Sreemoyee Piu Kundu

A Monograph on Gold and Silver Work in the Bengal Presidency D. N. Mookerji, 1905

Faraway Music Sreemoyee Piu Kundu, 2013-02-10 On a long-haul international flight writer Piya Choudhury tells the one story she hasn't yet told ? her own... Loved and indulged by her mother and grandparents, but haunted by the mysterious absence of her father, Piya grows up in Kolkata, a gifted and impetuous child who pursues her studies with the same passion as she does her first few adolescent crushes, until a savage encounter leaves her repulsed. She moves to Mumbai hoping to become a journalist and falls deeply in love with her editor, Abir, but when a controversial story she is working on is stymied, she is forced to choose between the man she loves and her own integrity. Years later, she is settled in New York, married to a renowned artist who helps her find herself creatively. A liberated, successful, and dynamic writer, Piya has everything she's ever wanted, until she is revisited by her past... Sensuous, profound, lyrical and moving, *Faraway Music* is a story of family, friendship, fame, love and loss ? and all that lies in between?

The Kingdom of Copper S. A. Chakraborty, 2019-01-22 S. A. Chakraborty continues the sweeping adventure begun in *The City of Brass*—the best adult fantasy I've read since *The Name of the Wind* (#1 New York Times bestselling author Sabaa Tahir)—conjuring a world where djinn summon flames with the snap of a finger and waters run deep with old magic; where blood can be dangerous as any spell, and a clever con artist from Cairo will alter the fate of a kingdom. Nahri's life changed forever the moment she accidentally summoned Dara, a formidable, mysterious djinn, during one of her schemes. Whisked from her home in Cairo, she was thrust into the dazzling royal court of

Daevabad—and quickly discovered she would need all her grifter instincts to survive there. Now, with Daevabad entrenched in the dark aftermath of a devastating battle, Nahri must forge a new path for herself. But even as she embraces her heritage and the power it holds, she knows she's been trapped in a gilded cage, watched by a king who rules from the throne that once belonged to her family—and one misstep will doom her tribe.. Meanwhile, Ali has been exiled for daring to defy his father. Hunted by assassins, adrift on the unforgiving copper sands of his ancestral land, he is forced to rely on the frightening abilities the marid—the unpredictable water spirits—have gifted him. But in doing so, he threatens to unearth a terrible secret his family has long kept buried. And as a new century approaches and the djinn gather within Daevabad's towering brass walls for celebrations, a threat brews unseen in the desolate north. It's a force that would bring a storm of fire straight to the city's gates . . . and one that seeks the aid of a warrior trapped between worlds, torn between a violent duty he can never escape and a peace he fears he will never deserve.

The Untold Charminar Syeda Imam, 2008-05-14 A dazzling collection that captures the essence of Hyderabad, offering glimpses of the various strands that go into its making, fact and legend, old-world quaintness and the highest hi-tech, eccentricity and intrigue, the calm of genteelness and the fury of rebellion. Hyderabad is a city once ruled by the worlds richest man who invested most lavishly in his state, most shabbily in his wardrobe; it holds stories of a courtesan who fought wars, counselled prime ministers, sang her own verse and enthralled luminaries who mattered; of a chief minister who transformed it into a hi-tech hub; and of a sports star who brought the young glamour of India to every tennis court in the world. Home

as much to the Golconda as to Jacob, the 187-carat diamond used as a paperweight by the Nizam, and to rock landscapes two and a half million years old, Hyderabad is a city that forever mixes cultures, cuisines, religions and languages. Here, Persian turned alloy with Telugu, Marathi and Arabic to yield a special version of Urdu, Dakhini. And here, as Andhra mingled with Telangana, a smiling mildness has survived, disarming at every turn, just as grace under pressure, regardless of gender, is unfailing. In *The Untold Charminar* readers will discover a city they will want to explore, as Sarojini Naidu, Sir Mark Tully and William Dalrymple rub shoulders with Ian Austin, Meenakshi Mukherjee and Anees Jung, regaling you with their feast of hard facts and hearsay; as each foreign visitor shares his story through Narendra Luther; as the filmmakers Shyam Benegal and Nagesh Kukunoor paint their vivid memories of home; as poets, not just the maverick Makhdoom and Gaddar, raise their voices in song; as statesmen, academics and aficionados hold forth on the completely different Hyderabad each experienced. And when Tejaswini Niranjana profiles the vigilante Vijayasanthi and Dharmender Prasad picks out place names and explains their sometimes almost mystic origins, as Bachi Karkaria, Omkar Goswami and Harsha Bhogle share their typically offbeat views of a favourite city, readers will be persuaded to believe they have encountered not a city but the inner workings of a very complex character.

Extremal Combinatorics Stasys Jukna, 2013-03-09 This

is a concise, up-to-date introduction to extremal combinatorics for non-specialists. Strong emphasis is made on theorems with particularly elegant and informative proofs which may be called the gems of the theory. A wide spectrum of the most powerful combinatorial tools is presented, including methods of extremal set theory, the linear algebra method, the probabilistic method and fragments of Ramsey theory. A thorough discussion of recent applications to computer science illustrates the inherent usefulness of these methods.

