Seedfolks Paul Fleischman, 2013-07-30 ALA Best Book for Young Adults • School Library Journal Best Book • Publishers Weekly Best Book • IRA/CBC Children's Choice • NCTE Notable Children's Book in the Language Arts A Vietnamese girl plants six lima beans in a Cleveland vacant lot. Looking down on the immigrant-filled neighborhood, a Romanian woman watches suspiciously. A school janitor gets involved, then a Guatemalan family. Then muscle-bound Curtis, trying to win back Lateesha. Pregnant Maricela. Amir from India. A sense of community sprouts and spreads. Newbery-winning author Paul Fleischman uses thirteen speakers to bring to life a community garden's founding and first year. The book's short length, diverse cast, and suitability for adults as well as children have led it to be used in countless one-book reads in schools and in cities across the country. Seedfolks has been drawn upon to teach tolerance, read in ESL classes, promoted by urban gardeners, and performed in schools and on stages from South Africa to Broadway. The book's many tributaries—from the author's immigrant grandfather to his adoption of two brothers from Mexico—are detailed in his forthcoming memoir, *No Map, Great Trip: A Young Writer's Road to Page One*. The size of this slim volume belies the profound message of hope it contains. —Christian Science Monitor And don't miss Joyful Noise: Poems for Two Voices, the Newbery Medal-winning poetry collection!

A Hero for the Americas Robert Calder, 2017 The biography of Spaniard Gonzalo Guerrero, who became one of the great leaders of the Mayan race.

Bernardo de Gálvez Gonzalo M. Quintero Saravia, 2018-03-23 Although Spain was never a formal ally of the United States during the American Revolution, its entry into the war definitively tipped the balance against Britain. Led by Bernardo de Galvez, supreme commander of the Spanish forces in North America, their military campaigns against British settlements on the Mississippi River—and later against Mobile and Pensacola—were crucial in preventing Britain from concentrating all its North American military and naval forces on the fight against George Washington's Continental army. In this first comprehensive biography of Galvez (1746@–86), Gonzalo M. Quintero Saravia assesses the commander's considerable historical impact and expands our understanding of Spain's contribution to the war. A man of both empire and the Enlightenment, as viceroy of New Spain (1785@–86), Galvez was also pivotal in the design and implementation of Spanish colonial reforms, which included the reorganization of Spain's Northern Frontier that brought peace to the region for the duration of the Spanish presence in North America. Extensively researched through Spanish, Mexican, and U.S. archives, Quintero Saravia's portrait of Galvez reveals him as central to the histories of the Revolution and late eighteenth-century America and offers a reinterpretation of the international factors involved in the American War for Independence.

Auto/Biography across the Americas Ricia A. Chansky, 2016-08-05 Auto/biographical narratives of the Americas are marked by the underlying themes of movement and belonging. This collection proposes that the impact of the historic or contemporary movement of peoples to, in, and from the Americas—whether chosen or forced—motivates the ways in which identities are constructed in this contested space. Such movement results in a cyclical quest to belong, and to understand belonging, that reverberates through narratives of the Americas. The volume brings together essays written from diverse national, cultural, linguistic, and disciplinary perspectives to trace these transnational motifs in life writing across the Americas. Drawing on international scholars from the seemingly disparate regions of the Americas—North America, the Caribbean, and Latin America—this book extends critical theories of life writing beyond limiting national boundaries. The scholarship included approaches narrative inquiry from the fields of literature, linguistics, history, art history, sociology, anthropology, political science, pedagogy, gender studies, critical race studies, and indigenous studies. As a whole, this volume advances discourse in auto/biography studies, life writing, and identity studies by locating transnational themes in narratives of the Americas and placing them in international and interdisciplinary conversations.

Imagined Theatres Daniel Sack, 2017-04-07 Imagined Theatres collects theoretical dramas written by some of the leading scholars and artists of the contemporary stage. These dialogues, prose poems, and microfictions describe imaginary performance events that explore what might be possible and impossible in the theatre. Each scenario is mirrored by a brief accompanying reflection, asking what they might mean for our thinking about the theatre. These many possible worlds circle around questions that include: In what way is writing itself a performance? How do we understand the relationship between real performances that engender imaginary reflections and imaginary conceptions that form the basis for real theatrical productions? Are we not always imagining theatres when we read or even when we sit in the theatre, watching whatever event we imagine we are seeing?

Trapeze Anaïs Nin, 2017-05-15 Anaïs Nin made her reputation through publication of her edited diaries and the carefully constructed persona they presented. It was not until decades later, when the diaries were published in their unexpurgated form, that the world began to learn the full details of Nin's fascinating life and the emotional and literary high-wire acts she committed both in documenting it and in defying the mores of 1950s America. Trapeze begins where the previous volume, *Mirages*, left off: when Nin met Rupert Pole, the young man who became not only her lover but later her husband in a bigamous marriage. It marks the start of what Nin came to call her "trapeze life," swinging between her longtime husband, Hugh Guiler, in New York and her lover, Pole, in California, a perilous lifestyle she continued until her death in 1977. Today what Nin did seems impossible, and what she sought perhaps was impossible: to find harmony and completeness within a split existence. It is a story of daring and genius, love and pain, largely unknown until now.

The Intangible Universe Of Zóez Gonzalo Barrios Perez, 2019-03-19 The Intangible Universe of Zóez immerses the reader in one of the primordial moments of humanity, covered with lithic matriarchal landscapes through its history and that of its museum of ecological art, one of those places in which the apparent inertia of matter reveals the spirituality of its author. The life of Gonzalo Barrios takes place on trepidantes routes of the most excellent simplicity, all a way provided with intimate adventures, mixture of sea, city and mountain that appear the cause of their creation. What he experienced from the impetus of feeling explains the candidness of his narrative. This is how he offers us a simple and lively story, as if he remembers from the heart, as if he were trying to weave together distant events while preserving the vivacity of their different stages of life.

The Night Rodrigo Blanco Calderon,2022-02-08 For readers who love Bolaño, a new voice of Latin American fiction, winner of the Mario Vargas Llosa Prize. Recurring blackouts envelop Caracas in an inescapable darkness that makes nightmares come true. Real and fictional characters, most of them are writers, exchange the role of narrator in this polyphonic novel. They recount contradictory versions of the plot, a series of femicides that began with the energy crisis. The central narrator is a psychiatrist who manipulates the accounts of his friend, an author writing a book titled *The Night*; and his patient, an advertising executive obsessed with understanding the world through word puzzles. The author shifts between crime fiction and metafiction, cautioning readers that the events retold are both true and manipulated. This is a political novel about the financial crisis and socio-political division in Venezuela from 2008 to 2010. The title of the book, originally also in English, is a gesture towards Chavism's failure to resist US influence. Yet, the form is unapologetically literary, a reflection on the depiction and distortion of reality through storytelling. Blanco Calderón said about the potential of language, I am convinced that all the evil in the world begins in them: in words (Caracas, 2010).

War and Genocide in Cuba, 1895-1898 John Lawrence Tone,2006 Cubanske Frihedskrig 1895 - 1898. Bogen handler om Cubas krig for at opnå uafhængighed af Spanien. Spanien satte alt ind på ikke at miste Cuba, og krigen blev ført med stor grusomhed og kostede mange civile cubanere livet, bl.a. i koncentrationslejre oprettet af spanierne. I 1898 greb USA, der havde store økonomiske interesser på Cuba, ind og afsluttede krigen, der sluttede med Spaniens nederlag få måneder senere og førte til oprettelsen af Guantánamo basen og Cubas selvstændighed i 1902.
