Bill and Melissa in the footsteps of the Conqueror and the shadow of the Wolf, and ask yourself: how do you fight the invincible warrior, especially considering that your failure is already foretold?
