*The Secret Symbols of the Dollar Bill* David

Ovason,2016-05-17 Do you know the true meaning of a dollar? Few people do. Now an expert on arcane symbolism uncovers the fascinating secret meanings behind the design of the money we use every day. In *The Secret Symbols of the Dollar Bill*, David Ovason explores the visual complexity and magic behind the world's most influential currency. Lively and readable, this extraordinary book invites you to take a dollar bill in hand and set off on a visual adventure. You will discover dazzling explanations of its secret contents -- from the symbols derived from the Great Seal to the extraordinary strands of numerology interwoven into its structure, to surprising hidden alignments. Once you discover the magic and mystery revealed in *The Secret Symbols of the Dollar Bill*, you will find that the dollar in your wallet is worth so much more than what you can buy with it.

**The Creation Conspiracy** Jefri Martin Mize,2005-04-01 In investigations we are taught to 'follow the money'. The money that we are following is the U.S. dollar. On the back of the dollar bill is the Great Pyramid at Giza, thus connecting this Egyptian Pyramid with the United States. The Mercury dime was minted from 1916 through 1945. This connects the planet Mercury with the constellation Perseus (both have wings on their feet), and it has the California Nebula (NGC 1499) within its borders, thus connecting Perseus with the State of California and the United States. The Great Pyramid at Giza was built as a warning of what would happen to the creator of the heavens and the earth, if he flooded the earth and killed the people.

Pyramid Quest Robert M. Schoch,Robert Aquinas

McNally,2005-06-02 The Egyptologist acclaimed for re-dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity: the Great Pyramid of Giza. What is the Great Pyramid of Giza? Ask that basic question of a traditional Egyptologist, and you get the basic, traditional answer: a fancy

tombstone for a self-important pharaoh of the Old Kingdom. This, Egyptologists argue, is the sole finding based on the data, and the only deduction supported by science. By implication, anyone who dissents from this point of view is unscientific and woolly-minded-a believer in magic and ghosts. Indeed, some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them. Yet from beneath the obvious terms of this controversy, a deeper, more significant question arises: how is it that the Great Pyramid exercises such a gripping hold on the human psyche- adding cryptic grace to the back of the one-dollar bill and framing myriad claims of New Age pyramid power? In *Pyramid Quest*, Robert M. Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid, and develop a stunning hypothesis: This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought, extending far back into a little-known time. In tracing that story, we come to understand not only the Great Pyramid but also our own origins as civilized beings.

*Lost Cities & Ancient Mysteries of Africa & Arabia* David Hatcher Childress, 1989 Join Childress as he discovers forbidden cities in the Empty Quarter of Arabia, 'Atlantean' ruins in Egypt and the Kalahari desert; a mysterious, ancient empire in the Sahara; and more. This is an extraordinary life on the road: across war torn countries Childress searches for King Solomon's Mines, living dinosaurs, the Ark of the Covenant and the solutions to the fantastic mysteries of the past.

A New Planet Corey Marques, 2011-12-21 The characters and plot of this story are fictitious , and although some are derived from mythical, historical, symbolic and religious means, the story itself is fictitious. As such, the story is not intended to be taken seriously, judgmentally, nor religiously; but absorbed and discarded playfully with an open mind. Take in what you need; take what you feel, discard the rest. In no way does this book

claim to know the right way to grow, because everyone must walk their own path, everyone must find their own centerpoint of view . This story comes from one perspective, one eye, one voice, one soul expressing various elements of human emotion, expression and opinion. This is a story, with a plot I believe to be of central proportions. It is up to you to find connections to your own Archetype. May you always Love your Creator and aim to shine bright like the greatest role model in the universe. Within creative bright light\*Shines great insight. Aim to be the Author and Master your own world. \*Everyone, every soul has a character, a story that can and does change the World. Ask yourself, who is your character?

*The Great Pyramid in Fact and in Theory* William Kingsland,1996-09 1932 Contents: General Features - Geographical, Historical, Dimensional, Internal Passages & Chambers; structural Details of the Outside: corner Sockets, Platform, Casing Stones, Core Masonry, Base Measurements, Geometry of the Pyramid, Egyptian cub.

**Fads and Fallacies in the Name of Science** Martin Gardner,2012-05-04 Fair, witty appraisal of cranks, quacks, and quackeries of science and pseudoscience: hollow earth, Velikovsky, orgone energy, Dianetics, flying saucers, Bridey Murphy, food and medical fads, and much more.

