The Grulla Paint Murders David Huebner,2004-03-01

The Grulla Paint Murders David Huebner,2004-03-15 Ben Pike, Saguaro County's most notorious citizen has been brutally murdered. Deputy Evan Coleman of the Saguaro Sheriff's Department finds him at his hunting camp in the mountains adjacent to his ranch. Puzzled by the circumstances and condition of the body, Evan calls the Colorado CSI. Led by Doctor Cheree Nicoletti, investigators join Evan at the remote mountain crime scene early the next morning. Two clues point to a perpetrator, a strawberry blonde riding a grulla paint horse. Intrigued by both the case and Deputy Coleman, Dr. Nicoletti involves herself in the hunt for the perpetrator. The search leads to a young woman, Sarah Mason, who was brutalized by Pike and his two sons as a teenager sixteen years earlier. She has means and opportunity, but Evan is not willing to accept her as guilty. Soon after, Ben's elder son, Abel, is also murdered. Raleigh Pike, Abel's estranged wife, provides additional information that leads Evan back to Sarah and her brother Jake. Jake has motive, means and opportunity, too. Also the strawberry blonde hair is a genetic match to Sarah's young daughter, and Jake is acquainted with Raleigh. After pursuing some additional dead ends, including Jason Pike, Ben's younger son, and his girlfriend, a strawberry blonde named Veronica Valdez, Evan arrests Jake for the two murders. Believing he's been framed by Jason, Jake escapes custody and goes to the Pike place to confront Jason. At that point, everything deteriorates rapidly including the weather and Evan is forced into a gunfight during a raging snowstorm.

In that regard, the plan will guide management decisions over the next 15 years and set forth strategies for achieving refuge goals and objectives within that time frame. The results of the planning process are represented within this document. Management actions identified within this document reflect a need to achieve a number of refuge goals that are supported by measurable objectives and specific implementation strategies.

Enciclopedia Akal de Emblemas Españoles Ilustrados Antonio Bernat Vistarini,John T. Cull,Edward John Vodoklys,1999-05-27 La obra contiene, extractados, todos los libros de emblemas que se publicaron en español durante los siglos XVI y XVII. Se trata de un material de difícil acceso que de este modo se pone a disposición del lector, ya sea investigador o mero aficionado a la riquísima cultura simbólica cifrada en el género de la literatura emblemática. El libro se presenta en primera instancia como índice alfabético de los motivos iconográficos principales presentes en cada emblema. Pero, además, se podrá acceder a los emblemas mediante búsquedas realizadas a partir de los índices complementarios: de autores, lemas, fuentes y claves temáticas, aparte de los motivos iconográficos secundarios. Completa el volumen un glosario terminológico y de personajes que ayuda a la comprensión de los significados. El desarrollo de los estudios de emblemática en el ámbito internacional (existe una extensa Society for Emblem Studies) ha hecho aconsejable introducir traducción al inglés de los campos de información más relevantes. Y las ventajas que proporcionan las nuevas tecnologías han sido aprovechadas con la incorporación de un CD-ROM (ejecutable por igual en los sistemas Macintosh y PC) que agiliza la combinación de búsquedas complejas. Tanto el CD-ROM como el libro reproducen los grabados de los 1.732 emblemas estudiados.

Cloud's Legacy Ginger Kathrens, 2012-11-06 Ginger Kathrens continues the saga of the wild horses of the Arrowheads in *Cloud's Legacy*, a companion volume to PBS's NATURE program. An award-winning wildlife documentary filmmaker, Kathrens is passionate about the plight of wild horses in North America, and it is with great joy that she watches the cast of *Cloud's Legacy* run and interact freely on America's wide open spaces. Her great story-telling abilities are beautifully enhanced by the exciting color photography that adorns each chapter of this handsome volume. The cast of characters in this saga has expanded beyond the first *Cloud* documentary to include over thirty different horses (all of which are listed in the appendix of the book). The story is told in 22 engaging chapters that follow Cloud and his growing family through their real-life adventures in the Rocky Mountains. Kathrens's documentaries about Cloud, his cohorts, and family won the CINE Golden Eagle Awards, Chicago International Television Competition, U.S. International Film and Video Festival, and the WorldFest Houston International Film Festival.

