Storms Gather Between Us Clare Flynn, 2019-06-17 Life can change in a single moment... Living under the watchful eye of her controlling and abusive father, Hannah Dawson's hopes for freedom and happiness seem a distant dream. Her mother, passive and ashamed of her self-preservation, refuses to challenge her husband. It is the mysterious circumstances of her long-lost Aunt Lizzie's disappearance in the 1920s that inspires Hannah to seek a better life. Since escaping his family's notoriety in Australia Will Kidd has spent a decade sailing the seas, never looking back. Content to live the life of a wanderer, everything changes in a single moment when he comes face to face with a ghost from his past on a cloudy beach in Liverpool. Hannah and Will are thrown together by fate and bonded by secrets from long ago. Now, they discover a love like no other. But with Hannah's father determined to see her wed to a man of his choosing they must fight against a tyrant who has ruined many lives. Even if they succeed, can they escape the chains of their histories? And will their plans for a future be possible when the whole world is changing forever...? A compelling tale of family secrets and undeniable love against the odds, perfect for fans of Susanne Goldring and Fiona Valpy. Praise for Storms Gather Between Us 'Another great book by Clare Flynn' Reader Review 'A really gripping and moving pre WWII story' Reader Review 'I would recommend this book without hesitation' Reader Review 'Very descriptive, immersive and well written. This book is guaranteed to make you turn each and every page.' Reader Review 'I was totally gripped from the first page' Reader Review 'Although this novel follows Flynn's A Greater World, it can stand alone, since the characters' backstories are introduced non-intrusively. Will's exploits on the seas and in coastal regions, notably Zanzibar and Naples, and Hannah's confined life and mannerisms in pre-WWII Liverpool are presented vividly, displaying the author's talent and extensive research. The descriptions of the sea voyages and locales are undoubtedly based on Flynn's travels. The novel's skillful plot elucidates the harsh treatment of some women during the period. Readers will look forward to the sequel. Recommended.' Historical Novel Society

The Lampshade Mark Jacobson, 2010-09-14 Few growing up in the aftermath of World War II will ever forget the horrifying reports that Nazi concentration camp doctors had removed the skin of prisoners to make common, everyday lampshades. In *The Lampshade*, bestselling journalist Mark Jacobson tells the story of how he came into possession of one of these awful objects, and of his search to establish the origin, and larger meaning, of what can only be described as an icon of terror. Jacobson's mind-bending historical, moral, and philosophical journey into the recent past and his own soul begins in Hurricane Katrina-ravaged New Orleans. It is only months after the storm, with America's most romantic city still in tatters, when Skip Henderson, an old friend of Jacobson's, purchases an item at a rummage sale: a very strange looking and oddly textured lampshade. When he asks what it's made of, the seller, a man covered with jailhouse tattoos, replies, "That's made from the skin of Jews." The price: \$35. A few days later, Henderson sends the lampshade to Jacobson, saying, "You're the journalist, you find out what it is." The lampshade couldn't possibly be real, could it? But it is. DNA analysis proves it. This revelation sends Jacobson halfway around the world, to Yad Vashem in Jerusalem and to the Buchenwald concentration camp in Germany, where the lampshades were supposedly made on the order of the infamous "Bitch of Buchenwald," Ilse Koch. From the time he grew up in Queens, New York, in the 1950s, Jacobson has heard stories about the human skin lampshade and knew it to be the ultimate symbol of Nazi cruelty. Now he has one of these things in his house with a DNA report to prove it, and almost everything he finds out about it is contradictory, mysterious, shot through with legend and specious information. Through interviews with forensic experts, famous Holocaust scholars (and deniers), Buchenwald survivors and liberators, and New Orleans thieves and cops, Jacobson gradually comes to see the lampshade as a ghostly illuminator of his own existential status as a Jew, and to understand exactly what that means in the context of human responsibility. One question looms as his search goes on: what to do with the lampshade—this unsettling thing that used to be someone? It is a difficult dilemma to be sure, but far from the last one, since once a lampshade of human skin enters your life, it is very, very hard to forget.