Number Freaking Gary Rimmer,2006-01-01 This isn't a book of statistics and it isn't a book of science. It has nothing whatsoever to do with actuaries or accountants. Number Freaking is a book of surreal sums and absurd arithmetic: it's doodling with numbers, doing sums in your head just for fun, playing dice with the universe. It's the art of putting numbers where none existed before to take an off-the-wall peek behind the curtains at how numbers rule our lives. It's about taking numbers that were never meant to be in the same room, crashing them together and seeing what comes out the other end. Number Freaking reveals the low drama of life, the unexpected realities

and unforeseen truths that emerge only when numbers are tested to destruction. How long would it take to drive your car to the moon? How many people on Earth are drunk right now? If you were falling from the world's tallest building, would you have time to phone a friend to say goodbye? Which is more crowded: Jakarta, an IKEA store or Hell? How long will it take for America to eventually collide with Japan? What's a decent boyfriend worth... in chocolate? Discover for yourself how far you walk in a lifetime, how many people have ever lived and how to cure world debt in this essential guide to modern life.

*Shards of Illumination II* Ralph Ellis, 2024-03-11 \*\*\* eBook edition, with colour images \*\*\* Description: The Shards series are a compilation of hundreds of posts and articles I have written during 2022 and 2023. Both volumes cover a large selection of topics, from alternative biblical exegesis, to energy policy criticism, to climate deception, and to covid idiocy. Yet the disinformation and gaslighting continues unabated, and has even surpassed the peak of just two years ago. When will it end, I hear you ask? Only when we stand up to it, and call it out in public. Our new age is not the Anthropocene, it is actually the Deceptocene. Thus we see: Clerics only telling their flocks half of the gospel story. Medics refusing to investigate alternative therapeutics. Climate scientists amending and cherry-picking data. The media not investigating alternate facts and data. Academics jumping on bandwagons for grant funding. Politicians using cherry-picked data to their advantage. These many deceptions can only be the result of intentional deceit, not mere incompetence. Although these deceptions are invigorated by bandwagon-riders - those who seek personal advantage through turning a blind-eye to the corruption. It is time to stand up to the Woke cry-bullies, and break through the deception. V1.9 2024 eBook colour. .

**Egyptian Pyramids** Carola Fallon, 2021-05-18 The Great Pyramid of Giza is the oldest and largest of the pyramids in the

Giza pyramid complex bordering present-day Giza in Greater Cairo, Egypt. It is the oldest of the Seven Wonders of the Ancient World, and the only one to remain largely intact. This book identifies the purpose of the structure, what it was making, and the significance of this substance. The world is dominated by an all-encompassing hierarchical system that is in and of itself involved in a relentless pursuit of money and energy extracted from the masses. So what is money? It can ultimately be traced in root to an element known as gold. It has been this way for thousands of years. So why is gold the chosen foundational token propping up the global economy?

Secret Chamber Revisited Robert Bauval, 2014-10-09 A firsthand, behind-the-scene account of the controversies surrounding modern explorations at Giza • Investigates the recent scandals at Giza and claims of secret excavations and tunneling inside the Great Pyramid • Reveals the historical evidence in support of secret chambers in the Great Pyramid and beneath the Great Sphinx • Exposes the secret agendas behind the latest explorations on the Giza plateau Since 1993 Robert Bauval has been embroiled in the many controversies involving the search for the lost treasures of the pyramid builders and the quest for the legendary Hall of Records of Atlantis. The strange but true story that he unfolds implicates American business moguls, the prestigious National Geographic Society, several Ivy League universities, the Edgar Cayce Foundation, the Freemasons, Christian fundamentalists, Zionists, and the Egyptian government. In this fully updated edition of Secret Chamber, including new color photographs, Robert Bauval pursues his in-depth investigation of clandestine events at Giza and the role played by the controversial ex-Minister of Antiquities Dr. Zahi Hawass. What lies behind the mysterious doors at the end of the star shafts in the Great Pyramid? What do the mysterious inscriptions found behind the Gantenbrink door mean? What is the real purpose of the Relief Chambers and the red

ochre “graffiti” in them? Who is behind the secretly tunneling and excavating in these chambers, and why? Is there really a hidden Hall of Records from Atlantis beneath the Great Sphinx? Is the Great Pyramid just a tomb or does it serve a higher purpose involving a lost science of immortality? Why do the ancient texts ascribe the Pyramid’s design to the supreme god of wisdom Thoth, the writer of the fabled Books of Hermes? Will the Great Pyramid prove to be the “missing link” to our true origins or a “metaphysical machine” to access the world beyond? Providing a firsthand account of the strange events that have taken place at the Giza plateau in the last three decades, Bauval reveals the hidden agendas behind these events and raises important questions about the meaning of Egypt’s ancient structures and the very origins of civilization.

