Dancing Hands Margarita Engle,2019-08-27 Winner of the Pura Belpré Illustrator Award A Kirkus Reviews Best Picture Book In soaring words and stunning illustrations, Margarita Engle and Rafael López tell the story of Teresa Carreño, a child prodigy who played piano for Abraham Lincoln. As a little girl, Teresa Carreño loved to let her hands dance across the beautiful keys of the piano. If she felt sad, music cheered her up, and when she was happy, the piano helped her share that joy. Soon she was writing her own songs and performing in grand cathedrals. Then a revolution in Venezuela forced her family to flee to the United States. Teresa felt lonely in this unfamiliar place, where few of the people she met spoke Spanish. Worst of all, there was fighting in her new home, too—the Civil War. Still, Teresa kept playing, and soon she grew famous as the talented Piano Girl who could play anything from a folk song to a sonata. So famous, in fact, that President Abraham Lincoln wanted her to play at the White House! Yet with the country torn apart by war, could Teresa’s music bring comfort to those who needed it most?

Death in Her Hands Ottessa Moshfegh,2021-06-22 Named a Most Anticipated Book of 2020 by: The Washington Post, Vogue, Marie Claire, Entertainment Weekly, The Millions, New York Magazine, Paste Magazine, LitHub, E! News Online, and many more From one of our most ceaselessly provocative literary talents, a novel of haunting metaphysical suspense about an elderly widow whose life is upturned when she finds an ominous note on a walk in the woods. While on her daily walk with her dog in a secluded woods, a woman comes across a note, handwritten and carefully pinned to the ground by stones. Her name was Magda. Nobody will ever know who killed her. It wasn't me. Here is her dead body. But there is no dead body. Our narrator is deeply shaken; she has no idea what to make of this. She is new to this area, alone after the death of her husband, and she knows no one. Becoming obsessed with solving this mystery, our narrator imagines who Magda was and how she met her fate. With very little to go on, she invents a list of murder suspects and possible motives for the crime. Oddly, her suppositions begin to find correspondences in the real world, and with mounting excitement and dread, the fog of mystery starts to fade into menacing certainty. As her investigation widens, strange dissonances accrue, perhaps associated with the darkness in her own past; we must face the prospect that there is either an innocent explanation for all this or a much more sinister one. A triumphant blend of horror, suspense, and pitch-black comedy, *Death in Her Hands* asks us to consider how the stories we tell ourselves both reflect the truth and keep us blind to it. Once again, we are in the hands of a narrator whose unreliability is well earned, and the stakes have never been higher.

My Grandmother's Hands Resmaa Menakem,2017-08-21 A NATIONAL BESTSELLER My Grandmother's Hands will change the direction of the movement for racial justice.— Robin DiAngelo, New York Times bestselling author of *White Fragility* In this groundbreaking book, therapist Resmaa Menakem examines the damage caused by racism in America from the perspective of trauma and body-centered psychology. The body is where our instincts reside and where we fight, flee, or freeze, and it endures the trauma inflicted by the ills that plague society. Menakem argues this destruction will continue until Americans learn to heal the generational anguish of white supremacy, which is deeply embedded in all our bodies. Our collective agony doesn't just affect African Americans. White Americans suffer their own secondary trauma as well. So do blue Americans—our police. My Grandmother's Hands is a call to action for all of us to recognize that racism is not only about the head, but about the body, and introduces an alternative view of what we can do to grow beyond our entrenched racialized divide. Paves the way for a new, body-centered understanding of white supremacy—how it is literally in our blood and our nervous system. Offers a step-by-step healing process based on the latest neuroscience and somatic healing methods, in addition to incisive social commentary. Resmaa Menakem, MSW, LICSW, is a therapist with decades of experience currently in private practice in Minneapolis, MN, specializing in trauma, body-centered psychotherapy, and violence prevention. He has appeared on the Oprah Winfrey Show and Dr. Phil as an expert on conflict and violence. Menakem has studied with bestselling authors Dr. David Schnarch (*Passionate Marriage*) and Dr. Bessel van der Kolk (*The Body Keeps the Score*). He also trained at Peter Levine's Somatic Experiencing Trauma Institute.

Ironically, that knowledge is often difficult to express. Typically you can't say what you know. Still, it would be enormously useful to identify the knowledge underlying manual control. The design of equipment and transportation systems might better anticipate the abilities and limitations of users, and methods of teaching and rehabilitating skills might improve. This book, the first on the cognitive psychology of manual control, uncovers the hidden knowledge that hands express. Organized around key topics in this emerging area, including the role of the will in manual control, illusions concerning hand position sense, and the coordination of manual actions with others, Knowing Hands explains the planning and control of manual actions in everyday life.
