*Galaxy Golden Stars of the Silver Screen* Dr. Jaskiran

Chopra,2021-04-12 This book hopes to capture some of the magic created by the famous stars –heroes, heroines, villains, comedians, character actors- as well as playback singers and music directors and of course, directors of the golden era of Hindi cinema that spanned the 1960s and 1970s.This magic still lives on and I hope this book will play a role in keeping it alive and passing it on to the coming generations. The genius of these towering personalities does not end with them- it provides a peep into a time that had a romance and artistic feel all of its own. I was fortunate to have been part of it since my childhood, when the love affair with Hindi cinema started. My parents simply loved to watch films and my brother and I always went with them. So we were initiated into this

magical world quite early in life And it stayed with us alongwith lingering memories of songs and stars on cinema screens in theatres now long vanished. This magic, those memories, that fascination is now pushing me to put on paper my love for Hindi cinema's most beautiful era. Through my personal fondness and emotional connection with the films and stars of this era, I hope to bring a warm touch to their profiles. With this nostalgic lens, I hope to bring out the features no longer visible in present-day films, their themes or characters. This book takes one back into a world where emotions, romance, melody and a very different set of moral values prevailed in our cinema. Charisma too was a dominant force on the silver screen and my book highlights its various ineffable aspects. Chetan Anand 's fine directorial skill, Raj Kapoor's showmanship, Dilip Kumar's perfection as the king of tragedy, Madhubala's ethereal beauty and vibrancy or Dev Anand;s

A magical realist coming-of-age story, *Gold Diggers* skewers the model minority myth to tell a hilarious and moving story about immigrant identity, community, and the underside of ambition. A floundering second-generation teenager growing up in the Bush-era Atlanta suburbs, Neil Narayan is funny and smart but struggles to bear the weight of expectations of his family and their Asian American enclave. He tries to want their version of success, but mostly, Neil just wants his neighbor across the cul-de-sac, Anita Dayal. When he discovers that Anita is the beneficiary of an ancient, alchemical potion made from stolen gold—a “lemonade” that harnesses the ambition of the gold’s original owner—Neil sees his chance to get ahead. But events spiral into a tragedy that rips

their community apart. Years later in the Bay Area, Neil still bristles against his community's expectations—and finds he might need one more hit of that lemonade, no matter the cost. Sanjena Sathian's astonishing debut offers a fine-grained, profoundly intelligent, and biting funny investigation into what's required to make it in America. Soon to be a series produced by Mindy Kaling!