Rock Mechanics Barry H.G. Brady, E.T.

Brown, 2013-06-29 This new edition has been completely revised to reflect the notable innovations in mining engineering and the remarkable developments in the science of rock mechanics and the practice of rock engineering that have taken place over the last two decades. Although *Rock Mechanics for Underground Mining* addresses many of the rock mechanics issues that arise in underground mining engineering, it is not a text exclusively for mining applications. Based on extensive professional research and teaching experience, this book will provide an authoritative and comprehensive text for final year undergraduates and commencing postgraduate students. For professional practitioners, not only will it be of interest to mining and geological engineers, but also to civil engineers, structural mining geologists and geophysicists as a standard work for professional reference purposes.

Course in Nepali David Matthews, 2013-01-11 Nepali has also been adopted by peoples of the Himalayan region who belong to different linguistic groups, and is now understood throughout the whole of Nepal, the Darjeeling

region of West Bengal, Sikkim, Bhutan and parts of Tibet, where it has functioned as a language of trade and commerce for well over two centuries. The aim of this course, which covers the whole grammar and all the constructions of modern Nepali, is to present a full description of both the spoken and written forms of modern standard Nepali, and to enable the student to understand, speak and read most types of Nepali he or she is likely to encounter. The earlier lessons concentrate mainly on the spoken style, and the conversation passages whilst the later lessons concern religious, political and literary topics. Nepal is a land which already provides great enjoyment to the increasing number of visitors from the west. A knowledge of the language leads to a deeper understanding of the culture of its people, and the object of *A Course in Nepali* is to provide the means of learning it without much difficulty. Earlier editions of this course have been the standard book for students at the School of Oriental and African Studies, and it is without question the established market leader.

Bong Mom's Cookbook Sandeepa Datta

Mukherjee,2013-04-10 The elaborate Sunday morning breakfasts, the seasonal delicacies, the preserves that made available non-seasonal flavours - this is the stuff of childhood memories. Tragically, given the sheer pace of life today, it has become harder and harder to follow in our mothers' footsteps, to recreate moments of bonding in the kitchen, to maintain family traditions, especially when it comes to food. Sandeepa Mukherjee Datta - blogger, foodie and mother of two - strives to make this possible in her own life, and yours. This delicious book travels from Sandeepa's grandmother's kitchen in north Calcutta to her home in a New York suburb through heart-warming anecdotes and quick-easy recipes. Find out how to cook the classic kosha mangsho, throw in a few mushrooms to improvise on the traditional posto, make your own paanch-phoron. The new woman's spin on old traditions, Bong Mom's Cookbook is a must-have kitchen supplement for Bongs and non-Bongs alike. 'Authentic and enjoyable, clear and personal, studded with anecdotes that warm the heart and stir up your own memories of your favourite family recipes, Bong Mo's Cookbook is a delight to read. The only problem ; you'll have to interrupt your reading many times to try out these mouth-watering recipes!' - Chitra Banerjee

The Mystery Method Mystery, Chris Odom, 2007-02-06
One of the most admired men in the world of seduction (The New York Times) teaches average guys how to approach, attract and begin intimate relationships with beautiful women For every man who always wondered why some guys have all the luck, Mystery, considered by many to be the world's greatest pickup artist, finally reveals his secrets for finding and forming relationships with some of the world's most beautiful women. Mystery gained mainstream attention for his role in Neil Strauss's New York Times bestselling exposé, *The Game*. Now he has written the definitive handbook on the art of the pickup. He developed his unique method over years of observing social dynamics and interacting with women in clubs to learn how to overcome the guard shield that many women use to deflect come-ons from average frustrated chumps. *The Mystery Method: How to Get Beautiful Women Into Bed* shares tips such as: *Give more attention to her less attractive friend at first, so your target will get jealous and try to win your attention. *Always approach a target within 3 seconds of noticing her. If a woman senses your hesitation, her perception of your value will be lower. *Don't be picky. Approach as many groups of people in a bar as you can and entertain them with fun conversation. As you move about the room, positive perception of you will grow. Now it's easy to meet anyone you want. *Smile. Guys who don't get laid, don't smile.

Talking Bodies Vol. II Bodie A. Ashton, Amy Bonsall, Jonathan Hay, 2020-05-07 This volume brings

together scholars from across disciplines and continents in order to continue to analyse, query, and deconstruct the complexities of bodily existence in the modern world. Comprising nine essays by leading and emerging scholars, and spanning issues ranging from literature, history, sociology, medicine, law and justice and beyond, *Talking Bodies* vol. II is a timely and prescient addition to the vital discussion of what bodies are, how we perceive them, and what they mean. As the essays of this volume demonstrate, it is imperative to question numerous established presumptions about both the manner by which our bodies perform their identities, and the processes by which their ownership can be impinged upon.
