Ark Storm Linda Davies,2014-08-19 When a catastrophic weather event threatens California with massive floods, meteorologist Gwen Boudain pursues a technological solution to prevent natural damage, an unethical corporate scheme and a jihadist plot. By the award-winning author of Nest of Vipers.

**Category 7** Bill Evans,Marianna Jameson,2007-07-10 A Category 4 hurricane, with winds of up to 155 miles per hour, tears roofs off buildings, smashes windows and doors, and can send floodwaters up to the second floor. Evacuation is suggested for up to six miles inland. Hurricane Katrina was a Category 4 when she made landfall. Hurricane Simone is a Category 7—the biggest, strongest storm in recorded history. When she hits New York City, skyscrapers will fall. Subways and tunnels will flood. Lower Manhattan and much of Queens and Brooklyn will disappear under more than thirty feet of water. All along the Eastern Seaboard, towns and cities are being evacuated as wind-driven rain lashes the coast and storm surges crash through seawalls. Roads are packed with fleeing motorists whose cars are jammed with every personal possession that can be crammed in, plus family members, friends, and beloved pets. A huge natural disaster is brewing in the Atlantic. Except that Simone isn't natural. She's the product of rogue weather science being wielded by billionaire Carter Thompson as part of a personal vendetta against US President Winslow Benson. Once Carter wanted to bring rain to the desert and feed the starving peoples of the planet. Now he wants to show Benson—and the rest of the world—just how powerful wind and water can be. If technology created Simone, perhaps technology can stop her. It's up to Kate Sherman, once a member of Carter's weather team; and Jake Baxter, a weatherman for the CIA, to try, using a secret US Navy weapon. The catch? It has to be deployed inside the hurricane. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Poem Found was written in response to the levee breaches caused by Hurricane Katrina.

Storm Surge Ramsey Coutta,2016-01-18 A parish minister is callously murdered by corrupt local authorities. A generation later, his son finds himself unexpectedly caught up in the murderous paranoia of one of his father's killers. Daniel Trahan and his friend Rachel Breland, race against time to avoid the evil designs of the killer, as a deadly hurricane bears down on their southern Louisiana parish. Murder in the Marsh is a fast paced story of murder and it's cover-up, as well as a realistic account of the terrible destruction wrought by Hurricane Katrina on a small, coastal Louisiana town.

**Storm** George R. Stewart,1974-09-12 Sweeping across the Pacific, a devastating storm wreaks havoc on San Francisco and the California coast and then moves relentlessly toward the Sierra Nevada, burying mountain passes and railroad tracks under tons of snow. First published in 1941, Storm presaged trends in literature and ecology that would appear decades later; an engrossing novel constructed by a master storyteller, it delineates an intricate web of humanity, wildlife, and landscape, all interacting in a drama that includes the weather itself in its cast of characters. Book jacket.

This is the story of a storm, but also the storm stories that resulted.--Cover.

*Blizzard!! the Great White Hurricane* Timothy Minnich,2019-12-30 THE BLIZZARD OF 1888, legendary in the annals of American weather history, was among the most ferocious winter storms ever to pound the Northeast. Many hundreds of people perished on land and sea during its three-day reign of terror, including some 200 in New York City alone - ground-zero for this storm. In his debut novel, Tim Minnich paints a vibrant New York City landscape in the weeks leading up to what has been coined The Great White Hurricane. Bound to fascinate weather enthusiasts, history buffs, and general readers alike, Minnich captures the suspense which culminates in this awesome display of nature, all while vividly depicting life in late Nineteenth Century Manhattan.On Sunday evening March 11th, the denizens of this great metropolis go to sleep completely unaware they'd be awakening to a howling blizzard. All except for young William Roebling, a brilliant meteorologist recently transferred to the New York Office of the US Army's fledgling Signal Service Corps - the agency responsible for the nation's first weather forecasts. Will has painstakingly developed an ingenious system allowing him to predict this historic event days in advance, but his unconvinced Commanding Officer, for political reasons, orders his silence. A conflicted Will feels he must alert his loved ones, and does - only to find himself in a battle for his life at the height of the storm.Minnich deftly combines the drama and excitement of the blizzard with its profound impact on those unfortunate enough to have been caught in its path, simultaneously weaving an engaging tale of true love, faith, and the indomitable human spirit.

Dramatic, powerful and bursting with adventure, Storm is an un-putdown-able thriller.

JAMES GILMOUR OF MONGOLIA Richard Lovett, M.A.,2017-02-10 James Gilmour was an extraordinary man with an extraordinary call. Gilmour traveled from England into inland China to study Chinese and Mongolian, and then he trekked thousands of miles into the icy Mongolian Plateau, to lay down his life for the people there! At the beginning, ...the news of the Tientsin massacre reached Peking. A Roman Catholic convent had been destroyed and thirteen French ministers killed. Very great uncertainty prevailed as to whether this indicated a further purpose of attacking all missions and all foreigners, and for a while things looked very dark...When others were wondering whether they might not have to retreat, he, alone, in almost total ignorance of the language, entirely unfamiliar with the country, went up to the great Mongolian plain, and entered upon the service so close to his heart- ... to win the Mongol people for Christ! Discover for yourself the power of the gospel to change a people, mold a nation and bring them to the threshold of their God-ordained destiny!
