Tilo's Troops- Handiwork of a Primatologist in Vietnam Murali Pai,2018-12-01 In 1993, Tilo Nadler, an ageing German welder turned air-conditioning engineer, photographer, filmmaker and self-made biologist arrived in Vietnam for training foresters in Cuc Phuong National Park to secure the Park from poachers, hunters and vandals. Within two months, he is tasked with the care of two confiscated sub adult male Delacour's langurs, a rare, endemic and critically endangered primate species. This book narrates Tilo's story to start-up a world class rehabilitation centre for endangered primates against all odds in Vietnam. This book celebrates two possibilities. First, endangered primates are given a new lease of life at Endangered Primates Rescue Centre (EPRC) after their rescue from sordid conditions and joined-up with other survivors in captivity before their final release into appropriate habitat to establish troops. Second, the raising of troops or foot soldiers groomed by Tilo in the art and science of primate rehabilitation. Tilo's abiding passion is to make both his troops gain a foothold in Vietnam.

Stormy Weather Natalie Brown Rudd,2015-02-23 Storm clouds looming above? Feeling overwhelmed by the crisis you are experiencing? Where can we turn for help when dark storm clouds are hovering above, threatening to turn our world upside down? Do we retreat and hide from the

world? Or is there another option? Stormy Weather suggests that we retreat to the word of God where we are assured that God is our refuge and a present help in times of troubles. Stormy Weather is a guide to help you weather the storms of life. Whether it is a storm threatening your finances, your marriage, your job, health, or your relationships; no matter what kind of storm you are facing, Stormy Weather will help you to embrace the crisis and rise above the threatening waves that are trying to overtake you. Whether you are in a storm or fresh out of one, you will be reminded that God promises to be with us through it all. “Stormy Weather has become a part of my morning worship. Although it sounds strange to imply that the storms of life are welcomed—as Rudd compellingly reveals—the truth is that they’re necessary and guaranteed, so I am learning to embrace by faith. I love the combination of personal testimony, Scripture, songs, and powerful declarative statements captured in this guidebook. This is an inspiring testimony of the power of revealing vulnerability and an excellent tool for ushering in the spirit of the Lord.” —Danielle Price, Teach Director, Antioch Baptist Church

Narrating the Storm Kristen Barber, Danielle A. Hidalgo, 2009-03-26 For those interested in learning more about the personal impact of Hurricane Katrina and its aftermath, *Narrating the Storm* serves as an essential read. This important and timeless volume is a compilation of sixteen narratives that address the experiences of Gulf Coast residents, faculty, and graduate students who were caught up in the largest (not so) natural disaster in United States history. Each contributor deploys storytelling sociology as a methodological approach in order to illustrate how “personal” experiences with disaster are not so personal, but rather reflect and are informed by larger social phenomena related to issues including race, class, gender, age, bureaucracy, risk, collective memory, the blasé, and more. The narratives in this volume exemplify how inequality and injustice are unveiled, exacerbated, and created by the occurrence of disaster; and reveal the sociological in everyday and

not-so-everyday experiences.

Then a stranger arrives and tells the twins that Simon is a Storm Maker -- part of a clandestine group of people entrusted with controlling and taming the weather -- and that he is in great danger. Soon Simon and Ruby must race against the clock as they try to master Simon's powers in time to stop a rogue Storm Maker's treacherous -- and potentially deadly -- plans.