Sundown Michael Zimmer, Most of the ranchers around Sand Creek had brought cattle up from Texas when free grass opened in Nebraska. It was tough, but eventually Ben Wyatt's Bar-W and the other ranches began to prosper. And so did the shantytown of Sand Creek. The town's old sod buildings were replaced by plank structures and the riffraff that seemed to thrive in the lawlessness of a hide-town gave way to honest merchants. Its very existence depended upon the cattle business. When the ranches hurt, Sand Creek hurt—and the ranches were hurting bad in 1876. The discovery of gold in nearby Black Hills brought thousands of people to the area and soon put a strain on the food supply. At first, there were random rustlings. But now it was no longer just a few head stolen to feed a mining camp. The thievery was too widespread—there had to be some kind of organization behind it. So the Cattlemen's Association hired Luke Howard and several others to put a stop to it, using whatever means they had to employ to get the job done! This stark, realistic portrait of Nebraska in the 1870's recreates a time and place where some of the villains carried sidearms but the real crooks packed fountain pens. —Booklist

La novia grulla CJ Hauser, 2023-11-06 Una mirada franca y divertida sobre el amor, la intimidad y la identidad en el siglo XXI. Diez días después de cancelar su boda, CJ Hauser se embarcó en una expedición a Texas para estudiar a la grulla trompetera. Tras una semana chapoteando en las marismas del golfo comprendió que había estado a punto de firmar un contrato para vivir la vida de otra persona. ¿Qué pasaría si decidiéramos liberarnos de la idea tradicional de felicidad y nos abriéramos a lo inesperado? Hauser se sirve de su propia experiencia para explorar las relaciones sentimentales, los fracasos amorosos, la intimidad y la identidad en el siglo XXI. Disecciona la personalidad de los protagonistas de Expediente X mientras intenta entender qué es el amor, rememora sus peores citas de Tinder, chatea con desconocidos que conversan como robots y analiza a Katharine Hepburn en *Historias de Filadelfia* para aprender a no perderse en una relación. Divertido, inclasificable y brutalmente sincero, este libro trata de cómo modelamos nuestra vida sentimental y nuestra comprensión de los demás a través de los relatos; una lectura para aquellos que aprenden a encontrar la alegría en el no saber e intentan, aunque a veces fracasen, construir particulares formas de vida, familia y hogar. «Sincera, divertida y cautivadora... Una invitación a redefinir qué es una historia de amor.» *The Observer* «Un libro emocionante y universal. Una fuente de placer e inspiración para cualquiera que se haya preguntado alguna vez: ¿cómo he llegado hasta aquí y qué pasa ahora?» *The New York Times Book Review* «Advertencia: enviarás por WhatsApp docenas de citas de este libro a tus amigos.» *The Independent* «Una elegante obra maestra. Irónico a la vez que cálido y generoso.» Roxane Gay «Inteligente y conmovedor, pone el acento en la complicada relación que todos tenemos con el amor.» Annabel Gutterman (*Time*)

Land of the Cranes (Scholastic Gold) Aida Salazar, 2020-09-15 From the prolific author of *The Moon Within* comes the heart-wrenchingly beautiful story in verse of a young Latinx girl who learns to hold on to hope and love even in the darkest of places: a family detention center for migrants and refugees. Nine-year-old Betita knows she is a crane. Papi has told her the story, even before her family fled to Los Angeles to seek refuge from cartel wars in Mexico. The Aztecs came from a place called Aztlan, what is now the Southwest US, called the land of the cranes. They left Aztlan to establish their great city in the center of the universe-Tenochtitlan, modern-day Mexico City. It was prophesized that their people would one day return to live among the cranes in their promised land. Papi tells Betita that they are cranes that have come home. Then one day, Betita's beloved father is arrested by Immigration Customs Enforcement (ICE) and deported to Mexico. Betita and her pregnant mother are left behind on their own, but soon they too are detained and must learn to survive in a family detention camp outside of Los Angeles. Even in cruel and inhumane conditions, Betita finds heart in her own poetry and in the community she and her mother find in the camp. The voices of her fellow asylum seekers fly

above the hatred keeping them caged, but each day threatens to tear them down lower than they ever thought they could be. Will Betita and her family ever be whole again?

The Blue Roan Child Jamieson Findlay,2011-04-20 An epic adventure of love, trust, magic, and a very special friendship between a brave young girl and a remarkable horse. Syeira lives in Haysele, a land of horses and horse-sensitives. Fate pairs her with the wild mare Arwin when Arwin's two colts are taken from her, and Syeira decides to help Arwin rescue the colts. Their mission proves harder than they imagined, for the fearsome Lord Ran has taken the colts far away to Thruckport, his fortified city by the sea. But despite his power, Lord Ran's empire is less secure than he thinks. Rebel forces are gathering against him, and a few brave souls are ready to risk their lives to help Syeira and Arwin. Even so, it will take all their courage to save the colts. Like Philip Pullman's His Dark Materials trilogy and J.K. Rowling's Harry Potter series, Jamieson Findlay's The Blue Roan Child is an enchanting story for readers young and old.
