Green Shorts - Environmental Short Stories ,2016-06-13 Green Shorts 'Green Shorts' is a proud collection of short stories written by the talented 8 Aces class from Brisbane Bayside State College. Students were challenged to write a short story that contained a message about our need to care for the environment and the creatures that we share with it. Within you will find stories about nature that are wild, funny, sometimes scary, but above all, are meaningful.

The Collected Greene Shorts; Volume 1 Esmeralda Greene,2010-11-23 This volume contains seven sizzling hot, taboo-busting stories from erotica writer Esmeralda Greene's Greene Shorts series.1: Mother's Milk - Sexy young mother Dorothy and her teenaged helpmate Janey explore lesbian sex and the erotic potential of Dorothy's milk-filled breasts.2: Mounted - Laura and Amy share a strange and taboo sexual preference, but there are unexpected developments when they decide to swap their canine sex partners.3: Liquid Fetish - Donna has an unusual sexual quirk: a fetish for that most male of bodily fluids. She thinks she has her obsession and her life under control, until one day...4: Humiliation - Louise is a slave who happily submits to her master's punishments. But she discovers one day that there's an even greater pleasure than having her bottom whipped.5: Mindy's Family - Mindy has a habit of taking away her mother's sex partners. Her uncle (Mom's lover), her father (Mom's husband), and even Mom's vibrator!6: Mom's Girlfriend - Ryan likes to peep on his mother having sex. But when she takes a new lesbian lover, he finds he's becoming far more personally involved in his mother's sex life.7: Sis's Horse Farm - When Chris visits his sister Cheryl at her new rural home, they soon rekindle

the passionate sexual relationship they enjoyed as teenagers. But Cheryl has another sexual kink--one she demonstrates by taking her brother out to the stables and giving him a mind-boggling live performance with her two stallions.

weekly alternative newspaper in Sacramento, Suttertown News. In the same year, he began free-lancing for the Neighbors section of the Sacramento Bee, contributing over 100 articles until Neighbors was discontinued in 2002.. Since 2000, He's been writing for a monthly newspaper, the Sun Senior News, which goes to over 10,000 households in two retirement communities, Sun City Roseville (where he lives) and Sun City Lincoln Hills. Thrifty Green Priscilla Short,2011-03-01 Priscilla Short lived off the grid for a year in a strawbale house in Taos, NM, with no electricity, no running water, and a wood burning stove for heat. At the end of the year, Short returned home to Denver committed to making a smaller ecological footprint by consuming less and conserving more. In *Thrifty*

Green, Short offers a unique, resource-by-resource approach that shows us that the best way to practice conservation, the real win-win, involves saving money as we lighten up. In the tradition of Ed Begley, Jr.'s *Living with Ed*, this book will help you make crucial decisions about transportation, heat, power, light, water, food, and garbage. Peppered with examples of people living both on and off the grid, eccentric and ordinary, who are deliberately making choices to live with less, *Thrifty Green* is much more than a how-to book. It is a conscientious guide to the art of going green that includes a wealth of terrific tips, fun facts, and straightforward strategies that will make you think about conservation in a whole new way.

Faster, Higher, Farther: How One of the World's Largest Automakers Committed a Massive and Stunning Fraud Jack Ewing,2017-05-23 “A rich history of a company whose cars, for better and worse, have touched millions of lives, a character study of a brilliant but deeply flawed leader, and a case study in how a corporate culture can turn toxic.” —Bethany McLean, New York Times Book Review *Faster, Higher, Farther* chronicles a corporate scandal that rivals those at Enron and Lehman Brothers—one that will cost Volkswagen more than \$22 billion in fines and settlements. Through meticulous reporting, New York Times correspondent Jack Ewing documents why VW felt compelled to install “defeat devices” in diesel vehicles that unlawfully lowered CO2 levels during emissions testing, and how the fraud was committed, covered up, and finally detected. *Faster,*

Higher, Farther is a briskly written account of unrivaled corporate greed. Updated with the latest information and a new afterword by the author.

The Short Stories of Virginia Woolf Virginia Woolf, 2017-02-16 Adeline Virginia Woolf (1882-1941) was an English writer. She is widely hailed as being among the most influential modernist authors of the 20th century and a pioneer of stream of consciousness narration.
