The Power of the Buddhas sem Versmeersch,2020-03-17 Buddhism in medieval Korea is characterized as "State Protection Buddhism," a religion whose primary purpose was to rally support (supernatural and popular) for and legitimate the state. In this view, the state used Buddhism to engender compliance with its goals. A closer look, however, reveals that Buddhism was a canvas on which people projected many religious and secular concerns and desires. This study is an attempt to specify Buddhism's place in Koryo and to ascertain to what extent and in what areas Buddhism functioned as a state religion. Was state support the main reason for Buddhism's dominance in Koryo? How actively did the state seek to promote religious ideals? What was the strength of Buddhism as an institution and the nature of its relationship to the state? What role did Confucianism, the other state ideology, play in Koryo? This study argues that Buddhism provided most of the symbols and rituals, and some of the beliefs, that constructed an aura of legitimacy, but that there was no single ideological system underlying the Koryo dynasty's legitimating strategies.

Kodae Sosol W. E. Skillend,2013-11-26 First Published in 2004. This work is concerned with kodae sos?l, particularly with investigating what kodae sos?l exist or have existed in texts in Korean in a traditional style. One aim of this catalogue of titles is to make it more widely known what there is to be read. It is hoped that those who can read them will do so, and perhaps even agree that they ought to be made easier, by reprinting, annotation or translation, for others to read.

In South Korea, a 105-year-old woman receives a letter. Ten days later, she has been thrust into the afterlife, fighting to head off a curse that will otherwise devastate generations to come. Hak Jeonga has always shouldered the burden of upholding the family name. When she sent her daughter-in-law to America to cover up an illegitimate birth, she was simply doing what was needed to preserve the

reputations of her loved ones. How could she have known that decades later, this decision would return to haunt her—threatening to tear apart her bond with her beloved son, her relationship with her infuriatingly insolent sisters, and the future of the family she has worked so hard to protect? Part ghost story and part family epic, *The Apology* is an incisive tale of sisterhood and diaspora, reaching back to the days of Japanese colonialism and the Korean War, and told through the singular voice of a defiant, funny, and unforgettable centenarian.

Hanyang Kut Maria K. Seo, 2019-08-21 This volume, first published in 2002, presents a sophisticated analysis of the musical instruments, repertoires, musicians and ensembles, and symbolism of the ritual music of Shamans of Seoul, Korea. Placed firmly in a social and historical context, it shows that Shamanism, considered superstition by many today, is alive and well in Seoul in a rich tradition reaching back to the Chosŏn Dynasty (1392-1910), the capital of which was Hanyang (now Seoul). The instruments, dress and other accoutrements of courtly life from the Chosŏn Dynasty have been taken up, although transformed, in contemporary rituals among spirit-possessed Shamans. Through a comparison of Hanyang kut – the rituals of the Hanyang Shamans – and the ritual practice of Inner Asian Shamans, and through an analysis of the relations of spirit-possession music rituals to musok, the indigenous religion of Korea, Seo sheds light on the role of music, spiritual practice and culture in present-day Korea.

Encyclopedia of Monasticism William M. Johnston, 2013-12-04 The two-volume *Encyclopedia of Monasticism* describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places, surveys of countries and localities, and topical essays covering a wide range of issues (e.g., art, behavior, economics, liturgy, politics, theology, and scholarship). Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life. Recent upheavals in certain countries are highlighted (Korea, Russia, Sri Lanka, etc.). Topical essays subtitled *Christian Perspectives* and *Buddhist Perspectives* explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism. *Encyclopedia of Monasticism* also includes more than 500 color and black and white illustrations covering all aspects of monastic life, art, and architecture.

Origins of North Korea's Juche Jae-Jung Suh, 2012-12-07 This book argues that North Korea has outlived forecasts of its collapse because of Juche—a