Apocalypse Prophesied Herbert Stollorz, 2005-12-19

Apocalypse Prophesied, describes God's 7,000-year plan for this earth, as supported by 1,000 Bible references. This plan includes 6,000 years of human history and 1,000 years of prophetic events yet to take place. With its many verses it has become like a miniature Bible that explains the Creator's plan for humanity and the reasons why we exist. The 10th chapter of this book focuses on the cuckoo clock analogy. It is a summary explanation of special historic events that correspond to parallel events that will take place during the 7 years of the Great Tribulation. We have a saying that history repeats itself, and this book demonstrates where it does so prophetically.

Interesting Answers Ryan McCain, 2023-01-30 I created my Interesting Answers website a few years back as a place to concisely answer those bizarre and random questions that pop into your head throughout the day that aren't important enough

to write down and research later. For example: -Is there an Old Zealand? -How many people live in Antarctica? -Do insects get fat? -How many songs did Elvis Presley record? -Was Colonel Sanders a real military colonel? -Why can't I tickle myself? -Who is General Tso and why is chicken named after him? ....and over 100 other interesting questions and answers! The answers to these fun questions and random trivia is what makes up this book. I'm a very curious person and strange random questions like these constantly pop into my head while I'm driving, showering, etc. Since they weren't questions that affect my life, I never would get the answers to them. One day, I finally decided to start making a note of these strange random questions and document my findings on Interesting Answers. The website and this book are safe for all ages! I got annoyed with the answers I found on other websites because they would spend so much time not answering the question just to increase the amount of time people spend on their web page. I took a different approach. My entire goal was to answer the question as concisely as possible and give just a little bit of background information for context purposes but not get too wordy. If you want long-winded answers, this is not the book for you. If you want a book that gets to the point while still providing context and background information, then this IS the book for you. If you are a trivia buff, this is the book for you! If you have a friend that is a trivia buff, this book would make a great gift! If you want an interesting coffee table or bathroom reader, this is the book for you! :) I updated my site for a few years and now have nearly 200 questions. This book will be the first volume. If this book sells enough, I will put together a second volume in the coming months. Hopefully, you have as much fun reading the answers to these bizarre questions as I did discovering them.

Now, he expands his vision with a cutting-edge investigation into alternative sciences with deep insights into what is coming in our immediate future. A stunning synthesis of hidden science and lost prophecies, *The Source Field Investigations* exposes DNA transformation, wormholes, ancient conspiracies, the Maya calendar, and a new model of galactic energy fields triggering mental, biological, and spiritual evolution. *The Spiritual Teachings and Biography of Master Krishna Venta* Jon Fisher, 2008-07-04 This book contains meditations, lectures, photos and a short biography of Master Krishna Venta, a cult leader of the early 1950s. It also contains a few biographies of cult followers that helps to explain the causes of the double suicide bombing of 10 December 1958. The author grew up in the cult and was only a few feet from the blast. The author also taught religion to Charles Manson, Susan Atkins and various other fruit cakes. I also discuss Barack Obama and Socialism.

*The Nephilim and the Pyramid of the Apocalypse* Patrick Heron, 2015-02-02 For almost 5000 years, the pyramids and similar structures in Mexico and Cambodia have taunted scholars with their cryptic secrets and astronomical significance--who built these world wonders and how? Buried in ancient Hebrew texts, undiscovered and largely ignored by scholars, lies a wealth of information about a mysterious and little known race of giants, called the Nephilim--sons of God who coupled with mortals, and their children--the true builders of the pyramids and other great monuments of ancient history. The true identity of the builders is only half the story--by scientifically examining age-old prophecies,

author Patrick Heron was able to discover the true purpose of the pyramids. His astonishing findings, thoroughly and engagingly explained in *The Nephilim and the Pyramid of the Apocalypse*, address the importance of the pyramids and their significance in predicting the coming Apocalypse. These pyramids hold the answer to the question man has been asking since the beginning of time: when and how will the world end? It may be sooner than you think.
