Blindsight Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with

machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Women Food and God Geneen Roth, 2011-09-29 Millions of us are locked into an unwinnable weight game, as our self-worth is shredded with every diet failure. Combine the utter inefficacy of dieting with the lack of spiritual nourishment and we have generations of mad, ravenous self-loathing women. So says Geneen Roth, in her life-changing new book, *Women, Food and God*. Since her 1991 bestseller, *When Food Is Love*, was published, Roth has taken the sum total of her experience and combined it with spirituality and psychology to explain women's true hunger. Roth's approach to eating is that it is the same as any addiction - an activity to avoid feeling emotions. From the first page, readers will be struck by the author's intelligence, humour and sensitivity, as she traces the path of overeating from its subtle beginnings through to its logical end. Whether the drug is booze or brownies, the problem is the same: opting out of life. She powerfully urges readers to pay attention to what they truly need - which cannot be found in a supermarket. She provides seven basic guidelines for eating (the most important is to never diet) and shares reassuring, practical advice that has helped thousands of women

who have attended her highly successful seminars. Truly a thinking woman's guide to eating - and an anti-diet book - women everywhere will find insights and revelations on every page.

Border Lines Mihaela Moscaliuc, Michael Waters, 2020-09-08 In this remarkable collection—the first of its kind—poets from around the world give eloquent voice to the

trials, hopes, rewards, and losses of the experience of migration. Each year, millions join the ranks of intrepid migrants who have reshaped societies throughout history. The movement of peoples across borders—whether forcible, as with the Middle Passage and the Trail of Tears, or voluntary, as with the great migrations from Europe, Asia, Africa, and Latin America to the United States and Western Europe—brings with it emotional and psychological dislocations. More recently, African and Middle Eastern peoples have risked their lives to reach safety in Europe, while Central Americans have fled north. Whatever their circumstances, these travelers share the challenge of adapting to being strangers in a strange land. *Border Lines* brings together more than a hundred poets representing more than sixty nationalities, including Mahmoud Darwish, Czeslaw Milosz, Aimee Nezhukumatathil, Ruth Padel, Warsan Shire, Derek Walcott, and Ocean Vuong. Their poems offer moving stories of displacement and new beginnings in such places as France, Germany, Canada, the United Kingdom, and the United States. A monument to courage and resilience, *Border Lines* offers an intimate and uniquely global view of the experience of immigrants in our rapidly changing world.
